2. SOCIO-ECONOMIC INDICATORS	5
3. FINANCIAL INDICATORS.....	64
4. REVENUE/EXPENDITURE ANALYSIS	120
5. SELECT USER FEES & REVENUE INFORMATION	239
6. TAX POLICIES.....	278
7. COMPARISON OF RELATIVE TAXES	288
8. COMPARISON OF WATER/SEWER COSTS	393
9. AVERAGE MUNICIPAL BURDEN AS A % OF INCOME	466
10. ECONOMIC DEVELOPMENT PROGRAMS	481

Executive Summary

Executive Summary – Town of Ingersoll

Socio-Economic Factors

Socio-economic indicators describe and quantify a municipality's wealth and economic conditions and provide insight into a municipality's collective ability to generate revenue relative to the municipality's demand for public services. An evaluation of socio-economic factors contributes to the development of sound financial policies. An examination of local economic and demographic characteristics can identify the following situations:

- Changes in the tax base as measured by population, property value, employment, or business activity
- A need to shift public service priorities because of demographic changes in the municipality
- A need to shift public policies because of changes in economic conditions

Socio-Economic Factors	Ingersoll	Total Survey Average	Southwest
2025 Population Density per sq. km.	1,191	573	481
2016-2021 Population Increase %	7.3%	5.8%	2.7%
2024 Building Construction Value per Capita	\$ 3,185	\$ 4,330	\$ 4,646
2025 Estimated Average Household Income	\$ 111,067	\$ 127,959	\$ 116,438
2025 Weighted Median Value of Dwelling	\$ 224,424	\$ 364,259	\$ 262,745
2025 Unweighted Assessment per Capita	\$ 100,964	\$ 168,920	\$ 153,794
2025 Weighted Assessment per Capita	\$ 127,648	\$ 168,431	\$ 134,110

Financial Indicators

The Municipal Financial Indicators section of the report includes a number of measures such as the financial position, operating surplus, asset composition ratio, reserves, debt and taxes receivables.

Key financial indicators have been included to help evaluate each municipality's existing financial condition and to identify future challenges and opportunities. A number of industry recognized indicators that are used by credit rating agencies and/or recommended by Government Finance Officers' Association (GFOA) and the Ministry of Municipal Affairs and Housing have been included. Indicators related to **Sustainability**, **Flexibility** and **Vulnerability** have been included. It should be noted that Water and Wastewater indicators have also been included in the Water/Wastewater section of the report.

The tables on the following page provide highlights from this section of the report.

Sustainability

The ability to provide and maintain service and infrastructure levels without resorting to unplanned increases in rates or cuts to services.

2024 Sustainability Indicators	Ingersoll	Total Survey Average
Financial Position per Capita	\$ 762	\$ 1,013
Tax Asset Consumption Ratio	42.8%	44.1%
Net Financial Liabilities Ratio	(0.5)	(0.6)

Vulnerability

Addresses a municipality's vulnerability to external sources of funding that it cannot control and its exposure to risks.

2024 Vulnerability Indicators	Ingersoll	Total Survey Average
<u>Reserves</u>		
Tax Reserves (less WWW) as % of Taxation	140.6%	98.1%
Tax Reserves as % of Own Source Revenues	115.9%	70.2%
Tax Reserves / Capita	\$ 1,689	\$ 1,093
<u>Debt</u>		
Total Debt Charges (less WWW) as % of Own Source Revenue	1.4%	3.1%
Total Debt Outstanding / Capita	\$ 62	\$ 686
Total Debt Outstanding (less WWW) / Capita	\$ 62	\$ 502
Debt Outstanding per Own Source Revenue	4.2%	32.5%
Debt to Reserve Ratio	0.0	0.5

Flexibility

The ability to issue debt responsibly without impacting the credit rating. Also, the ability to generate required revenues.

2024 Flexibility Indicators	Ingersoll	Total Survey Average
Taxes Receivable as % of Taxes Levied	3.5%	7.6%
Rates Coverage Ratio	117.3%	95.9%

Analysis of Net Municipal Levy per Capita and per Assessment

In order to better understand the relative tax position for a municipality, another measure that has been included in the study is a comparison of net municipal levies on a per capita and per \$100,000 basis. This measure indicates the total net municipal levy needed to provide services to the municipality. This analysis does not indicate value for money or the effectiveness in meeting community objectives. Net municipal expenditures per capita may vary as a result of:

- Different service levels
- Variations in the types of services
- Different methods of providing services
- Different residential/non-residential assessment composition
- Varying demand for services
- Locational factors
- Demographic differences
- Socio-economic differences
- Urban/rural composition differences
- User fees policies
- Age of infrastructure
- What is being collected from rates as opposed to property taxes

As such, this analysis is not an “apples to apples” comparison of services, but rather has been included to provide insight into the net cost of providing municipal services within each municipality. Further analysis would be required to determine the cause of the differences across each spending envelope and within each municipality. This analysis was completed using the most current information available – net municipal levies as per the 2025 municipal levy by-laws and the 2025 estimated populations.

2025	Ingersoll	Total Survey Average	Southwest
Net Municipal Levy per Capita	\$ 1,904	\$ 1,971	\$ 1,812
Net Municipal Levy per \$100,000 Unweighted CVA	\$ 1,885	\$ 1,321	\$ 1,366

User Fees

A number of user fees have been included in the Study including the following:

2025 Fees	Ingersoll	Total Survey Average	Southwest
Development Charges - Single Detached	\$ 38,439	\$ 62,958	\$ 32,581
Residential Building Permit Fee	\$ 2,562	\$ 2,774	\$ 2,543

Comparison of Tax Ratios

Tax ratios reflect how a property class tax rate compares to the residential rate. Changes in tax ratios affect the relative tax burden between classes of properties. Tax ratios can be used to prevent large shifts of the tax burden caused by relative changes in assessment among property classes as well as to lower the tax rates on a particular class or classes.

2025 Tax Ratios	Ingersoll	Total Survey Average
Multi-Residential	2.0000	1.6695
Commercial (Residual)	1.9018	1.6588
Industrial (Residual)	2.6300	2.1016

Taxes and Comparison of Relative Taxes

The purpose of this section of the report is to undertake “like” property comparisons across each municipality and across various property types. In total there are 12 property types in the residential, multi-residential, commercial and industrial classes. There are many reasons for differences in relative tax burdens across municipalities and across property classes including, but not limited to:

- Differences in values of like properties
- Differences in the tax ratios and the use of optional classes
- Non-uniform education tax rates in the non-residential classes
- Level of service provided and the associated costs
- Extent to which a municipality employs user fees
- Access to other sources of revenues such as dividends from hydro utilities and casino revenues

2025 Property Taxes	Ingersoll	Total Survey Average	Southwest
Detached Bungalow	\$ 3,575	\$ 4,155	\$ 3,684
2 Storey Home	\$ 4,756	\$ 5,478	\$ 5,051
Senior Executive Home	\$ 6,484	\$ 7,675	\$ 6,992
Walk Up Apartment (per Unit)	\$ 2,006	\$ 1,620	\$ 1,579
Mid/High Rise (per Unit)	\$ 1,876	\$ 2,159	\$ 2,106
Neigh. Shopping (per sq. ft.)	\$ 3.95	\$ 4.13	\$ 3.61
Office Building (per sq. ft.)	N/A	\$ 3.40	\$ 2.95
Hotels (per Suite)	\$ 2,097	\$ 1,811	\$ 1,488
Motels (per Suite)	N/A	\$ 1,361	\$ 1,199
Industrial Standard (per sq. ft.)	\$ 2.61	\$ 1.75	\$ 1.37
Industrial Large (per sq. ft.)	\$ 1.15	\$ 1.23	\$ 0.87
Industrial Vacant Land (per Acre)	\$ 2,584	\$ 5,524	\$ 1,818

Comparison of Water and Sewer User Costs

A comparison was made of water/sewer costs in each municipality. The following table summarizes the costs in the municipality for water and sewer on typical annual consumption against the overall survey average.

2025 Water/Sewer Cost of Service	Ingersoll	Total Survey Average	Southwest
Residential - 200 m ³	\$ 1,325	\$ 1,469	\$ 1,438
Commercial - 10,000 m ³	\$ 28,122	\$ 47,617	\$ 44,419
Industrial - 30,000 m ³	\$ 82,359	\$ 137,762	\$ 118,752
Industrial - 100,000 m ³	\$ 250,150	\$ 450,999	\$ 392,148
Industrial - 500,000 m ³	\$ 1,200,193	\$ 2,220,813	\$ 1,830,667

2025 Property Taxes and Water/Wastewater Costs as a % of Income

This section of the report provides a comparison of the availability of gross household income to fund municipal services on a typical household. This provides a measure of affordability within each community.

2025 Affordability Indicators	Ingersoll	Total Survey Average	Southwest
Property Taxes as a % of Household Income	3.3%	3.8%	3.5%
Water/Sewer + Taxes as a % of Household Income	4.5%	5.0%	4.8%

Economic Development Programs

A summary was completed of programs that municipalities have implemented to promote economic development in the areas of retention and expansion and downtown development.

SECTION 1: Introduction

Since 2000, BMA Management Consulting Inc. has annually completed a municipal comparative study on behalf of participating Ontario municipalities. The Executive Summary provides an overview of the analysis contained in the comprehensive report.

The study identifies both key quantifiable indicators and selective environmental factors that should be considered as part of a comprehensive evaluation of a local municipality's financial condition. Use of the study over a number of years provides trends to allow decision makers to monitor selected indicators over time. Trend analysis helps to provide interpretative context. In addition, context can be provided by comparing a municipality's own experience with the experience of other municipalities.

128 Ontario municipalities, representing approximately 88.9% of the population

<i>Populations</i>	<i>Number of Municipalities</i>
100,000 or greater	31
30,000 - 99,999	29
15,000 - 29,999	31
0 - 14,999	37
Total	128

The analysis was completed using the most recent information available as provided by the participating municipalities including:

- 2025 Current Value Assessment
- 2025 Tax Policies
- 2025 Levy By-laws
- 2025 Development Charges
- 2025 Water/Sewer Rates
- 2024 FIRs
- 2025 User Fees
- Economic Development Programs

2025 Municipalities included in the Study

The following provides a summary of the municipalities participating by population range:

<i>Populations 15,000 or less</i>	<i>Populations 15,000 –29,999</i>	<i>Populations 30,000 –99,999</i>	<i>Populations >100,000</i>
Aylmer	Amherstburg	Aurora	Ajax
Brock	Bracebridge	Belleville	Barrie
Chatsworth	Brockville	Brant	Brampton
Dryden	Central Elgin	Caledon	Brantford
Elliot Lake	Collingwood	Centre Wellington	Burlington
Erin	Essex	Cornwall	Cambridge
Espanola	Guelph-Eramosa	East Gwillimbury	Chatham-Kent
Georgian Bluffs	Huntsville	Fort Erie	Clarington
Gravenhurst	Ingersoll	Georgina	Greater Sudbury
Greenstone	Kenora	Grimsby	Guelph
Grey Highlands	Lincoln	Haldimand	Hamilton
Hamilton Tp	Middlesex Centre	Halton Hills	Kingston
Hanover	Niagara-on-the-Lake	Innisfil	Kitchener
Kincardine	North Grenville	King	London
Lambton Shores	North Perth	Lakeshore	Markham
Laurentian Valley	Owen Sound	New Tecumseth	Milton
Mapleton	Pelham	Norfolk	Mississauga
Meaford	Petawawa	North Bay	Newmarket
Minto	Port Colborne	Orangeville	Niagara Falls
North Dumfries	Port Hope	Orillia	Oakville
North Middlesex	Prince Edward County	Peterborough	Oshawa
Parry Sound	Saugeen Shores	Quinte West	Ottawa
Penetanguishene	Scugog	Sarnia	Pickering
Puslinch	Springwater	Sault Ste. Marie	Richmond Hill
Ramara	Strathroy-Caradoc	St. Thomas	St. Catharines
Renfrew	Thames Centre	Stratford	Thunder Bay
South Bruce Peninsula	Thorold	Timmins	Toronto
Southgate	Tillsonburg	Welland	Vaughan
Tay	West Lincoln	Whitchurch-Stouffville	Waterloo
The Blue Mountains	Wilmot	Muskoka District	Whitby
Tiny	Woolwich	Bruce County	Windsor
Wainfleet		Dufferin County	Durham Region
Wellesley		Elgin County	Halton Region
Wellington North		Middlesex County	Peel Region
West Grey		Perth County	Niagara Region
West Perth			York Region
Whitewater Region			Waterloo Region
			Essex County
			Grey County
			Oxford County

SECTION 2: Socio-Economic Indicators

A complete assessment of a municipality's financial condition should include consideration of socio-economic factors. Socio-economic indicators describe and quantify a municipality's wealth and economic conditions and provide insight into a municipality's ability to generate revenue relative to the municipality's demand for public services. An evaluation of socio-economic indicators contributes to the development of sound financial policies.

Land Density

Population density indicates the number of residents living in an area (usually measured by square kilometre). Analysis of density can provide insight into the age of a city, growth patterns, zoning practices and new development opportunities. High population density can indicate whether a municipality may be reaching build-out, as well as service and infrastructure needs, such as additional public transit or street routes. The following graph provides a summary of average population density per square kilometre by geographic location.

Population Growth

The following graph shows the change in population from 2011-2016 and from 2016-2021. As shown in the graph, the Simcoe/Muskoka/Dufferin municipalities experienced the largest population percentage growth during 2016 to 2021. Northern municipalities experienced the lowest percentage of population growth.

Household Income

Household income is one measure of a community's ability to pay. While a higher relative household income is a positive indicator of the overall local economy, it may lead to a greater expectation for quality programs and additional challenges in balancing desired levels of service with a willingness to pay for programs and services. The average household income varies by geographic location. The average household income in Northern municipalities was \$101,802 compared with \$157,568 in the GTHA.

Assessment per Capita

Property assessment is the basis upon which municipalities raise taxes. A strong assessment base is critical to a municipality's ability to generate revenues. Assessment per capita statistics have been compared to provide an indication of the "richness" of the assessment base in each municipality. Unweighted assessment provides the actual current value assessment of the properties. Weighted assessment reflects the basis upon which property taxes are levied, after applying the tax ratios to the various property classes to the unweighted assessment. The average assessment per capita is highest in the GTHA and lowest in Northern municipalities.

Assessment Change

Assessment growth provides an indication of how the bases upon which taxes are levied is changing over time. From 2024—2025, the assessment increased by 1.8% on average across 128 Ontario municipalities. The Waterloo geographic area experienced the largest increase at 2.6%.

Municipalities Grouped by Location	Assessment Change (%)			
	2021-2022	2022-2023	2023-2024	2024-2025
North	0.5%	0.8%	0.7%	1.4%
Eastern	1.3%	2.1%	1.6%	1.5%
GTHA	1.9%	1.5%	1.8%	1.6%
Southwest	2.3%	1.8%	2.1%	1.7%
Simcoe/Musk./Duff.	1.8%	1.9%	2.2%	1.8%
Niagara	1.9%	2.1%	2.1%	1.9%
Bruce/Grey	1.6%	1.8%	2.1%	2.0%
Waterloo/Wellington	1.6%	1.9%	2.1%	2.6%

Residential Properties

Residential properties were broken down by property type to provide an indication of the housing mix in each municipality. The following graph reflects the average assessed values for residential properties by geographic location.

Construction Activity

The three-year average of building construction value per capita were analyzed to provide a measure of relative building activity in each municipality and across the geographic locations. The following reflects the results from 2022-2024.

SECTION 3: Municipal Financial Sustainability Indicators

Financial Position per Capita

The **Financial Indicators** section of the report includes a number of indicators to assist municipalities in evaluating financial condition. A municipality's financial position is defined as the total fund balances including equity in business government enterprises less the amount to be recovered in future years associated with long-term liabilities. A comparison was made of each municipality's overall financial position (assets less liabilities). There is a significant range in municipal financial position per capita across Ontario from a low of negative (\$3,391) to a high of \$6,216 per capita. The following graph provides the percentage of municipalities that fall within each range.

Asset Consumption Ratio

The asset consumption ratio reflects the written down value of the tangible capital assets in relation to the historical costs of the assets. This ratio seeks to highlight the aged condition of the assets and the potential asset replacement needs. A higher ratio may indicate significant replacement needs. However, if assets are renewed and replaced in accordance with an asset management plan a high ratio should not be a cause for concern. The following graphs reflect the ratio ranges across the survey for tax, water and wastewater assets.

Reserves

Reserves are a critical component of a municipality's long-term financing plan. The following graphs provide the range of reserves as a percentage of own source revenues for tax supported services, water and wastewater. The level of reserves required will vary for a number of reasons including:

- Services provided by the municipality
- Age and condition of infrastructure, inventory of fleet and vehicles supporting municipal operations
- Level of expenditures
- Internal debt and reserve policies
- Targets, ranges established on a reserve-by-reserve basis
- Economic conditions and projections

Debt Indicators

Debt indicators can reveal increasing reliance on debt, decreasing flexibility, sudden large increases or decreases in future debt service and the amount of debt that a community can absorb. The following graphs summarize the debt interest ratio for tax, water and wastewater to provide an understanding of the percentage of municipalities within various ranges of the debt interest ratio. This ratio indicates the extent to which a municipality's operating revenues are committed to interest expenses.

Taxes Receivable as a % of Taxes Levied

Every year, a percentage of property owners is unable to pay property taxes. If this percentage increases over time, it may indicate an overall decline in the municipality's economic health. Additionally, as uncollected property taxes rise, liquidity decreases. If the percentage of uncollected property taxes increases, over time, it may indicate an overall decline in the municipality's economic health. The following graph provides a summary of the 2024 taxes receivable as a percentage of taxes levied in each of the geographic areas.

SECTION 4: Revenue & Expenditure Analysis

Net Municipal Levy per Capita and per \$100,000 of assessment

- Different service levels
- Variations in the types of services
- Different methods of providing services
- User fee policies
- Different assessment composition
- Varying demand for services
- Locational factors
- Demographic differences
- Socio-economic differences
- Urban/rural composition differences

An analysis of levy per capita and per \$100,000 of assessment does not indicate value for money or the effectiveness in meeting community objectives. Municipal levies may vary as a result of:

SECTION 5: Select User Fees and Revenue Information

The **Select User Fee and Revenue Information** section of the report includes development charges, building permit fees, tipping fees and transit fares.

Development Charges

The recovery of costs by Ontario municipalities for capital infrastructure required to support new growth is governed by the Development Charges Act (1997) and supporting regulations. The following table summarizes the 2025 development charges. Note: some municipalities do not charge development charges.

2025 Development Charges	Residential	Multiples Dwelling 3+ bed. per unit	Apartment units ≥2 (per unit)	Apartment units < 2 (per unit)	Non-Residential Commercial (per sq.ft.)	Non-Residential Industrial (per sq.ft.)
North	\$ 13,535	\$ 8,815	\$ 7,794	\$ 7,794	\$ 7.90	\$ 8.78
Eastern	\$ 26,480	\$ 19,938	\$ 17,439	\$ 12,944	\$ 12.63	\$ 8.73
Bruce/Grey	\$ 29,597	\$ 21,321	\$ 17,769	\$ 16,543	\$ 11.97	\$ 9.05
Southwest	\$ 32,581	\$ 23,259	\$ 20,262	\$ 14,289	\$ 12.02	\$ 10.93
Niagara	\$ 60,412	\$ 44,400	\$ 41,122	\$ 27,153	\$ 33.11	\$ 17.16
Simcoe/Musk./Duff.	\$ 62,187	\$ 50,013	\$ 41,423	\$ 31,868	\$ 26.00	\$ 22.34
Waterloo/Wellington	\$ 62,603	\$ 47,261	\$ 37,918	\$ 31,867	\$ 24.49	\$ 17.34
GTHA	\$ 135,842	\$ 111,267	\$ 85,275	\$ 58,466	\$ 72.28	\$ 37.83

SECTION 6: Tax Policies

The relative tax burden in each class of property will be impacted by the type of tax policies implemented in each municipality. As such, an analysis of the 2025 tax policies that impact the relative tax position was completed. The following table summarizes the range of 2025 tax ratios across the survey.

2025 Tax Ratios	Average	Median	Min.	Max.
Multi-Residential	1.6695	1.7908	1.0000	2.0000
Commercial	1.6588	1.7025	1.0820	2.3906
Industrial	2.1016	2.0954	1.1000	3.8244

SECTION 7: Comparison of Relative Taxes

Like property comparisons were undertaken on 12 property types that were of most interest to the participating municipalities. In order to calculate the relative tax burden of “like” properties, every effort was made to hold constant those factors deemed to be most critical in determining a property’s assessed value. There are many reasons for differences in relative tax burdens across municipalities and across property classes. These include, but are not limited, to the following:

- The values of like properties vary significantly across municipalities
- The tax ratios in each class and the use of optional classes
- Non-uniform education tax rates in the non-residential classes
- Tax burdens across municipalities also vary based on the level of service provided and the associated costs of providing these services
- Extent to which a municipality employs user fees or has access to other sources of revenues such as dividends from hydro utilities, gaming & casino revenues

Residential Properties	Detached Bungalow	2 Storey	Senior Executive
Bruce/Grey	\$ 3,322	\$ 5,127	\$ 7,889
Eastern	\$ 3,671	\$ 4,912	\$ 7,034
GTHA	\$ 5,398	\$ 6,337	\$ 8,674
Niagara	\$ 4,672	\$ 6,175	\$ 8,357
North	\$ 3,745	\$ 5,749	\$ 7,822
Simcoe/Musk./Duff.	\$ 3,576	\$ 4,720	\$ 6,591
Southwest	\$ 3,684	\$ 5,051	\$ 6,992
Waterloo/Wellington	\$ 4,167	\$ 5,415	\$ 7,765
Survey Average	\$ 4,155	\$ 5,478	\$ 7,675
Survey Median	\$ 4,072	\$ 5,555	\$ 7,604

Industrial Properties	Standard per sq.ft.	Large per sq.ft.	Vacant Land per acre
Bruce/Grey	\$ 0.94	\$ 0.88	\$ 1,363
Eastern	\$ 1.60	\$ 1.25	\$ 3,270
GTHA	\$ 2.27	\$ 1.60	\$ 13,577
Niagara	\$ 2.21	\$ 1.10	\$ 6,223
North	\$ 2.08	\$ 1.10	\$ 4,163
Simcoe/Musk./Duff.	\$ 1.32	\$ 0.94	\$ 2,906
Southwest	\$ 1.37	\$ 0.87	\$ 1,818
Waterloo/Wellington	\$ 1.96	\$ 1.49	\$ 5,728
Survey Average	\$ 1.75	\$ 1.23	\$ 5,524
Survey Median	\$ 1.72	\$ 1.18	\$ 2,811

Multi-Residential Properties	Walk-Up per Unit	High-Rise per Unit
Bruce/Grey	\$ 876	\$ 1,620
Eastern	\$ 1,776	\$ 2,465
GTHA	\$ 1,821	\$ 2,087
Niagara	\$ 2,060	\$ 2,245
North	\$ 1,637	\$ 2,083
Simcoe/Musk./Duff.	\$ 1,124	\$ 1,639
Southwest	\$ 1,579	\$ 2,106
Waterloo/Wellington	\$ 1,834	\$ 2,567
Survey Average	\$ 1,620	\$ 2,159
Survey Median	\$ 1,614	\$ 2,205

Commercial Properties	Office per sq.ft.	Neigh. Shopping per sq.ft.	Hotel per suite	Motel per suite
Bruce/Grey	\$ 2.78	\$ 2.78	\$ 2,015	\$ 1,160
Eastern	\$ 3.47	\$ 4.40	\$ 2,094	\$ 1,474
GTHA	\$ 3.86	\$ 4.94	\$ 1,714	\$ 1,548
Niagara	\$ 3.39	\$ 4.79	\$ 2,252	\$ 1,333
North	\$ 3.59	\$ 3.88	\$ 1,584	\$ 1,352
Simcoe/Musk./Duff.	\$ 3.04	\$ 3.63	\$ 1,829	\$ 1,146
Southwest	\$ 2.95	\$ 3.61	\$ 1,488	\$ 1,199
Waterloo/Wellington	\$ 3.76	\$ 4.31	\$ 1,866	\$ 1,926
Survey Average	\$ 3.40	\$ 4.13	\$ 1,811	\$ 1,361
Survey Median	\$ 3.35	\$ 4.16	\$ 1,605	\$ 1,275

SECTION 8: Comparison of Water/Sewer Costs

The establishment of water and sewer rates is a municipal responsibility and the absence of standard procedures across Ontario has resulted in the evolution of a great variety of rate structure formats. There was considerable diversity across the survey in terms of the costs of water/sewer and how services are charged.

Volume Meter Size	Residential 200 m ³ 5/8"	Commercial 10,000 m ³ 2"	Industrial 30,000 m ³ 3"	Industrial 100,000 m ³ 4"	Industrial 500,000 m ³ 6"
Average	\$ 1,469	\$ 47,617	\$ 137,762	\$ 450,999	\$ 2,220,813
Median	\$ 1,353	\$ 45,867	\$ 135,013	\$ 439,209	\$ 2,190,404
Min	\$ 782	\$ 16,680	\$ 40,006	\$ 121,111	\$ 582,060
Max	\$ 3,379	\$ 108,936	\$ 318,360	\$ 1,029,912	\$ 5,066,112

SECTION 9: Property Taxes and Water/Wastewater as a % of Income

A comparison was made of relative property tax burdens and water/sewer costs on comparable properties against the median household incomes. The report also calculates the total municipal tax burden as a percentage of income available on an average household.

Total Municipal Burden as a % of Household Income	
GTHA	4.6%
Waterloo/Wellington	4.7%
Southwest	4.8%
Bruce/Grey	5.0%
Eastern	5.2%
Simcoe/Musk./Duff.	5.2%
North	5.2%
Niagara	5.6%

SECTION 10: Economic Development Programs

Business Retention & Expansion Programs

Downtown/Area Specific Programs

Introduction – Municipal Study 2025

Introduction

For the past twenty years, BMA Management Consulting Inc. has completed annually a municipal comparative study on behalf of participating Ontario municipalities. This report brings together a group of indicators to give an overall snapshot for each municipality. The analysis was completed using the most recent information available as provided by the participating municipalities including:

- 2025 current value assessment
- 2025 tax policies
- 2025 levy by-laws
- 2025 development charges
- 2025 water/sewer charges
- 2024 FIRs
- 2025 user fees
- Economic Development programs

To facilitate the analysis, given the significant volume of information included in the report, the information is also accessible through BMA's online password protected database. This provides the participating municipalities with the ability to select only those municipalities that are of interest and to focus on specific areas of interest. The database also provides the ability to analyze trends, with data available over a five-year period. The database can be accessed from the BMA website: www.bmaconsult.com. This information can be downloaded from the website into Microsoft Excel to allow municipalities the ability to track their progress over time and to focus their analysis on specific comparators which can be incorporated into reports and presentations.

Why Participate in a Study?

The municipal study identifies key financial and socio-economic indicators and factors that should be considered as part of a comprehensive evaluation of a municipality's financial condition. Use of the study over a number of years provides trends to allow decision makers to monitor selected indicators over time. A trend analysis is critical to truly understand and evaluate a municipality's financial condition and to provide early warning signals of potential or emerging financial problems. Additional context can come from comparing a municipality's own experience with the experience of other municipalities. While the study includes 128 municipalities, it is recommended that the users take advantage of the online database to focus on similar municipalities.

Many of the analytical techniques included in the report are consistent with approaches used by credit rating agencies and used by the International City/County Management Association (ICMA). The information contained in this report can help local municipalities analyze and interpret financial, economic and demographic trends.

It is anticipated that the consolidation of the financial and socio-economic indicators contained in the Municipal Study provides the following benefits:

- To provide an understanding of the unique characteristics of each municipality;
- To understand the relationship between various controllable and uncontrollable factors in addressing a municipality's competitive opportunities and challenges;
- To develop a database of material that can be updated in future years to assess progress and establish targets;
- To create awareness of the trends and the potential need to modify policies;
- To assist in aligning municipal decisions in property taxation with the other economic development programs and initiatives;
- To assist municipalities in developing a long-term strategy for property taxation to achieve municipal competitive objectives in targeted property classes, and
- To help identify opportunities for change to improve efficiency and/or effectiveness of the operations.

Socio-Economic Indicators

Socio-Economic Indicators

A complete assessment of local government's financial condition should include socio-economic factors. Socio-economic indicators describe and quantify a municipality's wealth and economic conditions and provide insight into a municipality's collective ability to generate revenue relative to the municipality's demand for public services. An examination of local economic and demographic characteristics can identify the following situations:

- A decline in the tax base as measured by population, property value, employment, or business activity
- A need to shift public service priorities because demographic changes in the municipality
- A need to shift public policies because of changes in economic conditions

An evaluation of socio-economic factors is important to the development of sound financial policies. The ***Socio-Economic Factors*** section of the report includes the following information to assist municipalities in understanding some basic facts about each municipality included in the study.

- ***Population Statistics (2011 – 2025)***
 - ***Note: Manifold Data Mining estimates for 2025 includes the undercount, normally 3-5% of population***
- ***Age Demographics***
- ***Average Household Income***
- ***Land Area and Density***
- ***Labour Statistics***
- ***Assessment per Capita***
- ***Change in Unweighted Assessment (2020 - 2025)***
- ***Assessment Composition by Class***
- ***Consolidated Unweighted and Weighted Assessment (Residential vs. Non-Residential)***
- ***Shift in Tax Burden – Unweighted to Weighted Residential Assessment***
- ***Residential Properties by Type***
- ***Building Construction Activity (Residential, Non-Residential)***

Population of Ontario Regions, 2024 and 2051

The **Ministry of Finance** produces an updated set of population projections every year to reflect the most up-to-date trends and historical data. This update uses the 2024 population estimates from Statistics Canada (released in January 2025 and based on the 2021 Census) as a base.

- Ontario's population is projected to increase by 27.4 per cent, or over 4.4 million, over the next 27 years, from an estimated 16.1 million on July 1, 2024, to over 20.5 million by July 1, 2051.
- The provincial population is projected to grow slowly in the short term, increasing at an annual rate of 0.4 per cent in 2024–25 and 0.2 per cent in 2025–26. The rate of growth is then projected to return to a more typical rate of 1.0 per cent by 2029–30. Thereafter, the population growth rate will remain fairly stable, continuing to average around 1.0 per cent annually through to 2050–51.
- The number of seniors aged 65 and over is projected to increase significantly, from 3.0 million or 18.3 per cent of population in 2024, to 4.6 million, or 22.4 per cent by 2051. Rapid growth in the share and number of seniors will continue over the 2024–2031 period as the last cohorts of baby boomers will turn 65. After 2031, the growth in the number of seniors will slow significantly. Over the projection period, the share of seniors is projected to peak at 22.6 per cent in 2040.
- The number of children aged 0–14 is projected to increase slowly over the projection period, from 2.4 million in 2024 to 2.7 million by 2051. The children's share of population is projected to decrease from 14.7 per cent in 2024 to 12.9 per cent by 2042, followed by a slow increase to 13.1 per cent by 2051.
- The number of Ontarians aged 15–64 is projected to increase from 10.8 million in 2024 to almost 13.3 million by 2051. This age group is projected to decline as a share of total population until the late-2030s, from 67.0 per cent in 2024 to a low of 64.3 per cent by 2037. Thereafter, this share is projected to remain fairly stable, reaching 64.5 per cent by 2051.
- Each of the six regions of the province are projected to see growing populations over the projection period. Eastern Ontario is projected to be the fastest growing region, with its population increasing by 36.8 per cent, from 2.1 million in 2024 to 2.9 million by 2051. The Greater Toronto Area (GTA) will see the largest increase in population, adding 1.7 million residents by 2051, with growth of 22.0 per cent, from 7.7 million in 2024 to 9.4 million by 2051. The GTA's share of provincial population is projected to decline from 47.6 per cent in 2024 to 45.6 per cent by 2051.
- All regions will see a shift to an older age structure. The GTA is expected to remain the region with the youngest age structure as a result of strong international migration and continued positive natural increase.

Age Demographics

The age profile of a population may affect municipal expenditures. For example, expenditures may be affected by seniors requiring higher public service costs and families with young children demanding services for recreational, and related programs. Below is shown the age pyramid of Ontario's population, for 2024 and 2051 projections.

Sources: Statistics Canada for 2024, and Ontario Ministry of Finance projections.

2025 Estimated Average Household Income

Household income is one measure of a community's ability to pay for services. While a larger relative household income is a positive indicator of the overall local economy, it may lead to a greater expectation for quality programs and additional challenges in balancing desired levels of service with a willingness to pay for programs and services. Source: Manifold Data Mining.

Summary 2025 Average Household Income by Geographic Location

Land Area and Density

Population density indicates the number of residents living in an area (usually measured by square kilometre). Density readings can lend insight in the age of a city, growth patterns, zoning practices, new development opportunities and the level of multi-family unit housing. High population density can also indicate whether a municipality may be reaching build-out, as well as service and infrastructure needs such as additional public transit or street routes. as stated by the **Province of Ontario** in their InfoSheet: Planning for Intensification, some of the benefits of intensification include:

- *Using resources such as lands, buildings and infrastructure more effectively*
- *Protecting the natural environment and biodiversity by limiting urban expansion*
- *Incorporating green features that offset and support new development*
- *Creating active streets that promote healthier patterns of human activity*
- *Creating economic opportunities*
- *Reducing carbon footprint*
- *Improving access to public transit*
- *Enhancing community identity*
- *Improving municipal fiscal performance*

Labour Statistics

The labour force is defined as the number of people aged 15 and over who are employed and unemployed. Labour force statistics are an important measure of the economy's potential. The larger the percentage of the population that enters the labour force, the larger the potential output and standard of living. Growth in the labour force implies expansion potential. Higher than average rates of unemployment can be a warning signal that overall economic activity may be declining.

Assessment Per Capita (Sorted by Unweighted Assessment)

Property assessment is the basis upon which municipalities raise taxes. A strong assessment base is critical to a municipality's ability to generate revenues. Assessment per capita statistics have been compared to provide an indication of the "richness" of the assessment base in each municipality. Unweighted assessment provides the actual current value assessment of the properties. Weighted assessment reflects the basis upon which property taxes are levied after applying the tax ratios to the various property classes to the unweighted assessment.

Unweighted Assessment – Trend

The tables on the next several pages reflect the change in unweighted assessment from 2020-2025. The changes in assessment trends are related to new growth as well as changes in market value of existing properties. The changes include the impact of reassessment as well as growth. The table has been sorted from low to high for the 2024-2025 % change in assessment.

2025 Shift in Tax Burden - Unweighted to Weighted Residential Assessment

As shown in the table, tax ratios typically shift the burden from residential to non-residential properties. Approximately 61.7% of the municipalities surveyed have a decrease in tax burden on the Residential class as a result of tax ratios for non-residential classes greater than 1.0. The implementation of tax ratios to the assessment base for municipalities with a larger proportion of farmland and managed forest results in an increase in the residential burden.

Building Construction Activity*(sorted from lowest to highest 2024 activity per capita)*

The table summarizes the 2024 residential and non-residential building permit values in each area municipality. To put these values into context, the building permit value per capita is also summarized to get an appreciation of the relative building activity in each municipality. The chart is sorted from lowest to highest based on building permit value per capita for 2024.

Municipality	% Res. 2024	% Non-Res. 2024	2024 per Capita	Municipality	% Res. 2024	% Non-Res. 2024	2024 per Capita

Summary - 3 Year Average Building Construction Activity per Capita (2022, 2023, 2024) - Total Survey by Location

Financial Indicators

Financial Sustainability Indicators

As described by the Canadian Institute of Chartered Accountants (CICA), the intent of providing an evaluation of a municipality's financial condition is to evaluate a municipality's financial outlook and performance. This will help form the foundation for the establishment of a long-range financial plan.

Key financial and socio-economic indicators have been included to help evaluate each municipality's existing financial condition and to identify future challenges and opportunities. Industry recognized indicators that are used by credit agencies and/or recommended by Government Finance Officers' Association (GFOA) and the Ministry of Municipal Affairs and Housing have been included. A number of indicators have been included:

S***Sustainability***

The ability to provide and maintain service and infrastructure levels without resorting to unplanned increases in rates or cuts to services.

V***Vulnerability***

Addresses a municipality's vulnerability to external sources of funding that it cannot control and its exposure to risks.

F***Flexibility***

The ability to issue debt responsibly without impacting the credit rating. Also, the ability to generate required revenues.

The usefulness of indicators is not in the numbers themselves, but the analysis of what is driving the indicator. It may, therefore, be more useful to consider the combined results of several broad indicators in assessing performance rather than any one indicator on its own.

Net Financial Position Indicators

Financial position is a key indicator of a municipality's financial health. Two key financial position indicators have been included to illustrate a municipality's financial position. The net financial position is a broader measure of a municipality's indebtedness than debenture debt as it includes all of a municipality's financial assets and liabilities. Net Financial Liabilities Ratio is the total liabilities minus assets as a percentage of own source revenues. This ratio indicates the extent to which financial liabilities could be met by its operating revenue. A ratio greater than zero indicates that total liabilities exceed the total assets, while a ratio less than zero indicates that total assets exceed the total liabilities.

Formula

Schedule 70 in the Financial Information Return is used in these calculations of Financial Position as well as Own Source Revenues which is taken from Schedule 81.

$$\text{Net Position per Capita} = \frac{\text{Net Financial Position}}{\text{Population}} = \frac{\text{FIR Schedule 70 line 9945}}{\text{Manifold Data Mining Population}}$$

$$\text{Net Financial Liabilities Ratio} = \frac{\text{Net Financial Position}}{\text{Own Source Revenue}} = \frac{\text{FIR Schedule 70 line 9945}}{\text{FIR Schedule 81 line 2610}}$$

Target

There is no optimal number or range for these indicators, as it varies according to a municipality's financial position.

Interpretation

It is important that a municipality understands what is driving these indicators and monitors their trends. The financial position provides an indication of the affordability of future municipal spending.

Financial Indicators

The Financial Indicators section of the report includes a number of indicators to assist municipalities in evaluating financial condition. Indicators related to Sustainability, Vulnerability and Flexibility have been included. It should be noted that Water and Wastewater indicators have also been included in the Water/Wastewater section of the report.

When the information is plotted over time, these trends can be used to monitor changes in financial conditions and alert the municipality to future problems. We are committed to refining and developing additional data to have more efficient and effective benchmarking tools for municipalities.

Sustainability

- ***Financial Position per Capita***
- ***Net Financial Liabilities Ratio***
- ***Asset Composition Ratio***

Flexibility

- ***Reserves***
 - ***Tax Discretionary Reserves as a % of Taxation***
 - ***Discretionary Reserves as a % of Own Source Revenues***
 - ***Reserves per Capita***
- ***Debt***
 - ***Tax Debt Interest as a % of Own Source Revenues***
 - ***Debt Charges as a % of Own Source Revenues***
 - ***Total Debt Outstanding Per Capita***
 - ***Debt Outstanding Per Own Source Revenues***
 - ***Debt to Reserve Ratio***
 - ***Tax Debt Outstanding per \$100,000 of Unweighted Assessment***

Vulnerability

- ***Taxes Receivable as a % of Tax Levied***
- ***Rates Coverage Ratio***

Financial Position Per Capita - Trend

A comparison was made of each municipality's overall financial position (financial assets less liabilities) over time on a per capita basis.

Total Asset Consumption Ratio

This indicator provides an estimate of the useful life left in the municipality's capital assets. Municipalities are facing significant infrastructure challenges. Therefore, it is important to keep informed of the age and condition of its capital assets to ensure they are making timely and appropriate investments. This is calculated using Schedule 51 of the Financial Information Return.

Formula

$$\text{Total Ratio} = \frac{\text{Total Accumulated Amortization}}{\text{Total Gross Costs of Capital Assets}} = \frac{\text{FIR Schedule 51A col 10 line 9910}}{\text{FIR Schedule 51A col 6 line 9910}}$$

$$\text{Tax Ratio} = \frac{\text{FIR Schedule 51A col 10 lines (9910 - 0811 - 0812 - 0831 - 0832)}}{\text{FIR Schedule 51A col 6 lines (9910 - 0811 - 0812 - 0831 - 0832)}}$$

Interpretation

This ratio shows the value of the tangible capital assets that have been consumed. This ratio seeks to highlight the aged condition of the assets and the potential asset replacement needs. A higher ratio may indicate significant replacement needs. However, if assets are renewed and replaced in accordance with an asset management plan a high ratio should not be a cause for concern. The Ministry of Municipal Affairs and Housing considers a ratio of 25% or under to be relatively new; 26%-50% to be moderately new; 51%-75% to be moderately old and over 75% to be old.

Reserves

Reserves are a critical component of a municipality's long-term financing plan. The purpose for maintaining reserves is to:

- Provide stability of tax rates in the face of variable and uncontrollable factors (consumption, interest rates, unemployment rates, changes in subsidies)
- Provide financing for one-time or short-term requirements without permanently impacting the tax and utility rates
- Make provisions for replacement/acquisitions of assets/infrastructure that are currently being consumed and depreciated
- Avoid spikes in funding requirements of the capital budget by reducing their reliance on long-term debt borrowings
- Provide a source of internal financing
- Ensure adequate cash flows
- Provide flexibility to manage debt levels and protect the municipality's financial position
- Provide for future liabilities incurred in the current year but paid for in the future

Three financial indicators have been included for tax reserves. In each case, the water and wastewater reserves and reserve funds have been excluded as well as obligatory reserve funds.

Reserve Financial Indicator One: Tax Discretionary as a % of Taxation

This provides the total tax discretionary reserves and reserve funds using Schedule 60 of the Financial Information Returns (columns 2 and 3) in relation to total taxation (Schedule 10 of the Financial Information Return).

Formula

$$\frac{\text{Tax Discr. Reserves}}{\text{Taxation}} = \frac{\text{FIR Schedule 60 col 2 + 3 lines (9930 - 5030 - 5040 - 5225 - 5235)}}{\text{FIR Schedule 10 line 9940}}$$

Reserve Financial Indicator Two: Total and Tax Discretionary Reserves per Capita

This provides the total and tax discretionary reserves in relation to the population.

Formula

$$\frac{\text{Tax Discr. Reserves}}{\text{Population}} = \frac{\text{FIR Schedule 60 col 2 + 3 lines (9930 - 5030 - 5040 - 5225 - 5235)}}{\text{Manifold Data Mining Population}}$$

$$\frac{\text{Total Discr. Reserves}}{\text{Population}} = \frac{\text{FIR Schedule 60 col 2 + 3 line 9930}}{\text{Manifold Data Mining Population}}$$

Reserve Financial Indicator Three: Tax Discretionary Reserves as a % of Own Source Revenues

This indicator shows the total value of funds held in reserves and reserve funds compared to a single year's own source revenue and is a strong indicator of financial stability. This provides the total tax discretionary reserves and reserve funds using Schedule 60 of the Financial Information Returns (columns 2 and 3) in relation to own source revenues (Schedule 81 of the Financial Information Return, less water and wastewater own source revenues which are on Schedule 12).

Formula

$$\frac{\text{Tax Discr. Res.}}{\text{Own Source Rev.}} = \frac{\text{FIR Sch 60 col 2 + 3 lines (9930 - 5030 - 5040 - 5225 - 5235)}}{\text{FIR Sch 81 line 2610 - Sch 12 col 3 + 4 lines (0811 + 0812 + 0831 + 0832)}}$$

Interpretations

Reserves offer liquidity which enhances the municipality's flexibility in addressing operating requirements and in permitting the municipality to temporarily fund capital projects internally, allowing it time to access debt markets and take advantage of favorable conditions. The level of reserves required will vary for a number of reasons including:

- Services provided by the municipality
- Age and condition of infrastructure, inventory of fleet and vehicles supporting municipal operations
- Level of expenditures
- Internal debt and reserve policies
- Targets, ranges established on a reserve-by-reserve basis
- Economic conditions and projections

Debt

The Ministry of Municipal Affairs and Housing regulates the level of debt that may be incurred by municipalities, such that no more than 25% of the total Own Source Revenue can be used to service debt and other long-term obligations without receiving OMB approval. In addition to confirming that the debt is within the legislated limits, Government Finance Officers' Association (GFOA) recommends the following analysis be undertaken:

Measures of the tax and revenue base, such as:

- Projections of key, relevant economic variables
- Population trends
- Utilization trends for services underlying revenues

Evaluation of trends relating to the government's financial performance, such as:

- Revenues and expenditures
- Net revenues available after meeting operating requirements
- Reliability of revenues expected to pay debt service
- Unreserved fund balance levels

Debt service obligations such as:

- Existing debt service requirements
- Debt service as a percentage of expenditures, or tax or system revenues

There are six financial debt indicators that have been included in the analysis to provide a clear understanding of the overall debt outstanding and the debt servicing costs.

Financial Debt Indicator One: Tax Debt Interest as % of Own Source Revenues

This ratio indicates the extent to which the municipality's own source revenues are committed to debt interest charges. This is calculated using Schedule 40 of the Financial Information Returns and the Own Source Revenues in Schedule 81 less Water/WW revenues in Schedule 12 and Schedule 22D.

Formula

$$\frac{\text{Tax Debt Int.}}{\text{Own Source Rev.}} = \frac{\text{FIR Sch 40 col 2 lines}(9910 - 0811 - 0812 - 0831 - 0832)}{\text{FIR Sch 81 line 2610} - \text{Sch 12 col 3 + 4 lines}(0811 + 0812 + 0831 + 0832) - \text{Sch 22D lines}(8010 + 8015)}$$

Financial Debt Indicator Two: Debt Charges as a % of Own Source Revenues (Debt Service Ratio)

Debt Service is the amount of principal and interest that a municipality must pay each year to service the debt (principal and interest expenses). As debt service increases it reduces expenditure flexibility. This shows the % of total debt expenditures, including interest as a % of own source revenue. It is a measure of the municipality's ability to service its debt payments. Schedule 74C has been used for the total debt charges (line 3099) and the tax debt charges (line 3012).

Formula

$$\frac{\text{Total Debt Principal + Interest}}{\text{Total Own Source Revenues}} = \frac{\text{FIR Schedule 74C col 1 + 2 line 3099}}{\text{FIR Schedule 81 line 2610}}$$

$$\frac{\text{Tax Debt Princ + Interest}}{\text{Tax Own Source Revenues}} = \frac{\text{FIR Schedule 74C col 1 + 2 line 3012}}{\text{FIR Sch 81 2610 - Sch 12 col 3 + 4(0811 + 0812 + 0831 + 0832) - Sch 22D lines(8010 + 8015)}}$$

Target

Credit rating agencies consider that principal and interest should be below 10% of Own Source Revenues.

Interpretations

This indicator will trigger a warning if the increase in debt service consistently exceeds the increase in own source revenues.

Financial Debt Indicator Three: Debt Outstanding per Capita

This provides the debt outstanding as reflected on Schedule 74A divided per population.

Formula

$$\frac{\text{Total Debt Outstanding}}{\text{Population}} = \frac{\text{FIR Schedule 74A line 9930}}{\text{Manifold Data Mining Population}}$$

$$\frac{\text{Tax Debt Outstanding}}{\text{Population}} = \frac{\text{FIR Schedule 74A lines (9930 - 1425 - 1435)}}{\text{Manifold Data Mining Population}}$$

Financial Debt Indicator Four: Debt Outstanding Per Own Source Revenues

This provides the debt outstanding as reflected on Schedule 74A divided by the municipality's own source revenues as reflected in Schedule 81.

Formula

$$\frac{\text{Total Debt Outstanding}}{\text{Own Source Revenue}} = \frac{\text{FIR Schedule 74A line 9930}}{\text{FIR Schedule 81 line 2610}}$$

Financial Debt Indicator Five: Debt to Reserve Ratio

Formula

$$\frac{\text{Debt Outstanding}}{\text{Res. and Reserve Funds (excl Oblig. Reserve Funds)}} = \frac{\text{FIR Schedule 74A line 9930}}{\text{FIR Schedule 60 col 2 + 3 line 9930}}$$

Financial Debt Indicator Six: Debt Outstanding as a % of Unweighted Assessment

This provides the debt outstanding as reflected on Schedule 74A divided by the municipality's unweighted assessment as reflected in Municipality's by-laws.

Formula

$$\frac{\text{Total Debt Outstanding}}{\text{Unweighted Assessment}} = \frac{\text{FIR Schedule 74A line 9930}}{\text{Municipality's bylaws Assessment}}$$

Target

This indicator provides a measure for financial prudence by comparing total debt to the total reserve balances. Generally, the benchmark suggested by credit rating agencies for this ratio is 1:1 or in other words, debt should not exceed total reserve and reserve fund balances. A 1:1 ratio reflects that for every dollar of debt there is a dollar of reserves.

Taxes Receivable as a % of Taxes Levied

This ratio is a strong indicator of the strength of the local economy and the ability of residents to pay their annual taxes. This is calculated using Schedule 72A of the Financial Information Returns.

Formula

$$\frac{\text{Taxes Receivable}}{\text{Taxes Levied}} = \frac{\text{FIR Schedule 72A line 0290}}{\text{FIR Schedule 72A line 0220}}$$

Target

Credit Rating agencies consider over 8% a negative factor.

Interpretations

If this percentage increases over time, it may indicate a decline in the municipality's economic health.

Rates Coverage Ratio

The Rates Coverage Ratio provides a measure of the municipality's ability to cover its costs through its own sources of revenue. According to the Ministry of Municipal Affairs and Housing, a basic target is 40%-60%; an intermediate is 60%-90% and an advanced target is 90% or greater.

Formula

$$\frac{\text{Own Source Revenues}}{\text{Total Operating Expenditures}} = \frac{\text{FIR Schedule 81 line 2610}}{\text{FIR Schedule 40 col 11 line 9910}}$$

Revenue and Expenditure Analysis

Revenue and Expenditure Analysis

The net operating costs per capita are calculated using schedule 40 FIR expenditures less schedule 12 revenues (excluding Tangible Capital Asset Grants). Changes in per capita expenditures reflect changes in expenditures relative to population. Increasing per capita expenditures can indicate that the cost of providing services is outstripping the community's ability to pay, especially if spending is increasing faster than the resident's collective personal income. If the increase in spending is greater than can be accounted for by inflation or the addition of new services, it may indicate declining productivity. This section also includes, where appropriate, calculations of the revenue recovery for various services. Staffing levels have also been included in select schedules. Note: The Water and Wastewater has been moved to the Water/WW section of the report.

The following information has been included in this section of the report:

- ***Net Municipal Levy (2025 Levy By-law)***
 - ***Per Capita and sorted by Location***
 - ***Per \$100,000 of Unweighted and Weighted Assessment***
- ***General Government***
- ***Protection Services***
 - ***Fire, Police***
 - ***Court Security and Prisoner Transportation***
 - ***Conservation Authority***
 - ***Protective Inspection and Control***
 - ***POA***
- ***Transportation Services***
 - ***Roads, Bridges and Culverts, Traffic Operations, Winter Control***
 - ***Transit, Parking***
 - ***Streetlights***
 - ***Air Transportation***

- **Environmental Services**
 - Storm Sewer
 - Waste Collection
 - Waste Disposal
 - Waste Diversion
- **Health Services**
 - Public Health Services, Hospitals, Ambulance Services
 - Cemeteries
 - Emergency Measures
- **Social and Family Services**
 - General Assistance, Assistance to Aged
 - Child Care
- **Social Housing**
- **Recreation and Culture**
 - Parks, Recreation Programs
 - Recreation Facilities, Golf Courses, Marina, Ski Hills
 - Recreation Facilities Other
 - Libraries
 - Museums
 - Cultural Services
- **Planning and Development Services**
 - Planning
 - Commercial and Industrial
 - Building Permit and Inspection Services
- **Agriculture and reforestation**

Analysis of Net Municipal Levy per Capita

In order to better understand the relative tax position for a municipality, another measure that has been included in the study is a comparison of net municipal levies on a per capita basis. This measure indicates the total net municipal levy needed to provide services to the municipality. This analysis does not indicate value for money of the effectiveness in meeting community objectives. Net municipal expenditures per capita may vary as a result of:

- Different service levels
- Variations in the types of services
- Different methods of providing services
- Different residential/non-residential assessment composition
- Varying demand for services
- Locational factors
- Demographic differences
- Socio-economic differences
- Urban/rural composition differences
- User fee policies
- Age of infrastructure
- What is being collected from rates as opposed to property taxes

As such, this analysis is not an "apples to apples" comparison of services, but rather has been included to provide insight into the net cost of providing municipal services within each municipality. Further analysis would be required to determine the cause of the differences across each spending envelope and within each municipality. This analysis was completed using the most current information available - net municipal levies as per the 2025 municipal levy by-laws and the 2025 estimated populations.

Changes in per capita expenditures reflect changes in expenditures relative to changes in population. Increasing per capita expenditures may indicate that the cost of providing services is outstripping the community's ability to pay, especially if spending is increasing faster than the resident's collective personal income. Examining levy per capita shows changes in levies relative to changes in population size. As population increases, it might be expected that revenues and the need for services would increase proportionally, and therefore, that the level of per capita revenues would remain at least constant in real terms. However, this is not always the case as the cost of providing services is not directly related to population. If per capita revenues are decreasing, the municipality may be unable to maintain existing service levels unless it finds new revenue sources or ways to reduce costs.

Net Municipal Levy per Capita

- Net Levy on a per capita basis ranged across the municipalities from \$1,230 to \$4,452 (with an average of \$1,971 per capita).
- A review of the net levy per capita, the assessment per capita ranking and the density of the municipality ranking is shown to help understand some of the factors impacting relative taxes, which will be compared later in the report.
- A detailed review of the service envelopes, revenues and socio-demographics of the municipality is required to understand the factors causing differences in levies per capita. Some of the driving factors may include services provided, differentials in terms of service levels and the extent of user fees.

2025 Net Municipal Levy per \$100,000 Unweighted Assessment

Net levy on a per \$100,000 of unweighted assessment ranged across the municipalities from \$569 to \$2,852 (with an average of \$1,321). There is a strong relationship between the assessment per capita and net levy per \$100,000 of assessment in that, for the most part, municipalities with a high assessment basis have a low net levy per \$100,000 of assessment.

2025 Net Municipal Levy per \$100,000 Weighted Assessment

Net levy on a per \$100,000 of assessment ranged across the municipalities from \$546 to \$2,598 (with an average of \$1,272). There is a strong relationship between the assessment per capita and net levy per \$100,000 of assessment in that, for the most part, municipalities with a high assessment basis have a low net levy per \$100,000 of assessment.

Summary - 2025 Net Municipal Levy Comparison per Capita vs. \$100,000 Assessment - by Location

General Government (sorted by Net Costs per \$100,000 Assessment, including Amortization)

General government consists of three categories: governance, corporate management and program support. The costs for governance and corporate management can be influenced by the municipality's organizational structure and method of allocating costs.

Fire

The goal of Fire Services is to protect the life and property of citizens and businesses from fire and other hazards. The three primary fire safety activities provided in communities in support of these objectives are:

- Public education and fire prevention
- Fire safety standards and enforcement
- Emergency response

Each municipality's results are influenced to varying degrees by a number of factors, including:

- The nature and extent of fire risks: The type of building construction, i.e., apartment dwellings vs. single family homes vs. institutions such as hospitals
- Geography: Topography, urban/rural mix, road congestion and fire station locations and travel distances from those stations
- Fire prevention and education efforts: Enforcement of the fire code, and the presence of working smoke alarms
- Collective agreements: Differences in what stage of multiyear agreements municipalities are at and also differences agreements about how many staff are required on a fire vehicle
- Staffing model: Full-time firefighters or composite (full-time and part-time)

Police

Under the Ontario Police Services Act, municipalities are responsible for the provision of adequate and effective Police services to ensure the safety and security of citizens, businesses and visitors. To fulfill this mandate, each municipality and police agency creates and implements strategies, policies and business models that meet the specific needs and priorities of their local communities.

The key objectives provided by Police Services include:

- Crime prevention
- Law enforcement
- Victims' assistance
- Maintenance of public order
- Emergency response services

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Non-residents: Daily inflow and outflow of commuters and tourists, attendees at cultural, entertainment and sporting events, or seasonal residents (e.g., post-secondary students) who require police services and are not captured in population-based measures)
- Specialized facilities: Airports, casinos, etc. that require additional policing
- Demographic trends: Social and economic changes in the population

Police costs will vary significantly based on a number of factors including, but not limited to:

- Geographic mix (urban/rural mix)
- One-time special events
- Proximity and quantity of higher risk facilities (e.g., correctional, mental health facilities)
- Service levels
- Incident of more complex crimes
- Specialized services (e.g., Emergency Task Force, Emergency Measures, Marine Unit, etc.)
- Accounting and reporting practices

Roads Services

A municipality's transportation system affects the economic vitality and quality of life of its residents. The goal of Roads Services is to provide affordable, well-managed and safe traffic flow for pedestrians, cyclists, drivers, public transit and commercial traffic while contributing to the environment and the quality of community life.

Transportation infrastructure generally includes roads, bridges, culverts, sidewalks, traffic control systems, signage and boulevards. In addition to constructing and repairing infrastructure, roads services include clearing the transportation network of snow and debris to ensure that it is safe and convenient to use. Single-tier municipalities are responsible for maintaining all types of roads, including arterial, collector and local roads and, in some cases, expressway and laneways. Upper-tier municipalities are not responsible for maintenance of local roads.

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Municipal snow clearing standards, weather conditions, road types and snowfall
- Age and condition of the network
- The proportion of heavy trucks in the traffic stream
- The municipality's pavement standards
- Population density which affects usage and congestion, contributing to road maintenance and its cost
- Type of roads a municipality operates: i.e., arterial, collector or local roads and expressways
- Availability of public transit
- Average commute distances (e.g., from home to work or school)
- Volume of traffic coming from outside the municipality

Transit Services - Conventional

Transit Services provide citizens with a safe, reliable, efficient and affordable means of traveling to work, school, home or play. Greater use of public transit systems in a community eases traffic congestion and improves air quality.

An effective and efficient transit system places emphasis on the following objectives:

- Quality of life: Provides mobility options for all residents to ensure access to work, education, health care, shopping, social and recreational opportunities
- Sustainability: Needs to be affordable for everyone in the community, be fiscally responsible to taxpayers and support the goal of improving the environment
- Economic development: Services and costs need to reflect and encourage residential and commercial growth

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Size and urban form within the service area: Service and costs are affected by the type of development, topography and density
- Demographics and socio-economic factors: Auto ownership rates, population age, immigrant levels and household incomes will impact transit market share
- Nature of transit service design and delivery: Number of routes, proximity and frequency of service, service coverage and hours of operation can vary significantly amongst systems, automated fare systems, Geographic Positioning Systems, traffic signal priority and dedicated bus lanes could be used to facilitate "express" service
- Transit system type: Composition of fleet (bus, subway or light-rail transit (LRT)), diesel vs. natural gas, high floor vs. low floor accessible, and age of fleet
- Demand for services: Rising fuel prices, a growing urban population and increased awareness of environmental issues can increase demand, catchment area for transit riders may extend beyond municipal boundaries
- Economic conditions: Ridership growth, fare increases, fluctuations in commodity and energy prices, foreign exchange rates, magnitude of external contracting and contractual obligations with labour bargaining units
- Legislated requirements: Increased cost due to compliance with the Accessibility for Ontarians with Disabilities Act, 2005 (AODA)

Parking

Parking Services provide parking operations, maintenance and enforcement services for residents, businesses and visitors to the municipality. The goal of Parking services is to ensure that parking is available in an equitable, affordable and safe manner.

Specific objectives of Parking Services are:

- Affordable on-street parking rates, with hours of use conducive to turnover and to the needs of the businesses
- Appropriate off-street parking lots and structures that meet the needs of the community
- A residential off-street parking program that effectively addresses the parking requests and achieves an equitable balance of the limited space requirements in defined areas of municipalities
- Enforcement of parking by-laws to ensure safety for the community

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Service delivery standards and by-laws: Vary considerably from one municipality to another, i.e., mix of on-street and off-street parking spaces, municipal staff vs. contracted attendants, use of variable-rate pricing structures, availability of public transit and proximity to parking alternatives (free public parking, private lots)
- Technology: The type and quality of technology used to manage operations and enforcement, i.e., handheld devices vs. written, ticket management systems, meters vs. pay and display machines, level of automation at parking surface lots vs. parking garage structures

Waste Management

Waste Management Services include a wide range of collection, disposal, diversion and processing activities for the majority of residential households, and a portion of these services may be provided to businesses. The goal of Waste Management Services is to reduce and/or divert the amount of waste ending up in landfill sites, and to lessen the detrimental impact on the environment.

Each municipality's waste collection results are influenced to varying degrees by a number of factors, including:

- Governance: Single-tier vs. upper-tier systems
- Program design: Based on urban/rural mix of single-family homes, multi-unit residential buildings, commercial, industrial, seasonal homes and tourists, age of infrastructure, proximity to collection sites, processing sites and sellable markets
- Service levels: Frequency of collection, bag limits, single stream waste collection vs. co-collection programs, hours of operations and the number and types of materials collected
- Education: How municipalities promote, manage and enforce their garbage collection, disposal, recycling and diversion programs and services

Waste disposal can be influenced by the following factors:

- Disposal method (landfill, incineration, export, etc.)
- Presence of competitive market forces
- Landfill hours of operation
- Haulage distance to landfill site
- Success of waste diversion activities
- Number of former landfill sites under perpetual care

Ambulance Services*(sorted by Net Costs per \$100,000 Assessment, Excluding Amortization)*

Ambulances provide emergency care to stabilize a patient's condition, initiate rapid transport to hospital and facilities both emergency and non-emergency transfers between medical facilities. Factors that affect Ambulance Services costs:

- Geographic coverage/population density
- Local demographics
- Level of certification
- Specialized services

General Assistance (sorted by Net Costs per \$100,000 Assessment, Excluding Amortization)

Each municipality's results are influenced to varying degrees by a number of factors, including:

- **Employability:** Significant numbers of clients with one or more barriers to employment, including health barriers, lack of education and language skills, literacy levels, and lack of Canadian work experience
- **Urban form:** Client access to programs can vary due to geographical, technological, cultural or other limitations
- **Economic conditions:** Differing local labour market conditions
- **Demographics:** Family size and caseload mix

Assistance to the Aged

Some municipalities provide community programs (for example, adult day services, homemakers and meals on wheels), which provide support to clients and family caregivers. These services enable many clients to remain independent in their own homes.

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Staff mix: Ratio of registered and non-registered staff varies amongst municipalities, resulting in a higher cost structure for registered staff
- Support and type of programming provided as determined by Council
- Role of Local Health Integration Networks (LHINs): Establishing the mix of health services for a given community
- Demographics: Age of the population and specific needs of the client
- Uncontrollable price variables: Pay equity legislation and wage arbitration, availability of appropriate skilled workers
- Other providers: Charitable and private sector participating in the long-term care business

Child Care

(sorted by Net Costs per \$100,000 Assessment, Excluding Amortization)

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Varying levels of child poverty in municipalities result in differing needs for subsidized child care
- Costs to provide child care can be impacted by economic variables such as the cost of living in the municipality and the income levels of the residents
- Rates for child care spaces, other than those directly operated by a municipality, are set in service agreements between the municipality and the child care providers; these rates can be influenced by the level of funding available, local wage conditions, pay equity legislation, municipal policies and business practices

Social Housing

Social Housing Services provides affordable homes for individuals whose income makes it challenging to obtain adequate housing in the private rental market. A variety of housing forms are provided as follows:

- Municipally owned and operated housing (through a department or municipally owned housing corporation)
- Non-profit housing that is owned and operated by community based non-profit corporations governed by a board of directors
- Cooperative housing that is owned and operated by its members
- Rent supplement, where a private or non-profit landlord provides units to households at a rent-geared-to-income (RGI) and the municipality subsidizes the difference between that rent and the market rent for the unit

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Housing stock: Age and supply (both private and municipal), and adequacy of capital reserves to maintain them
- Demographic and economic conditions: May increase waiting list pressure, i.e. loss of local industry, rapid growth, percentage of Special Priority Policy (SPP) applicants
- Wait list management: Frequency of the service manager to update the waiting list and cancel applicants no longer actively seeking rent-geared-to-income (RGI) housing
- Portfolio mix: Older federal units are generally less costly than units built under subsequent provincial programs (fewer assisted units, lower land costs)
- Geographic conditions: Construction and land costs, higher snow removal costs in northern areas of the province, rental market availability, utility costs and usage profiles
- Tenant mix: Seniors' communities are usually less costly to operate than families and singles

Parks

Each municipality's results are influenced to varying degrees by a number of factors including:

- Service delivery: Differences in service standards established by municipal Councils, i.e., types of amenities maintained, frequency of grass cutting
- Geographic location: Varying topography affects the mix of natural and maintained hectares of parkland in each municipality
- Environmental factors: Soil composition, weather patterns
- Population density: Higher densities may mean more intense usage and require different maintenance strategies, e.g., irrigation, artificial turf, sport field and pathway lighting
- Changing demographics and community use: Increased demand for large social gatherings and various cultural activities translate into higher maintenance, signage and staff training costs

Sports and Recreation Services

The three main types of programming are:

- Registered programs: Residents register/commit to participate in structured activities such as swimming lessons, dance or fitness classes or day camps; some municipalities also include house leagues, e.g., baseball, basketball, hockey, soccer
- Drop-in programs: Residents are not required to register and are able to participate in structured or unstructured sports and recreation activities such as public swimming or skating, basketball, fitness or open access to gyms
- Permitted programs: Residents and/or community organizations obtain permits for short-term rental of sports and recreation facilities such as sports fields, meeting rooms and arenas

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Recreation facilities: Number of facilities, mix of facility types and age of facilities
- Programming: Variety of recreation program types offered, number and extent of age groups with targeted programming; frequency and times of program offerings; class length; mix of instructional vs. drop-in vs. permitted programming
- Transportation: Access and the number of program locations
- Collective agreements: Differences in wage rates and staffing structures

Library

Each municipality's results are influenced to varying degrees by a number of factors, including:

- Access: Number and size of branches and hours of operation mean municipalities with lower population densities may require more library branches and more service hours to provide services to residents within a reasonable distance
- Collections: Size and mix, as well as number of languages supported
- Library use: Mix, variety and depth of library uses and the varying amount of staff resources
- Demographics: Socio-economic and cultural make-up of the population served

Planning

Each municipality's results are influenced to varying degrees by a number of factors, including:

- **Municipal governance:** Single-tier vs. upper or two-tier; the review process can be impacted by the requirement for a dual role; some types of applications are not processed by upper-tier governments
- **Organization structure:** Differing models can affect both the application review process, i.e., departments outside of Planning, and the number of activities beyond application processing including growth management
- **Public consultation:** Costs to process an application can be impacted by local Council decisions regarding opportunities for public input to the planning process
- **Application variables:** Type, mix, and complexity (in terms of scope and magnitude) of applications received

Select User Fees and Revenue Information

User Fees

Analyzing the revenue structure will help to identify the following types of problems:

- Deterioration of revenue base
- Practices and policies that may adversely affect revenue yields
- Poor revenue-estimating practices
- Efficiency of the collection and administration of revenues
- Overdependence on intergovernmental revenue sources
- User fees that are not covering the cost of services
- Changes in the tax burden on various segments of the population

This section includes:

- ***Development Charges***
- ***Building Permit Fees***
- ***Commercial Solid Waste Tipping Fees***
- ***Transit Fares***
- ***Stormwater Utility Rates and Practices***

Fees are addressed in Part XII, section 391 of the Municipal Act. The Act states that a municipality may pass by-laws imposing fees or charges on any class of persons:

- For services or activities provided or done by, or on behalf of, this class of persons;
- For costs payable by it for services or activities provided or done by, or on behalf of, any other municipality;
- For the use of its property including property under its control; and
- For capital costs payable by it for wastewater and water services or activities which will be provided, or done on behalf of it, after the fees or charges are imposed.

Development Charges

The recovery of costs by Ontario municipalities for capital infrastructure required to support new growth is governed by Development Charges Act (1997) and supporting regulations. To determine a development charge, a municipality must first do a background study. The background study provides a detailed overview of a municipality's anticipated growth, both residential and nonresidential; the services needed to meet the demands of growth; and a detailed account of the capital costs for each infrastructure project needed to support the growth.

The Ontario Legislature has amended the Development Charges Act, 1997, to:

1. Repeal the mandatory five-year phase-in of DC rates

Through Bill 185, the Cutting Red Tape to Build More Homes Act, 2024, the Ontario Legislature has repealed the mandatory phase-in of DC rates. The change applies to DC by-laws passed since January 1, 2022.

Municipalities that passed DC by-laws on or after November 28, 2022, that expressly incorporated the phase-in of DC rates, are empowered to amend their DC by-laws through a time-limited streamlined process (e.g., no requirement to redo the background study). Further, it enables municipalities to continue to exercise their discretion to phase-in DCs to ease the impact of high DC rates on new housing developments. This change will not impact those developments where planning applications have been submitted and the DC rates have been frozen (i.e., locked).

Bill 17, Protect Ontario by Building Faster and Smarter Act, 2025 is now in-force, subject to the following exceptions:

- the ability to pay development charges for non-rental residential development at the time of occupancy rather than upon building permit issuance;
- the revised interest provision under Section 26.1(7) of the Development Charges Act, 1997, which limits a municipality's ability to charge interest on development charge installments to only the amount that had accrued prior to June 5, 2025; and
- the proposed new Section 26.1(12) of the Development Charges Act, 1997, which permits early payment of development charges.

2. Streamline the Process for Extending DC By-Laws

The More Homes Built Faster Act, 2022 amended the requirement to update and replace a DC by-law from at least once every 5 years to at least once every 10 years.

Niagara	\$ 60,412	\$ 44,400	\$ 41,122	\$ 27,153	\$ 33.11	\$ 17.16
Simcoe/Musk./Duff.	\$ 62,187	\$ 50,013	\$ 41,423	\$ 31,868	\$ 26.00	\$ 22.34
Waterloo/Wellington	\$ 62,603	\$ 47,261	\$ 37,918	\$ 31,867	\$ 24.49	\$ 17.34
GTHA	\$ 135,842	\$ 111,267	\$ 85,275	\$ 58,466	\$ 72.28	\$ 37.83

As shown above, there is a significant range in the development charges by geographic location, with the average in the GTHA over double that of the other geographic locations.

Building Permit Fees

Bill 124, the *Building Code Statute Amendment Act, 2002* was given Royal assent on June 27, 2002 and subsequently amended the *Building Code Act, 1992* as it relates to imposing fees. As such, municipalities across Ontario review and update their fees to ensure compliance with the Act.

With respect to establishing fees under the *Building Code Act*, Section 7 of the Act provides municipalities with general powers to impose fees through passage of a by-law. The Council of a municipality may pass by-laws:

- Requiring the payment of fees on applications for issuance of permits and for prescribing the amounts thereof
- Providing for refunds of fees under such circumstances as are prescribed

The *Building Code Statute Law Amendment Act, 2002* imposed additional requirements on municipalities in establishing fees under the Act, in that "The total amount of the fees authorized under clause (1) (c) must not exceed the anticipated reasonable cost of the principal authority to administer and enforce this Act in its area of jurisdiction."

In addition, the amendments also require municipalities to:

- Reduce fees to reflect the portion of service performed by a Registered Code Agency
- Prepare and make available to the public annual reports with respects to the fees imposed under the Act and associated costs
- Undertake a public process, including notice and public meeting requirements, when a change in the fees is proposed

O.Reg. 305/03 is the associated regulation arising from the *Building Code Statute Law Amendment Act, 2002*. The regulation provides details on the contents of the annual report and the public requirements for the imposition or change in fees. Section 11.2 of Bill 124 restricts the use of building permit revenues to recover only the "reasonable anticipated costs" of activities mandated by the *Building Code Act*.

BMA Calculations

Assessed value of a house was \$297,000 with 167 m² living space.

2025 Residential Building Permit Fees (sorted lowest to highest)

* In Orangeville as of January 2023, a two-year pilot program was launched, acting as a feasibility study to determine whether fare-free transit will better serve the Town. The Town of Orangeville's two-year fare-free transit pilot program has been extended until July 21, 2027.

* The Town of The Blue Mountains is served by both Collingwood/Blue Mountains Transit system and the Grey County Transit system.

* York Region Transit (YRT) is replacing monthly passes with a fare capping program that allows travellers to earn free rides by paying with their PRESTO card or PRESTO mobile wallet. Travellers can now ride YRT for free after 40 trips for adults, 39 trips for youth or 28 trips for seniors and children every calendar month through the new program.

Stormwater Utility

Most municipalities are facing increasing infrastructure backlogs, funding gaps, and increasing financial pressures in infrastructure management. These challenges have been driven by several trends over the last decade, including:

- Aging infrastructure that creates large needs for capital replacement, renewal, and rehabilitation;
- Environmental and public health issues, which demand new investments for higher service levels;
- Limited ability to raise funds from property taxes, due to resistance to increases in property taxes;
- Resulting competition for resources (tax revenues), from other municipal responsibilities; and
- More rigorous regulatory and design standards for water, wastewater and storm operations.

Historically, in most Ontario municipalities stormwater management has been financed with general revenue from property taxes or water/wastewater rates. The trend experienced over the past decade in Canada is to move stormwater management to a separate utility. A separate utility funding model for stormwater management provides the following benefits, as identified in research undertaken across Canada:

- Costs are isolated from the municipality's other operations and generally allow a municipality the ability to budget programs and projects based on a realistic and dependable revenue stream;
- Dedicated or earmarked funding helps ensure that funds are available when needed;
- Costs and benefits can be more equitably distributed using a utility rate structure; and
- Applicable for use on a municipal-wide basis and across all land use types.

Stormwater Utility

Here the Ontario municipalities that recover stormwater management costs from a stormwater utility rate.

Municipality		
Ajax	Flat Rate Charge	Residential
	Rate per 192 m ² of impervious area	Non-Residential
Aurora	Flat Rate Charge per Unit	Residential and condominium properties
		Non-residential and multi-residential properties
Brampton	Tiered Flat Fee (based on roof print area)	5 categories for Single Residential properties
	Rate per m ² of impervious area (impervious area individually assessed for each property)	Multi-residential & non-residential properties
Cambridge	Flat Rate Charge per acre of property	Residential
		Non-Residential and Agricultural
Guelph	Flat Rate Charge	Residential – applied to every detached home, townhouse, apartment and condo
		Multi-Residential – per unit rate
	Rate per Equivalent Residential Unit (ERU) based on impervious area (ERU multiplier = impervious area/188 m ²)	Industrial, commercial, and institutional properties
King	Flat Rate Charge per Current Value Assessment (CVA)	Residential and Non-Residential properties per tax categories
Kitchener	Tiered Flat Fee (based on property type and size of impervious area)	10 residential categories
		6 non-residential categories
London	Flat Rate Charge per Property	Land area 0.4 hectares or less
		Residential land area 0.4 hectares or less without a storm drain within 90m
	Rate per hectare	Land area above 0.4 hectares
Markham	Flat Rate Charge per Property	Residential
	Cost per Current Value Assessment (CVA)	Non-Residential
Middlesex Centre	Flat Rate Charge per Property	Land area 0.4 hectares or less
	Rate per hectare	Non-residential land area above 0.4 hectares
Mississauga	Tiered Flat Fee (based on roof print area)	5 categories for Single Residential properties
	Rate per m ² of impervious area (impervious area individually assessed for each property). ERU multiplier = impervious area/267 m ² .	Multi-residential & non-residential properties
Newmarket	Tiered charge per unit of land area	3 tiers by runoff level group
North Middlesex	Flat yearly rate for all residents	
Orillia	Flat Rate Charge	Residential
	Tiered system of fees based on calculated impervious areas (ERU multiplier = impervious area/188 m ²)	Non-residential
Ottawa	Residential – Flat Rate per Property (by property type, Urban & Rural)	Residential (RS) and Multi-Residential (RA) – Urban/Rural
	Non-Residential – Tiered Flat Fee (based on CVA, Urban/Rural)	ICI – 8 CVA ranges/categories – Urban/Rural
Peterborough	Flat Rate per Property based on CVA	All properties per \$1 million MPAC valuation
Port Colborne	Flat rates based on multipliers from single family detached base charge	
Richmond Hill	Area rate by property type based on runoff coefficients	Residential
		Commercial/Industrial, Multi-Residential
		Agricultural Land/Farm, Vacant Land, Golf Courses
St. Thomas	Flat Rate per Property	Residential & commercial/institutional under 1,800 m ² land area
	Rate per Hectare	Commercial/Institutional over 1,800 m ² land area & all industrial
Thames Centre	Flat bi-monthly rate for all residents	
Vaughan	Flat Rate Charge per Property	3 Residential categories
		Agricultural/vacant
		3 Non-Residential categories
Waterloo	Flat Rate per Property (by property type & size)	3 residential categories & 3 multi-residential categories
		3 institutional categories & 4 industrial/commercial categories
Windsor	Rate per impervious area	Residential – 3 tiers by impervious area
		Non-Residential – flat rate
Whitchurch-Stouffville	Flat Rate Charge per Property	Residential
		Commercial, Industrial and Multi-Residential

Stormwater Utility - Residential Comparison

The following reflects the annual residential cost of stormwater for a residential medium density home in 2025.

Municipality	2025 Annual Storm Residential Medium
Peterborough	\$ 33
Whitchurch-Stouffville	\$ 37
Vaughan	\$ 43
Ajax	\$ 51
Markham	\$ 55
North Middlesex	\$ 68
Thames Centre	\$ 72
Richmond Hill	\$ 83
Brampton	\$ 95
King	\$ 97
Guelph	\$ 120
Mississauga	\$ 124
Cambridge	\$ 136
St. Thomas	\$ 156
Orillia	\$ 162
Newmarket	\$ 187
Aurora	\$ 199
Middlesex Centre	\$ 205
Waterloo	\$ 225
Ottawa	\$ 235
London	\$ 243
Kitchener	\$ 260
Windsor	\$ 270
Port Colborne	\$ 274
Average	\$ 143

Tax Policies

Tax Policies

The relative tax burden in each class of property will be impacted by the type of tax policies implemented in each municipality. As such, an analysis of the 2025 tax policies that impact the relative tax position was completed and has been summarized to include the following:

- ***Comparison of Tax Ratios***
- ***Delegation***
- ***Summary of Optional Classes***

Comparison of Tax Ratios

Tax ratios reflect how a property class' tax rate compares to the residential rate. Changes in tax ratios affect the relative tax burden between classes of properties. Tax ratios can be used to prevent large shifts of the tax burden caused by relative changes in assessment among property classes as well as to lower the tax rates on a particular class or classes.

Summary of Optional Classes and Subclasses

In Ontario, municipalities must use eight mandatory property tax classes, but they can also adopt six optional classes and eight optional subclasses to refine property taxation further. The advantage of creating an optional class and subclass is that it provides additional flexibility to tax properties within these classes at a different rate compared to the broader class, serves as an economic development tool and balances revenue by shifting tax burden between property sectors. Municipalities have the option of establishing any of the optional property classes or subclasses allowed in the legislation.

Optional Classes include:

- Office buildings
- Shopping Centers
- Parking Lots and vacant land
- Large Industrial
- New construction (commercial, industrial, office, shopping centre)
- Professional sports facilities

Optional Subclasses:

- Vacant land (commercial/industrial)
- Excess land
- Farmland awaiting development (phase 1 and 2)
- Small-scale commercial
- Small-scale industrial
- New construction (commercial, industrial, office, shopping centre)
- Professional sports facilities

Provincial Ranges of Fairness

The "Range of Fairness" represents what the Province determines is a fair level of taxation for various types of properties relative to the tax burden on the residential class. These ranges ensure that taxes are not shifted onto properties that are already subject to high/low tax rates. Municipalities can leave their tax ratios at their current level or elect to move towards the ranges of fairness. The following table summarizes the Provincially Legislated Ranges of Fairness:

Property Class	Range of Fairness
Residential	1.00
Multi-Residential	1.00 - 1.10
New Multi-Residential	1.00 - 1.10
Commercial	0.60 - 1.10
Commercial - Small-Scale On-Farm Business	0.60 - 1.10
Industrial	0.60 - 1.10
Industrial - Small-Scale On-Farm Business	0.60 - 1.10
Aggregate Extraction	0.60 - 1.10
Pipelines	0.60 - 0.70
Farmlands	0.0 - 0.25
Managed Forests	0.25
Farmlands	0.60 - 1.10

Comparison of Relative Taxes

Comparison of Relative Taxes

The purpose of this section of the report is to undertake "like" property comparisons across each municipality and across various property types. In total, 12 property types were defined based on those property types that were of most interest to the participating municipalities and that represented all potential optional classes. The Residential, Multi-Residential, Commercial, and Industrial classes are represented in the study.

The relative taxes are calculated by taking current value assessment of the sample properties in this section of the report and applying the total property tax rates for each classification of property. This uses the current reassessment based on property values as of January 1, 2016, and the phase-in cycle applies to the 2025 taxation years in this report.

Due to the pandemic, the Ontario government has postponed the 2020 Assessment Update. On August 16, 2023 the Ontario government filed a regulation to amend the Assessment Act, extending the postponement of a province-wide reassessment through the end of the 2021-2025 assessment cycle.

Property assessments for the 2025 property tax year will continue to be based on January 1, 2016 current values. This means properties' assessments remain the same as they were for the 2024 tax year, unless there have been changes to properties, for example:

- A change to a property including an addition, new construction, or renovation
- A structure on a property that was assessed for the first time
- A change to a property's classification
- A property no longer qualifies as farmland, conservation land or managed forests
- All or part of a property no longer qualifies to be tax exempt

Current Value Assessment is defined as the amount of money a property would realize if sold at arm's length (by a willing seller to a willing buyer with no relationship to each other). To calculate a property's assessed value, MPAC analyzes market information from similar types of property in the vicinity.

While all properties are evaluated using current value assessment, there are three methods used for this analysis:

- the selling price of a property (residential)
- the rental income a property generates (office building)
- the cost to replace a property (industrial)

Each method takes into consideration the location of a property, the size and quality of any buildings and features which might enhance or reduce a property's value.

Comparison of Relative Taxes

In order to calculate the relative tax burden of "like" properties, every effort was made to select a sample of properties within each municipality for each property to hold constant those factors deemed to be most critical in determining a property's assessed value using property descriptions as outlined on the next page. However, given the number of factors used to calculate the assessed value for each property, and the inability to quantify each of these factors, the results should be used to provide the reader with overall trends rather than exact differences in relative tax burdens between municipalities. By selecting multiple property types within each taxing class (Residential, Multi-Residential, Commercial, and Industrial), and by selecting multiple properties from within each municipality and property subtype, where available, the likelihood of anomalies in the database has been reduced. However, it is recommended that focus should be on the trends rather than the absolutes.

There are many reasons for differences in relative tax burdens across municipalities and across property classes. These include, but are not limited, to the following:

- The values of like properties vary significantly across municipalities
- The tax burden on the different property classes within a municipality varies based on the tax ratios
- The use of optional property classes
- Non-uniform education tax rates in the non-residential classes
- The level of service provided and the associated costs of providing these services
- Access to other sources of revenues such as dividends from hydro utilities, gaming and casino revenues, user fees, etc.

Notes

Urban rates were used in each municipality where there is area rating. The City of Toronto, due to the size and current value assessment differentials across the City, has been divided into four areas: North, South, East and West. For some property types, municipalities are not represented due to the lack of comparable properties available or a decision by the municipality not to include a particular category in the analysis.

Description of Comparable Properties Used in the Analysis

- **Residential - Single Family Detached Home** - A detached three-bedroom single storey home with 1.5 bathrooms and a one car garage. Total area of the house is approximately 1,200 sq.ft. and the property is situated on a lot that is approximately 5,500 sq.ft. In smaller more rural municipalities, it was sometimes necessary to use larger lot sizes. Comparison of taxes on a per household basis.
- **Residential - 2 Storey** - A two storey, three bedroom home with 2.5 bathrooms, two car garage. Total area of the house is approximately 2,000 sq.ft. on a lot approximately 4,000-5,000 sq.ft. Comparison of taxes on a per household basis.
- **Residential - Senior Executive** - A two-storey, four of five-bedroom home with three bathrooms, main floor family room plus atrium or library. A full unfinished basement and an attached two car garage. The house is approximately 3,000 sq.ft., with an approximate lot size of 6,700 sq.ft. Comparison of taxes on a per household basis.
- **Multi-Residential - Walk-up Apartment** - Multi-residential, more than six self-contained units but does not include row housing. Typically, this type of property is older construction, two to four storeys high. Comparison of taxes on a per unit basis.
- **Multi-Residential - Mid/High-Rise Apartment** - Multi-residential, more than six self-contained units and four+ storeys but does not include row housing. Comparison of taxes on a per unit basis.
- **Commercial - Neighbourhood Shopping Centre** - A neighbourhood shopping centre is typically the smallest type of center comprised of retail tenants that cater to everyday needs such as drugstores, convenience stores and hardware stores. Size varies from 4,000 to 100,000 sq.ft. Comparison of taxes on a per square foot of floor area.
- **Commercial - Office Building Class** - Selection was focused on buildings in prime locations within the municipality. Comparison of taxes on a per square foot of gross leasable area basis.
- **Commercial - Hotel** - Typically over 100 rooms. Comparison of taxes on a per suite basis.
- **Commercial - Motel** - Typically newer construction, franchised. Comparison of taxes on a per suite basis.
- **Industrial - Vacant Land** - Selection of properties were based on serviced land under 5 acres. Comparison of taxes on a per acre basis.
- **Industrial - Large Industrial** - Greater than 125,000 sq.ft. Comparison of taxes on a per square foot of floor area basis.
- **Industrial - Standard Industrial** - Under 125,000 sq.ft. in size typically characterized by newer construction and flexible design. Comparison of taxes on a per square foot of floor area basis.

Water/Wastewater

Water and Wastewater Financial Information and Analysis

This section of the report includes the following financial information and analysis:

- *Water and Wastewater Rate Structure Overview*
 - *Comparison of Residential Water/WW Fixed Costs as a % of Total Annual Water/WW Costs*
 - *Comparison of Frequency of Billing*
 - *Comparison of Water versus Wastewater Revenues*
 - *Comparison of Type of Rate Structure*
 - *Comparison of Water/Wastewater Costs*
- *Water/Wastewater as a % of Average Household Income*
- *Financial Indicators*
 - *Water/WW Asset Consumption Ratio*
 - *Water/WW Reserves as a % of Own Source Revenues*
 - *Water/WW Reserves as a % of Accumulated Amortization*
 - *Water/WW Debt Interest Cover Ratio*
 - *Water/WW Net Financial Liabilities Ratio*

Water and Wastewater Rate Structure

The establishment of water and wastewater rates is a municipal responsibility and the absence of standard procedures across Ontario has resulted in the evolution of a great variety of rate structure formats. It is important that rates be based on sound policies and principles and that they are defensible by staff and Council. There are recognized processes to be followed in undertaking water/wastewater rate studies, published by various industry leaders including the American and Canadian Waterworks Association (AWWA and CWWA). Municipalities, however, are limited in their options based on the availability of information to calculate class rate structures.

BMA has undertaken water and wastewater rate studies on behalf of numerous municipalities. During these studies, our findings are consistent with that of the CWWA which states that, despite industry trends in rate setting, there is, and always will be, a lot of variation in rate setting practices given that there is no single rate setting approach or rate structure. Municipalities have different objectives in setting rates including, but not limited to:

- *Conservation*
- *Revenue Stability*
- *Fairness*
- *Economic Development*
- *Financial Sufficiency*
- *Rate Stability*
- *Ease of Implementation*
- *Ease of Understanding*

The process typically followed by municipalities in setting water and wastewater rates is to:

- Identify Evaluation Criteria/Objectives
- Identify Revenue Requirements for each Service
- Allocate Costs - Capital, Operating & Maintenance
- Calculate Unit Costs - Allocate Fixed and Volumetric Costs
- Design the Rate Structure - Inclining, Declining, Uniform, # of Blocks, etc.
- Assess the Effectiveness in meeting the Objectives
- Assess the Impact on Various Classes and Types of Users

Fixed Costs

As stated by the CWWA, at the heart of the methodology for setting water rates is the concept of a two-part rate structure; a volumetric charge and a fixed charge. Municipalities must determine whether to separately charge a fixed cost to its customers and to determine the types of costs that are to be recovered from a monthly charge. These decisions are made, as well, based on the overall objectives of the municipality. For example, a high allocation to the fixed charge is generally not practical since it results in a volumetric charge that is too low relative to the fixed charge. This is not recommended if water efficiency is an important objective in rate setting. While a high allocation of capital costs to volume will promote water efficiency, there is an increased revenue risk brought about by the increased reliance on the volumetric charge to recover fixed costs.

The table on the next page summarizes the allocation of costs that are being recovered from a fixed monthly charge across the survey using a Residential customer consuming 200 m³. It should be noted that the percentage of fixed will vary within a municipality depending on the amount of water consumed and the type of customer. This example provides the allocation on a typical Residential customer for comparative purposes.

- 106 of the 126 municipalities (two municipalities don't have water – Puslinch and Wainfleet), charge a monthly fixed charge to their customers to recover customer related costs.
- The extent to which fixed monthly charges as a percentage of the total residential bill varies from a low of 0% to a high of 100%.

Volumetric Rate Structure

There are a number of different rate structures used by municipalities. The following summarizes the most common types of rate structures:

- Uniform Rate Structure (U in the table in the next several pages) - The most common rate structure is the uniform rate for water and wastewater services. A uniform rate structure means that the price per unit remains constant despite consumption and despite the class of user. The cost is calculated by dividing the total cost of the service by the total volume used by customers.
- Declining (Regressive) Block Rate Structure (D in the table in the next several pages) - In a declining block rate structure, the unit price of water decreases as the volume consumed increases. This structure charges low volume users the highest rate, which is often residential consumers. Declining rate structures are the second most common type of rate structure.
- Inclining (Progressive) Rate Structure (I in the table in the next several pages) - The main objective of an increasing block structure is to encourage conservation. The rates in an inclining (progressive) rate structure increase as consumption increases by establishing thresholds or blocks at which the rate would change. For inclining block rate structures, the block (quantity) shift points are generally based upon the unique demand characteristics of each user class and are focused on user demand points to enhance water usage awareness. Customer awareness, combined with price incentives, are critical elements in modifying consumption behavior.
- Humpback Rate Structure (H in the table in the next several pages) - A humpback rate structure uses a combination of increasing and decreasing block rates: rates first increase, then decrease in steps as consumption increases. This approach targets high volume users, and then provides lower cost for very high-volume users.

The next several pages summarize the type of rate structure employed in each municipality. Four columns have been included as some municipalities employ a different type of rate structure for Residential and Non-Residential properties and also for water and wastewater services. The following table summarizes the results:

Municipality	Water Residential	Water Non-Res.	WW Residential	WW Non-Res.
Uniform	61%	67%	68%	71%
Declining	9%	13%	9%	12%
Inclining	17%	11%	10%	8%
Humpback	9%	9%	9%	9%
Flat	5%	0%	3%	0%
Total	100%	100%	100%	100%

Water and Wastewater Financial Indicators

Ontario municipalities that are responsible for the provision of drinking water are required to meet the requirements set out in the Financial Plans Regulations O.Reg.453/07. Ontario Reg. 453/07 provides the following parameters with regards to s.30 (1) part b of the SDWA for new water systems:

- Financial plan must be approved by Council resolution (or governing body) indicating that the drinking water system is financially viable;
- Financial plan must include a statement that the financial impacts have been considered and apply for a minimum six-year period (commencing when the system first serves the public);
- Financial plan must include detail regarding proposed or projected financial operations itemized by total revenues, total expenses, annual surplus/deficit and accumulated surplus/deficit (i.e., the components of a "Statement of Operations" as per PSAB) for each year in which the financial plans apply;
- Financial plans are to be made available to the public upon request and at no charge;
- If a website is maintained, financial plans are to be made available to the public through publication on the Internet at no charge; and
- Notice of the availability of the financial plans is to be given to the public.

The Ministry of the Environment released a guideline ("Towards Financially Sustainable Drinking-Water and Wastewater Systems") that provides possible approaches to achieving sustainability. The Province's Principles of Financially Sustainable Water and Wastewater Services are provided below:

- **Principle #1:** Ongoing public engagement and transparency can build support for, and confidence in, financial plans and the system(s) to which they relate.
- **Principle #2:** An integrated approach to planning among water, wastewater, and storm water systems is desirable given the inherent relationship among these services.
- **Principle #3:** Revenues collected for the provision of water and wastewater services should ultimately be used to meet the needs of those services.
- **Principle #4:** Life-cycle planning with mid-course corrections is preferable to planning over the short-term, or not planning at all.
- **Principle #5:** An asset management plan is a key input to the development of a financial plan.

- **Principle #6:** A sustainable level of revenue allows for reliable service that meets or exceeds environmental protection standards, while providing sufficient resources for future rehabilitation and replacement needs.
- **Principle #7:** Ensuring users pay for the services they are provided leads to equitable outcomes and can improve conservation. In general, metering and the use of rates can help ensure users pay for services received.
- **Principle #8:** Financial Plans are "living" documents that require continuous improvement. Comparing the accuracy of financial projections with actual results can lead to improved planning in the future.
- **Principle #9:** Financial plans benefit from the close collaboration of various groups, including engineers, accountants, auditors, utility staff, and municipal council.

Monitoring of the financial indicators guide planning and decision making will help ensure that:

- Assets are protected and maintained
- Rates are stable and predictable
- There is a fair sharing in the distribution of future and current ratepayers
- There are sustainable cash flows
- There is financial flexibility
- Financial vulnerability is minimized

Past financial performance should be assessed relative to the financial indicators. This will reveal any areas of a municipality's financial strategies that require particular focus in order to secure ongoing financial sustainability.

Asset Consumption Ratio

This ratio shows the value of the tangible capital assets that have been consumed. This ratio seeks to highlight the aged condition of the assets and the potential asset replacement needs. A higher ratio may indicate significant replacement needs. However, if assets are renewed and replaced in accordance with an asset management plan a high ratio should not be a cause for concern. The Ministry of Municipal Affairs and Housing considers a ratio of 25% or under to be relatively new; 26%-50% to be moderately new; 51%-75% to be moderately old and over 75% to be old.

Water Debt Interest Cover Ratio

This ratio indicates the extent to which rate revenues are committed to interest expenses and is calculated as Debt Interest as a percentage of water revenues. It is important to monitor this trend to help ensure that debt interest does not overly reduce flexibility.

Water Net Financial Liabilities Ratio

Net Financial Ratio is debt principal outstanding minus reserves as a percentage of operating revenue. This Ratio indicates the extent to which financial liabilities could be met by its operating revenue. Where this ratio is falling it indicates that the municipality's capacity to meet its financial obligations from operating revenue is strengthening. An increase in the net financial liabilities ratio means that a municipality is incurring higher net operating costs (e.g., as a result of additional maintenance and amortization costs associated with acquiring new assets). There is no optimal number or range for this indicator. What is important is that a municipality understands and is comfortable with the ratio that has been determined based on future needs and long-term financial sustainability.

Average Municipal Burden as a % of Income

Taxes and Water and Wastewater Costs as a Percentage of Income

A comparison was made earlier in the report of relative property tax burdens and water/wastewater costs on comparable properties. This section of the report provides a comparison of the allocation of gross income to fund municipal services on a typical household in each municipality.

The approach used to calculate taxes as a percentage of income was to compare the average income in a municipality from the 2025 Manifold Data Mining report against the tax burden on a typical home in the municipality using weighted median dwelling values and applying the 2025 residential tax rates for each municipality.

A comparison was also made with the inclusion of water and wastewater costs on a typical Residential property. This assumed an average annual consumption of 200 m³.

Economic Development Programs

Economic Development Programs

Many communities are struggling to maintain a competitive advantage in a rapidly changing global economy. There are many forms of economic development programs used across Ontario to encourage growth. Programs to promote economic development include, but are not limited to:

- Grants
- Interest Free Loans
- Tax Incremental Financing
- Corporate Visitation Programs
- Ambassador Programs
- Refund/waiving of fees
- Business Enterprise Centers
- Municipal land assembly
- Brownfield programs
- Downtown programs
- Heritage restoration programs
- Developing networks and business directories
- Developing newsletters

These activities are directly linked to the long-term ability of communities to foster new public and private investment, create employment opportunities, increase income levels and reduce poverty.

The report focuses on the following key areas of economic development programs.

- *Business Retention & Expansion Programs*
- *Downtown/Area Specific Programs*

Legislation

Ontario Legislation

The following section provides an overview of various Ontario legislation related to financial assistance and other financial incentives that may be used to encourage development and redevelopment in municipalities. This information has been taken from excerpts from a Ministry of Municipal Affairs and Housing document “Municipal Financial Tools for Planning and Development”.

Municipal Act

The Municipal Act (subsection 111(1)) prohibits municipalities from directly or indirectly assisting any manufacturing business or other industrial or commercial enterprise through the granting of bonuses. Notwithstanding the bonusing rule, subsection 111 (2) of the Municipal Act permits, with the Ministry of Municipal Affairs approval, certain financial assistance for the purpose of implementing a community improvement plan that has been adopted under the provision of Section 28 of the Planning Act.

Planning Act

Section 28 of the Planning Act sets out the authority for municipalities to designate community improvement project areas and adopt community improvement plans.

Once a municipality has approved community improvement policies and designated a community improvement project area, it may use the powers afforded through subsection 28(7) to issue grants or loans to registered or assessed owners of lands and buildings within the designated areas.

Ontario Heritage Act

Sections 39 and 45 of the Ontario Heritage Act allows municipalities to make grants or loans to owners of heritage designated properties. These grants or loans are to pay for all, or part of, the cost of alteration of the designated property, on terms and conditions established by municipal council.

Development Charges Act

The Development Charges Act, 1997 provides the legal basis for Ontario municipalities to impose growth-related development charges in order to recover some or all of the capital costs of new municipal infrastructure requirements resulting from new development. The services eligible to be funded from this source include transportation (roads and transit), sewer, water and other services that must be provided to serve residential and non-residential growth.

Paragraph 10 of subsection 5(1) of the Development Charges Act, 1997 permits municipalities to give full or partial exemption for some types of development. In the interest of economic competitiveness and job

creation or preservation, many Ontario municipalities have chosen to use this section to wholly or partially exempt new industrial development and larger expansions of existing industrial buildings from the imposition of local development charges.

Under subsection 2(7) of the Development Charges Act, 1997, municipalities may exempt areas of the municipality from the application of a development charges bylaw. Such areas could include a downtown or development area, including community improvement project areas under the Planning Act. Municipalities may also adopt area by-laws not including a specific area.

Ajax

The Town of Ajax continues to foster a dynamic and inclusive business environment through strategic initiatives, partnerships, and resources aimed at supporting growth, innovation, and community well-being. The Town offers entrepreneurial programs (**UpNext Ajax**), **PriorityPath** (accelerated processing, pre-servicing). There are also local business services and organizations:

- The **Ajax-Pickering Board of Trade** - The Board of Trade hosts various networking events and annual activities, advocate to various levels of government on behalf of business.
- The **Business Advisory Centre of Durham (BACD)** is a regionally focused organization that serves start-ups, new businesses as well as existing businesses seeking services to assist in growth initiatives.
- The **Spark Centre** serves technology and innovation entrepreneurs who require knowledge and support to launch, develop, and grow.
- **Community Development Centre Durham (CDCD)** is an independent, not-for-profit social planning organization that has been working to enhance the quality of life for individuals, families and communities in Durham.
- **Durham Immigration Portal** is a one-stop, community-based immigration web portal, designed to welcome, support, attract and retain skilled newcomers, newcomer entrepreneurs, and new residents

The Town of Ajax operates two Community Improvement Plans (the Downtown CIP and the Pickering Village CIP) to encourage rehabilitation initiatives and stimulate development in these areas. Each CIP is comprised of several property-incentive grants programs designed to help achieve local development objectives.

- The **Municipal Property Acquisition, Investment and Partnership Program** helps establish public and private partnerships to ensure the optimized redevelopment of properties within the Downtown CIP area;
- The **Commercial Property Accessibility and Beautification Grant Program** provides financial assistance of commercial and institutional properties for improving accessibility and/or the general visual appearance of their businesses;
- The **Patio Grant Program** provides financial assistance to owners of commercial properties for the construction of permanent patios to enhance streetscape character and activity;
- The **Façade Improvement Grant Program** promotes sensitive redesign and restoration of existing building facades to enhance the existing image of the area;
- The **Sign Grant Program** promotes new signage that is sensitive to the character of Pickering Village and improve the streetscape;

- The **Interior Renovation Grant Program** promotes the renovation of interior spaces in existing buildings to support desired land uses;
- The **Cash-in-Lieu of Parking Equivalency Grant Program** provides grants equal in value to cash-in-lieu of parking payments for desired land uses where on-site parking facilities are not feasible.

Municipal Accommodation Tax (MAT) - As of April 1, 2025, Ajax introduced a 5% Municipal Accommodation Tax on short-term accommodations such as hotels, motels, and rentals via platforms like Airbnb and VRBO. Revenue from the MAT is split evenly: 50% supports local tourism initiatives through Durham Tourism, while the other 50% funds municipal tourism-related projects.

Aurora

The Town of Aurora actively pursues strategies to foster a robust and diversified local economy. This involves initiatives aimed at attracting new businesses, supporting existing ones, and creating an environment conducive to growth and innovation. The town focuses on enhancing its competitive advantage as a highly desirable municipality for investment and talent. Here are four key aspects of the Town of Aurora's work in economic development:

- **Targeting Growth Sectors and Attracting New Investment:** The town actively seeks to attract businesses in key sectors such as Information Technology, Financial, Insurance & Accounting Services (FinTech), Food Processing, Health and Life Sciences (MedTech), and Advanced Manufacturing, while also working to diversify its existing economic base.
- **Creating a Competitive Business Environment:** Efforts are made to streamline processes for businesses, provide accessible resources, and ensure a supportive regulatory framework that encourages entrepreneurship and expansion.
- **Establishing Downtown Aurora as a Destination:** Significant investments, such as the Aurora Town Square, are strategically undertaken to revitalize the downtown core, aiming to create a vibrant hub that attracts businesses, residents and visitors.
- **Improving Quality of Life through Community Programming:** The town recognizes that a high quality of life, including access to heritage, arts, culture, and community events, is crucial for attracting and retaining businesses and residents, thereby contributing to long-term economic prosperity.

Aylmer

The following are descriptions of the financial incentive programs offered at the discretion of Town Council within all or parts of the identified Community Improvement Project Areas:

- **Planning Application and Building Permit Fees Grant Program** - equal to up to 50% of the planning and building permit fees.

- **Development Charges Grant Program** - equal to up to 50% of the fees paid under the Town Residential DCs.
- **Cash-in-Lieu of Parkland Grant Program** – can equal to up to 50% of the fees paid for cash-in-lieu of parkland.
- **Property Tax Increment Equivalent Grant Program** - following project completion at a percentage of up to 50% of the increase of in the municipal portion of property taxes and diminish each year over 5 years.
- **Façade Improvement Program** - available for 50% of the construction costs to a maximum grant of \$5,000 per applicant to offset design and other professional costs and construction costs

Barrie

Invest Barrie supports economic growth by offering comprehensive programs and services designed to grow the city's employment base, foster innovation, and strengthen the local business, arts and culture, and tourism sectors. Business Retention & Expansion initiatives include:

- **Investment Attraction**
 - promotes Barrie as a premier investment destination through targeted engagement with site selectors, realtors, and government representatives. In collaboration with the City's International Relations Committee (IRC), these efforts focus on advancing foreign direct investment (FDI) and market expansion by participating in key trade shows, international relations activities, and trade missions.
- **Expansion and relocation Support** – assists businesses relocating to or expanding within Barrie by providing guidance with site selection, permits, and approvals.
 - Development & Building Approvals Guide offers information to help businesses understand the development and permit requirements before purchasing or leasing a property.
 - Signature Sites featured on the Invest Barrie website highlight available industrial and office spaces larger than 10,000 sq. ft.
- **Housing Community Improvement Plan (CIP)** - applies city-wide and encourages rapid investment in new housing units by offering financial incentives, including Per Door Grant Program, Development Charges (DC) Deferral Requests, Tax Increment Equivalent Grant (TIEG) Program, Exemption from Planning Application Fees Program.
- **Conservation of Built Heritage Community Improvement Plan (CIP)** - applies city-wide and encourages the conservation of designated heritage properties.
- **Employment Lands Development Community Improvement Plan (CIP)** - currently in development and designed to offer incentives to support job-creating investments in designated employment zones.

- **Barrie's Regional Innovation Centre (RIC)** - Barrie is home to Ontario's newest RIC, building on the City's existing investments in the Sandbox Centre to support businesses and entrepreneurs. The RIC program is dedicated to helping startups scale their ventures by connecting them with funding, mentorship, technology, and innovation partnerships.
- **Small Business Centre & Entrepreneur Support** - provides services such as one-on-one business plan consultations, business feasibility assessments, regulatory guidance, coaching, seminars, networking events, and access to micro-grant programs, including:
 - Summer Company: offering a maximum award of \$3,000 for youth entrepreneurship.
 - Starter Company Plus: a guided mentorship and training program with potential access to a grant of up to \$5,000.
 - Health Venture Pilot Program: a specialized stream supporting paramedical entrepreneurs and health-focused small businesses ready to grow.
- **Arts & Culture Investment Fund (ACIP)** – provides annual grants that strengthen Barrie's arts and culture community through strategic investments in not-for-profit arts and culture organizations. This funding advances the City's cultural development goals outlined in the Culture Plan and Public Art Strategy. Other initiatives that support Barrie's creative industry include the Barrie Arts Awards, Culture Days, the Busing Program, artist mentorship opportunities, and a variety of workshop series.
- **Tourism Development** – implements the City's Tourism Master Plan and Sports Tourism Strategy to boost tourism growth and economic activity through strategic projects and investment of the Municipal Accommodation Tax revenue into the local tourism sector, including events like the Barrie Air Show.
- **Downtown Patio Program** – offers downtown businesses to extend outdoor dining experiences during summer by expanding patios to the edge of the street.

Belleville

- **Pop-ups on the Bay project:** The project has developed into a destination on our waterfront and supports local business by allowing new businesses an inexpensive way to get started as well as allowing some existing businesses to branch out of their existing location.
- **Doctor Recruitment.**
- **Holiday Market:** The City is working with their partners at the BDIA and Chamber to permit small 'pop-up' type structures located in downtown that house local vendors selling their goods and services.
- **Skills Development Fund Apprenticeship Support Project:** A \$550,000 project funded almost entirely by the Provincial Skills Development Fund to implement a one-year program that will provide wrap around supports to apprentices and businesses supporting apprentices to increase the rate of local people

successfully completing their entire apprenticeship program through to licensing. The City has partnered with the College on this project.

- **Work in Quinte Project:** The City of Belleville is the lead community working on a project to redevelop the current “Work in Belleville” program as a regional project – “Work in Quinte”. The existing program involves the completion and updating of a regional data base that collects resumes from anyone looking to work in the region. At present, Belleville staff categorize these resumes and screen and provide these resumes to Belleville employers looking for the skills sets identified in the resumes.
- **Rural Business Marketing Initiative:** Staff is working with businesses to develop a marketing strategy for businesses north of Highway 401.
- **Ontario Immigrant Nominee Pilot Project (OINP):** Belleville was chosen by the Province to be one of three communities in Ontario to participate in the OINP. This pilot program participation is intended to test a program that will encourage newcomers to settle in rural Ontario. Labour needs are extreme and this program is extremely helpful, almost exceeding the allocation provided to Belleville.
- **E-Commerce Project:** The City provides services of an e-commerce consultant free of charge to local businesses that were looking to develop or improve their on-line presence.
- **Municipal Accommodation Tax (MAT):** 4% on rental rates fewer than 30 days to support tourism development.

Bracebridge

- **Redevelopment of Arena Lands** - Through 2025, the Economic Development branch is exploring options for development of the now vacant “arena lands”. The aim is to seek a development consisting of a mix of affordable residential units on the upper level and commercial space on the lower level.
- **Community Improvement Plan (CIP) Guideline Review** - Through a Community Improvement Plan (CIP), the Town of Bracebridge offers a series of financial programs available with a combination of grants and loans designed to leverage private sector investment to stimulate development and redevelopment. CIP programs provide up to 50% of the total cost of eligible projects, to a maximum amount. CIP programs include:
 - **Building Improvement Grant/Loan** - Provides building owners up to 50% of construction costs to a maximum municipal contribution of \$10,000. Of this amount, 50% is a grant and 50% is an interest free loan. Projects can include structural repairs, roofing, windows, doors, mechanical systems upgrades, insulation, accessibility improvements, etc.
 - **Energy Efficiency Retrofit Grant / Loan Program:** Provides up to 50% of the cost of a retrofit up to a municipal maximum of \$10,000 (50% grant and 50% loan). Property owners can apply for any two programs in a calendar year. They are eligible to apply with new projects in any

subsequent year. Completed applications are reviewed and assessed by the Community Improvement Plan Implementation Committee.

- **Facade Improvement Grant/Loan:** Available in the Central Business, the District Shopping Area and mixed-use areas and provides building owners up to 50% of the cost of approved facade improvements to a municipal contribution of \$10,000. Of this amount, 50% will be grant and 50% will be an interest-free loan.
- **Housing Grant/Loan:** The purpose is to increase the number of residential units in this area by rehabilitating upper floor/rear building residential units; create new residential rental units on properties containing existing commercial buildings; and, rehabilitate existing multi residential units in the Central Business District and mixed-use areas. This provides building owner with up to 50% of project costs to a municipal maximum of \$6,000 per unit. Of this amount, 50% will be grant and 50% will be an interest-free loan. Building owners can apply for 4 apartment units per application.
- **Property Improvement Grant/Loan:** Available to all existing commercial, industrial, institutional or mixed-use buildings within the Central Business District, the District Shopping area, Business Areas and Industrial Areas. Provides up to 50% of the approved property improvement project to a municipal maximum of \$8,000 of which 50% will be grant and 50% will be an interest free loan.
- **Signage Improvement Grant:** Provides the applicant up to 50% of the cost of a new sign to a maximum of \$2,000. Property Improvement Grant/Loan. Extended to include all industrial, commercial and business areas of the urban core (except home-based businesses).
- **Tax Increment Equivalent Grant:** The purpose is to defer (for a period of time) a property tax increase resulting from a significant developments or redevelopment of an eligible property. Grants may be equal to up to 100% of the municipal portion of the tax increase in year one, decreasing by 10% in the following years for a 10-year period.
- In 2025, the program implementation guidelines are set to be revised (a process that takes place every five years). The fundamental purpose and direction of the CIP will remain the same.

Brampton

- **Brampton Economic Development & Culture**
 - Economic Development Services
 - Business expansion and relocation support
 - Concierge expeditor services

- Market research and data
- Site selection services
- Workforce and employment development
- Private consultations
- Strategic partnership guidance
- Access to in-market research, market trends and demographics
- Information on and access to incentive programs
- Export and foreign investment and development
- Brampton Business Directory
- Grand openings
- Entrepreneurial Services - Delivered through the Brampton Entrepreneur Centre (BEC):
 - Guidance on business start-up
 - Free workshops and seminars
 - Starter Company+ and Summer Company grant programs
 - One-on-one consultations
 - Leading-edge information, resources and templates
 - Business plan reviews
 - Counsel on growth and change issues
 - Professional development and networking
 - Co-working space
 - Digital Main Street Program
- **Investment Services:** Customized support services for investors, developers, and businesses. Expeditor services that work across sectors and offer streamlined and expedited municipal approvals and helps with accessing incentive programs.
- **Site Selection and Economic Research:** Businesses are supported through their planning decisions and provided site selection services helping new and existing businesses in Brampton find a new site for their business. Research reports help businesses make informed decisions by providing them with economic data related to the local economy, labour market and general business environment.
- **Incentives and financial support:** The City of Brampton offers a suite of incentives designed to encourage economic development and job growth in high priority sectors and industries. These incentives include the Office Deferral and Waiver DC Program; the Tax Increment Equivalent Grant (TIEG) and the Major Office DC Incentive Program.
- **Economic Development Master Plan:** The City's Economic Development Office has developed an Economic Development Master Plan (EDMP) that provides guidance to the City's leadership and the business community on possible options and partnerships to achieve the desired economic results. The EDMP is designed as a strategic roadmap that stretches through to 2041 with a goal to create 140,000

jobs by 2041 and to position Brampton as global leaders in innovation, talent, jobs and investment. This goal is expected to be achieved through actionable strategies that focus on: Innovation and technology, talent and workforce development, investment attraction, enhancing competitiveness and optimization of employment lands.

- **Innovation District:** Brampton's Innovation District offers an ecosystem with facilities like co-working spaces, incubators and accelerators. It is a network and community of entrepreneurs, researchers and industry leaders. The Innovation District offers access to mentorship, training and funding to support companies in the innovation space from launch through scale-up.
- **Downtown Brampton BIA:** Downtown Brampton BIA is an urban Business Improvement Area (BIA) that focuses on promoting downtown as a vibrant business and shopping district. The BIA actively promotes Downtown Brampton by organizing events and managing beautification efforts that support local businesses and attract visitors. Events such as the Farmers Market and the Brampton Christmas Market not only helps businesses but also provides community engagement.

Brant County

- **Site Selection** – County staff assist site selectors and businesses looking for available land in the County. County website is equipped with a Brant specific site selection tool.
- **Business Visitation** – Staff actively visit businesses to discuss opportunities for growth, obstacles and potential partnerships.
- **Development Liaison Position** – staff position to help guide and be single point of contact for development application that create or retain employment in the County of Brant.
- **Promotion of Tourism** – active promotion of tourism businesses through a variety of channels including social media, print advertisement, promotions, and marketing to group tour operators.
- **Value Reports** – ongoing communication to the business community to demonstrate the work undertaken by County of Brant staff to achieve components of the strategy and contains economic development metrics around industrial and commercial building permits, community improvement plan uptake, and visitor spending.
- CIP for the historical downtown areas of Burford, Paris and St. George. County of Brant Community Improvement Plans include a comprehensive suite of grant that assist property owners and tenants with:
 - Facade improvement
 - Signage improvement
 - Property and Private Parking Area Improvement
 - Upper Story Apartment Improvement
 - Property and Private Parking Improvement
 - Planning and Building Application
 - Adaptive Commercial Reuse Grant

- Tax Increment Equivalent Program
- Brownfield Study
- Brownfield Property Tax Assistance

Brantford

City Business Support Services:

- Designated City staff person to work with and guide your company through the municipal approval process and assist in expediting any municipal approvals required
- Assist with temporary office space location search, as required, and related professional services, as requested (legal, accounting, banking, real estate)
- Assist with community integration process relating to healthcare, education, housing and lifestyle amenities; provide community familiarization tours as requested
- Familiarize new companies with the services offered through Newcomer Connections Brantford-Brant (www.newcomerconnections.ca)
- Assist Foreign Direct Investments in securing work visas through local MP Office

Brock

Brock's Downtown Community Improvement Plan (CIP) is designed to guide the revitalization of the downtown areas, offering grants and incentives to encourage private investment in downtown Beaverton, Cannington, and Sunderland (please see CIP brochure for Eligible Costs/Works for each program):

- **Property Improvement Program** – 50% of eligible costs up to a maximum of \$2,500 - \$5,000
- **Planning & Building Fees Program** – 100% of eligible costs up to a maximum of \$5,000
- **Downtown Housing Program** – 50% of eligible costs up to \$5,000 per unit to a maximum of 4 units
- **Signage Improvement Program** – 50% of eligible costs up to a maximum of \$2,500 - \$4,000
- **Development Charges Program** – 25% to 50% of eligible costs up to a maximum of \$5,000 - \$10,000
- **Façade Improvement Program** – 50% of eligible costs up to a maximum of \$3,000 - \$5,000
- **Commercial Support Program** – 50% of eligible costs up to a maximum of \$10,000

Brockville

- **The Leeds and Grenville Small Business Enterprise Centre**—Offers information and advice to anyone starting or managing a business. Working in partnership with the local Community Futures Development Corporations provides expertise and start-up capital.
- Economic Development programming includes: Investment attraction initiatives, outbound and inbound promotional missions/trade shows, Aftercare Programming including corporate call programs/BR&E, residential relocation programs, community register, local and regional partnerships, public relations and community communications and image building, newsletters/media releases, website development, data base management, industrial park management, advocacy, festival coordination, tourism investment and investment attraction, waterfront development, anchor attraction development, Investment/Market Readiness Initiatives, Award Recognitions Program, Direct Marketing, Infrastructure Assessment and Strategy, Professional Training, Ambassador Program/Speaking Engagements, Economic Impact Analysis, Advisory Board Participation and Facilitation, Branding, Performance Measurement and Tracking, Sector Development, Special Projects, Print Advertising, Gateway Signage.
- **Tax Increment Equivalent for Rehabilitation and Redevelopment (TIERR) Grant Program:** Grant provided depends on the amount of the municipal portion of property taxes that has increased as a result of the improvements. Grant of 100% of the increase in municipal realty taxes paid annually for a maximum period of five years.
- **Building and Plumbing Permit Fee Grant Program:** A grant equivalent to the fees paid for Building Permits and Plumbing Permits within a designated area. The program is meant to stimulate and encourage development and property improvements in downtown Brockville. The grant represents 100% of equivalent fees paid for building permits and plumbing permits for approved properties.
- **Heritage Signage Grant Program:** A grant to owners or tenants of buildings who construct a ‘Heritage’ sign on their buildings. A grant of \$1,000 or 50% of the cost of the sign, whichever is lesser, will be paid to the property owner or tenant.
- **Residential or Commercial Conversion/Rehabilitation Grant (RCCR) Program:** A grant to owners or tenants of buildings who choose to upgrade existing space on upper floors to create new or improved residential and/or commercial space in keeping with the original goals of the Downtown CIP. It provides the property owner or tenant with a grant equal to 50% of the costs for space converted or rehabilitated up to Twenty Thousand Dollars (\$20,000.00) per property subject to the approval of the Planning Department.
- **Façade Improvement Grant (FIG) Program:** A grant to owners or tenants of buildings who undertake restoration and/or rehabilitation of Program Area buildings in a fashion consistent with the original design or with the City’s Urban Design Guidelines and the requirements of the Ontario Building Code. It

offers a grant of up to 50% of the total cost of façade improvements where a project has a value of more than Two Thousand Dollars (\$2,000.00), said grant being not more than Ten Thousand Dollars (\$10,000.00) per annum, per property, per façade.

Bruce County

Small Business Support:

- **Consultations** - One-on-one consultations with specific topics such as: General start-up, expansion, and succession questions, Business registrations, Business plans, Marketing strategies, Market research, Financials, Human resources/staffing, Zoning, permits, regulations, and licenses
- **Training and Education** - free seminars and workshops offer entrepreneurs the opportunity to expand their knowledge on numerous topics including: Writing a business plan, Financials and bookkeeping, Marketing/target market, Human resources/staffing, Digital marketing, Online shopping, Retail management, Operations, General start-up and expansion information, Succession planning
- **Grants** - No-cost grant opportunities for Bruce County businesses:
 - Programs for future entrepreneurs of all skill level
 - Summer Company Plus
 - Starter Company Plus
 - Knowledge on other local grants and loans
- **Workforce Resources:**
 - Training and Skills Development
 - Diversity, Equity and Inclusion
 - Co-op and Apprenticeship
 - Employment Organizations and Partners
- **Training and Events:** Learn and grow with free training seminars and workshops, both in person and virtual.

Burlington

- The Burlington Economic Development Corporation (BEDC) is a public/private partnership providing economic development services for Burlington. They provide a company calling program to assist business retention and growth. Burlington has a “Jobs Burlington Campaign” which includes a website for high tech businesses to link to labour and workforce development.
- Tourism Burlington operates active programs to support tourism and has a destination marketing fund in operation with local hoteliers.

Caledon

The Town priorities are supported with the following programs and initiatives:

- **Tourism Strategy:** Visitor and business attraction
- **ICI Attraction:** Proactive initiatives focused on economic diversification, including a focus on key sectors - manufacturing; food and beverage; agriculture; finance & insurance; and professional, scientific and technical services
- **Business Retention and Expansion:** Corporate Calling and annual programs and workshops to address employer needs and support local business expansion
- **Industrial and Commercial Development Assistance:** Support for employers navigating development approvals in Caledon with the aim to enhance business friendliness
- **Workforce Development:** Local partnerships with Peel Halton Workforce Development Group and Jobs Caledon – Caledon Community Services
- **Community Partnerships:** Caledon continues to work with economic development ecosystem partners to provide access to business support services to local companies
- **Networking:** Business Breakfasts, business forums and business meetups to encourage networking, mentorship, innovation and collaboration
- **Marketing and Communications:** Dedicated business website: caledonbusiness.ca, monthly business newsletter, business directory and sector profiles
- **Green Development Supports:** Incentives and workshops to support the transition to green business operations, including GreenBiz Caledon partnership with Partners in Project Green and the Community Improvement Plan
- **DC Exemption:** For non-residential development within Caledon East Commercial Core Area and the Bolton Business Improvement Area.

- **Community Improvement Plans (CIP):** The purpose of the grants is to encourage investment in commercial, mixed-use and industrial properties and contribute towards greenhouse gas reduction, revitalization and beautification of the CIP areas.
- **Downtown Bolton Revitalization:** The goal of the Bolton Downtown Revitalization Plan is to improve the historic downtown area for residents, business owners and visitors.

Cambridge

- **Corporate Visitation Program** — The City strives to maintain positive relationships with key City employers, offering assistance where necessary and often acting as liaison between industry and City functions
- **Small Business Enterprise Centre** — supports those looking to start or expand a small business within Cambridge with business consultations, assistance with permits, information of available grants, seminars, workshops, mentorships and many other services.
- **GIS Planning** — An online mapping tool that provides access to current commercial and industrial real estate listings, community profiles amongst other data sets, and City specific asset information providing an opportunity for site seekers and developers to gather all necessary information in one place.
- **Site Selection Support for Expansion and Relocation** — Assistance for business owners who are seeking real estate in Cambridge – offering site identification, liaison services between City and developer/business owner, and data mining services.
- **Municipal Accommodation Tax (MAT) collection** — 4% on rental rates less than 30% to support local tourism.
- **Sector focused BR+E Programs** — Targeted business visitation program to gather data on a specific sector of focus and create a plan of action to address pain points specific to the sector.

Incentives - Core Areas

- **Commercial Property Improvement Grant Program (CPIG)** - for commercial property owners/ authorized tenants within the Core Areas with a maximum funding amount of any property to \$45,000.
- **Commercial Building Restoration, Renovation and Improvement Grant (CBRRIG)** - Matching grant of up to 50% of eligible costs up to a maximum grant amount. If the building is a single floor commercial, the maximum grant amount will be \$50,000 per property. If the building is two or more floors of commercial use, the maximum grant amount will be up to \$100,000 per property. Maximum grant may increase by \$5,000 for the inclusion of enhanced accessibility elements.

- **Mixed Use Conversion and Restoration Grant Program (MUCRG)** – To attract new investment and interest in converting currently non-residential vacant or underutilized upper storey space to residential units and renovating the existing commercial space located below.
 - The Commercial Restoration portion of the matching grant will be up to 50% of eligible costs up to a grant of \$50,000 per property. The maximum grant may increase by \$2,500 for the inclusion of enhanced accessibility elements to \$52,500 per property.
 - The Residential Conversion portion of the Grant Program will consist of a grant, whereby property owners will be eligible to receive a grant of up to \$10,000 for every new residential unit created or every unit that has been vacant on the upper floors of an existing mixed-use building, up to a grant of \$100,000 per property. The maximum grant may increase by \$2,500 per unit for the creation of accessible residential units up to a maximum of \$125,000 per property.
 - The total amount combined of the grant of the eligible costs is up to a maximum grant of \$150,000 per property. The total amount for projects that include accessible residential units as well as enhanced accessibility elements on the ground floor is a maximum grant of \$177,500 per property.
- **Tax Increase-based Equivalent Grant Program (TIEG)** - offers grants to eligible applicants whose City property tax has increased as a result of the planning or replanning, design or redesign, re-subdivision, clearance, development or redevelopment, reconstruction and rehabilitation of a property within one of the designated Core Areas Community Improvement Project Areas, resulting in the incremental improvement of the built character of these areas. Annual grants may be equal to 75% of the City's portion of the property tax increase.

Core Areas Waiver of Application Fees

- The following application fees may be waived if applications are for properties that are located within the Core areas as defined in the Official Plan. This waiver will only be applicable to mixed used, commercial and high-density housing, and will not be for single detached homes:
 - Pre-consultation.
 - Minor Variances.
 - Sign Permits and Sign Variances.
 - Building Permits.

Centre Wellington

- **Study Grant Program** – A grant equal to 50% of cost of eligible studies (to a maximum of \$7,500 per study, two studies per project, and \$12,500 per project). Eligible studies include professional urban design studies, heritage impact assessments, concept plans, structural analyses, site plan drawings,

market analyses, evaluation of existing and proposed building systems, traffic impact assessments, and environmental site assessments.

- **Façade and Property Improvement Grant Program** - A grant equal to 50% of cost of eligible front façade and property improvement works to a maximum grant per project of \$10,000. Maximum grant can be increased up to \$12,500 on a matching 50/50 basis for certain project types, including if the building is wider than 25 feet and/or has more than one storefront; if the project includes eligible side and/or rear façade improvement and restoration works that are visible from a public street or space, a laneway, parking lot, or the Grand River; if the building exterior and/or property has heritage features that are being restored.
- **Building Improvement Grant Program** - A grant equal to 50% of cost of eligible interior and exterior building improvement works to a maximum grant per project of \$10,000. Maximum grant can be increased up to \$12,500 on a matching 50/50 basis if the building interior has heritage features that are being restored.
- **Rental Housing Grant Program** - A grant equal to 50% of cost of renovating existing rental residential units to Code and/or constructing new rental residential units to a maximum of \$15,000 per unit, and a maximum of 4 units per property/project. Rental residential units created under this program must remain as rental residential units for a minimum of 20 years.
- **Rental Housing Development Charge (DC)** - Under this program, the Township Development Charge (DC) for construction of new rental residential units is payable in 21 equal annual installments. Rental residential units created under this program must remain as rental residential units for a minimum of 20 years.
- **Tax Increment Equivalent (TIEG) Program** - An annual grant for 5 years, equal to a percentage of the increase in the Township portion of property taxes that is generated by a "substantial project" (Year 1, 100%; Year 2, 80%; Year 3, 60%; Year 4, 40%; Year 5, 20%).
- **Downtown Fergus Illumination Grant Stream** - Funding up to \$6,500 per project: Includes up to \$2,500 for the purchase of compatible lighting equipment and up to \$4,000 for professional installation by a licensed contractor. All lighting must follow the Downtown Fergus Illumination Grant Lighting Guidelines.

Chatham-Kent

- **Corporate Visitation Program** – an aggressive program with over 600+ company visits conducted annually with the purpose of gathering information and data to support and foster the development of the local economy. Information is also provided on potential government and municipal funding opportunities as well as upcoming job fairs, networking opportunities, etc. while determining the needs, concerns and opportunities of the existing local businesses.

- **Small Business Centre** – provides access to business registrations, business planning, consultations, research, mentorship, seminars and workshops and government funding programs including Summer Company, Starter Company Plus and Foodpreneur.
- **Investment Attraction and Site Selection Services** – municipal staff assist investors and site selectors looking for available municipal and privately-owned land and buildings in the community and provide key relocation factors such as site selection, demographics, local labour information and municipal supports and incentives.
- **Workforce Development** – works closely with CK Jobs, the local Workforce Planning Board, local school boards and post-secondary institutions as well as local businesses to address local labour issues.
- **Business Networking/Information Seminars** – hosts a variety of specialized educational programming events to targeted business sectors as well as the local community.
- **Business Concierge Program** – staff undertake a Project Manager role to provide a “One-Point-Of-Contact” in the Department’s pro-business approach to facilitate and issue resolutions to help ensure that projects or issues are dealt with in an efficient manner.
- **Celebrating Success** – arrangement and promotion of local business successes i.e. Grand Openings, new location and ownership, anniversaries, etc.
- **Community Liaison Support Services** with local Business Improvement Associations and Chambers of Commerce, Business Development Bank of Canada, Community Futures Development Corporation of Chatham-Kent, etc.
- **Promotion of tourism services** – active promotion of tourism businesses and experiences through a variety of channels including social media, print advertisement, promotions and marketing to outside visitors, group tour operators and travel writers.
- **Property Tax increment Equivalent:** provides a tax rebate on newly developed, redeveloped, or rehabilitated commercial uses, employment uses, mixed-use commercial/residential buildings, major rental housing developments, hotels and affordable housing developments, where the development, redevelopment and rehabilitation project results in an increase in the assessed value and taxes on the property.
 - Commercial uses– up to 5 years, Tax rebate up to 100%. Minimum of \$250,000 in eligible costs in Downtown Areas. For commercial uses throughout the rest of Chatham-Kent, there must be a minimum of \$1M in eligible costs.
 - Employment Uses there must be a minimum of \$1M in eligible costs – Tax Rebate for up to 5 years of 100%.

- Major Employment Project – must be a minimum of \$10M in eligible costs. Tax rebate for up to 10 Years of 100%. Incentive levels for projects with an investment of \$50M or more may be set at Council’s discretion.
- Major rental or affordable housing developments – up to 10 years, Tax rebate 70% increment.
- Affordable Housing Developments (minimum 5 residential units of which 25% are affordable) – Tax rebate up to 10 years of 100%.
- Hotel Developments – minimum of \$1M in eligible costs. Tax rebate up to 5 years of 100%.
- **Building & Planning:** Grant equivalent of up to a maximum of 100% of planning application fees and up to \$20,000 of building permit fees levied
- **Façade Improvement Program:** provides a grant of up to 50% of eligible costs associated with the redesign, renovation or restoration of faces of commercial use and mixed-use commercial/residential buildings up to \$40,000 per property.
- **Residential Conversion and Affordable Housing Grant:** provides an incentive to the creation of new or rehabilitated dwelling units where permitted:
 - New affordable housing developments and secondary dwellings receive a grant of \$7,500 for each affordable housing
 - Mixed Use in Downtown Areas - \$7,500 per unit
 - ADUs – existing primary residential building that has been built or occupied for 5 years prior to grant application submission - \$20,000 plus \$5,000 for each additional unit – minimum of \$25,000 in eligible costs

Note: For most current rates please visit: <https://www.chatham-kent.ca/EconomicDevelopment/programs/Pages/Community-Improvement-Plan.aspx>

Clarington

- **Data and Marketing:** Economic Development has developed community profiles and sector profiles to promote the municipality and its sectors. The municipality has also invested in data tools which provide an enhanced overview of the strength of sectors and economy.
- **Business Retention and Expansion program is contracted to the Clarington Board of Trade.** In 2026, Clarington will request a formal BRE survey with a goal of contacting 100 business throughout the course of the year. Currently they run less formal programs like Roundtables with different sectors.

- **Business Improvement Areas:** Economic Development currently has three Business Improvement Areas. Clarington works with the downtown cores of Orono, Bowmanville and Newcastle to develop initiatives that support the downtown core.
- **Patio Program:** The municipality oversees patio permitting across the municipality.
- **Concierge Program:** In 2025, the municipality launched a concierge program which allows for a one window approach to non-residential development programs that breakdown investment barriers.
- **Community Improvement Grants:** These are being reviewed with an expectation that the municipality will be implementing a single municipality wide CIP. Programs are likely to include Accessory Dwelling Units (ADU) programs, Tax-increment grants, DC abatement grants, and planning/development fees. The municipality is also considering more unique programs like on farm diversified use programs.
- **Municipal Accommodation Tax:** The Municipality is currently researching Municipal Accommodation Tax programs for implementation in 2026.
- **Investment Attraction Programs:** In 2025, the Municipality developed an investment attraction program and Standard Operating Procedure to support investment attraction activities such as site selection, and promotion. In future years, Economic Development will expand its role into more active investment attraction by participating in trade missions with local employers.
- **Sector Support:** The municipality supports a variety of sectors. One of which being nuclear where economic development co-chairs the Central and Eastern Ontario Isotopes Alliance's working group.
- **Small business Training:** Economic Development partners with the local SBEC to promote training opportunities for small businesses. The next session will be on the establishment of side hustles.

Cornwall

- **Investment Attraction** – Economic Development staff assist site selectors and businesses looking for available land and buildings in Cornwall as well as provide key information such as demographics and utility rates via a number of brochures and maps.
- **Business Retention** - Staff actively visit businesses to discuss opportunities for growth.
- **Communication and Engagement** – Local business and community leaders are kept informed of relevant news via the ChooseCornwall.ca website and regular email newsletters.
- **Resident Attraction** – Efforts are made to attract new residents to Cornwall, in particular young workers that can meet the needs of local employers.
- **Development Charges** – Cornwall does not levy development charges for industrial development.

- **Strategic Plan** – Economic Development efforts are guided by a 5-year Economic Development Strategic Plan.
- **Cornwall Business Park** – Development, maintenance, and sale of employment lands to attract investment.
- **Cornwall Business Enterprise Centre** – CBEC offers a wide variety of programs and support for small business including Starter Company Plus, Summer Company and Digital Consult, in addition to a webinars and workshops.
- **Cornwall Tourism** – markets Cornwall to attract visitors, supports local tourism partners and supports the Tourism Development Fund which provides financial assistance to tourism projects.
- **Doctor Recruitment** – The City spearheads a Medical Recruitment Task Force which works to attract physicians to Cornwall.
- **Strategic partnerships** – Cornwall maintains strategic partnerships with a variety of organizations including the Chamber of Commerce, the Eastern Ontario Training Board, Community Futures Development Corporation and St. Lawrence College.
- **Regional Marketing** – Cornwall works with other regional municipalities to promote Ontario East both locally and abroad.
- **Rehabilitation Tax Increment Grant Program**—Reimbursement of part or all of the increase in municipal taxes paid as a result of improvements made to a building
- **Building Restoration & Improvement Program**—Loan to help with interior improvements to buildings
- **Project Design Grant**—Grant for such things as feasibility studies or concept drawings/architectural plans
- **Façade Improvement/Sign Grant, Discretionary Municipal Tipping Fees Grant**
- **Municipal Planning/Development Fees Grant**—A landowner upgrading or re-developing a property can receive full reimbursement for such things as an Official Plan/Zoning Amendments and Building Permit fees.

Dryden

- **Municipal Accommodation Tax:** City funds from the tax (50%) are earmarked for Waterfront Development. The other 50% of the funds are provided to the Dryden Chamber of Commerce through an agreement the City has in place which stipulates that a share of the funds will be used to advance the City as a tourist destination by supporting and promoting local events, initiatives and infrastructure that bring people to the City.

- **Accessibility Grant** - A grant for up to half (50%) of the construction costs, to a maximum of \$15,000.
- **Affordable Housing and Seniors Housing Grant** - A grant for up to half (50%) of eligible project costs, to a maximum of \$5,000.
- **Commercial and Rental Housing Conversion and Expansion Grant** - A grant to a maximum of \$5,000 per project and/or property.
- **Energy Efficiency Grant** - A grant for up to half (50%) of eligible project costs, to a maximum of \$15,000.
- **Environmental Site Assessment Grant** - A grant equivalent up to half (50%) of the cost of undertaking an eligible study, to a maximum of \$3,000 per study, and a maximum of two (2) studies per property / project
- **Façade Improvement Grant** - A grant for up to half (50%) of the construction costs, to a maximum of \$15,000.
- **Landscaping and Parking Area Improvement Grant** - A grant for up to half (50%) of the construction costs, to a maximum of \$15,000.
- **Municipal Land Disposition Program** - A program for the disposition of municipally owned lands below market value.
- **Planning, Building, Demolition, and Landfill Fee Grant** - A grant for up to 100% of the City's fees to cover the cost of minor variance applications, zoning by-law amendment applications, site plan applications, building permit fees, demolition permit fees, and landfill tipping fees.
- **Public Art Grant** - A grant for up to half (50%) of eligible project costs, to a maximum of \$5,000 per property.
- **Signage Improvement Grant** - A grant for up to half (50%) of the construction costs, to a maximum of \$4,000.
- **Tax Increment Equivalent Grant** - Up to 100% rebate of the municipal portion of a property tax increment resulting from redevelopment or building improvements, paid in increments over a maximum duration, as established on a case-by-case basis.
- **Urban Agriculture Grant** - A grant for up to half (50%) of eligible project costs, to a maximum of \$2,500 per property.

East Gwillimbury

- **Business Advantage Program:** East Gwillimbury's Business Advantage Program offers dedicated concierge-style support to businesses undergoing development or due diligence. Our team works directly with you to navigate municipal processes and meet your project timelines, ensuring a smooth and responsive experience that reflects our commitment to a business-friendly and customer-focused approach.
- **Downtown Mount Albert Revitalization:** Construction is underway in Mount Albert and will continue through the end of 2026 as part of a major municipal infrastructure upgrade designed to support

business vitality and create vibrant public spaces. Dedicated staff and economic development partners are available to help businesses maintain operations, redefine strategies, and communicate effectively with customers during this period. Extensive community and business engagement remains a key part of the consultation and design process for Centre Street, Bank Street, Main Street, and Mill Street.

- **Holland Landing Downtown Revitalization:** Construction is underway in Holland Landing and will continue through the end of 2026 as part of a major municipal infrastructure upgrade designed to support business vitality and create vibrant public spaces. Dedicated staff and economic development partners are available to help businesses maintain operations, redefine strategies, and communicate effectively with customers during this period. Extensive community and business engagement remains a key part of the consultation and design process for Yonge Street.
- **Broadband Expansion:** In partnership with the Broadband Working Group, efforts continue to expand broadband connectivity to meet the needs of all residents, businesses, prospective investors, and municipal service providers. As part of the final stages, YorkNet is expanding high-speed internet access into rural areas of East Gwillimbury, helping to ensure more equitable and reliable connectivity across the community.
- **Business Incubation & Acceleration:** In partnership with York University YSpace and the Town of Georgina, a series of customized programs and supports are being offered to new and emerging entrepreneurs. Programming is ongoing and will continue through to March 2026, providing resources and mentorship at no-cost to businesses.

Erin

- Promote workforce training and business support workshops
- Monthly “Erin Business” newsletter
- Continue working with the Business Centre Guelph-Wellington to promote the small to medium size business support one day a month in the Town
- Co-ordinate the Doors Open Erin
- Continue to support youth and entrepreneurs by having a Town booth available to promote entrepreneurial ideas at the Erin Farmers Market
- Produce a new Community Profile/Annual Report to attract business and investment

Espanola

The Town of Espanola's Community Improvement Planning has been designed to assist with improvements in the major commercial cores and corridors of the Town to enhance the visual aspects of those areas and incentivize improvements. The Plan also serves to encourage multiple residential development which the Town encourages as a form of intensification, housing for seniors, and affordable housing.

Essex

Program available exclusively for lands within the Colchester and County Road 50 Community Improvement Plan Project Area, and offering the following financial incentive programs:

- **Development Grant Programs:**
 - **Development Permit Fee Grant**
 - **Development Charges Grant**
 - **Tax Increment Equivalent Grant**
 - **Parks Levy Equivalent Grant**
- **Revitalization Grant Programs:**

Fort Erie

- **Business Directory** of all local businesses and services.
- **Business Licensing:** Working with businesses to obtain a license to operate in the Town of Fort Erie along with all business renewal licenses. EDTS will coordinate grand opening events and media coverage. In addition to business licensing, EDTS is responsible for the administration and issuance of short-term rental licenses.
- **Business Retention & Expansion:** Business outreach to better understand and support the needs of businesses including referrals to key resources, training and funding opportunities. EDTS will act as a liaison for business expansion to help businesses navigate the municipal approval process.
- **Community Liaison:** EDTS is responsible for the coordination and approval of special events, festivals and Farmer's Markets in the community.
- **Development Assistance:** Site location studies, analysis, land inventory, market research, and business/developer support through the planning and development process.
- **Downtown Core Areas Community Improvement Plan:** Fort Erie offers commercial façade and residential intensification programs.
- **Incremental Marketing Program:** Financial assistance for marketing and advertising initiatives is provided in accordance to the marketing plan and budgets of the local Business Improvement Associations (BIAs).
- **Niagara Foreign Trade Zone:** The designated Canada Foreign Trade Zone Point provides businesses with one-window access to information, programs and incentives to improve international trade efforts. Specifically, companies who export can apply for tax, duty and tariff exemptions that can significantly improve their bottom line.
- **Niagara Development Corridor Partnership Inc. (NDCPi):** NDCPi is a not-for-profit organization and the collaboration of economic development professionals from Fort Erie, St. Catharines, Niagara Falls, Lincoln, and Port Colborne to encourage economic growth across the Region. The NDCPi leverages the experience and skill set of economic development staff to benefit member communities, business constituents, and community development stakeholders.
- **Niagara Gateway Economic Zone and Centre Community Improvement Plan:** Fort Erie is one of only five communities that are included in the program which provides eligible projects with property tax reductions between 40% and 100% for five to ten years as well as grants to cover Regional Development Charges.

- **Physician Recruitment & Retention:** Fort Erie has a dedicated Community Health Care Services Coordinator who leads the recruitment and retention of quality physicians. Fort Erie offers lucrative incentive packages for new physicians coming to the community.
- **Shop Local Programs:** EDTS coordinates shop and support local marketing campaigns through traditional and digital advertising methods, along with Virtual Pop-U Markets hosted by EDTS staff.
- **Tourism Product Development and Destination Marketing**

Georgina

- **Business Visitation Program** - The program is a structured outreach initiative that involves candid, frontline meetings with local businesses to understand their needs, identify challenges and provide support—ranging from navigating tariffs to accessing funding and other resources. Launched as part of the 2024 Economic Development and Tourism Strategy, the program helps to strengthen business retention and expansion by connecting employers directly with municipal staff and resources.
- **Business Concierge Program** – This program supports businesses and investors throughout the planning and development process, offering coordinated guidance from the initial meeting through to permit approvals. The program features formal consultation meetings with staff and relevant agencies, referrals to small business support and funding programs, and access to grants through the Economic Development and Tourism office. Eligible developments may also benefit from expedited approvals and a Development Application Fee Rebate, particularly those creating 1,500+ sq. ft. of institutional, office, or industrial space and 5+ full-time jobs.
- **Grant programs:**
 - **The Economic, Culture & Community Betterment Grant Program** supports local nonprofit groups, charities, businesses, and community organizations that contribute to Georgina's identity, culture, community wellness, and local economy. Administered through three streams—Community Betterment, Community Culture, and Economic Development—it provides up to 50 per cent of eligible expenses (to a maximum of \$5,000) for events, cultural programs, public art, and initiatives that build neighbourhood capacity, celebrate local culture, or generate economic impact and overnight stays.
 - **The Community Improvement Plan (CIP) grants** are intended to improve the downtowns and business improvement areas that have been identified as opportunities for revitalization. There are four grants that business owners and commercial property owners within the designated CIP boundaries can apply for facade, heritage, landscape and accessibility. Eligible applicants can receive up to \$7,500 (facade, accessibility or heritage) or 50 per cent of the cost of the improvement, whichever is less.

- **The Development Application Fee Rebate Program** encourages development and redevelopment in all sectors. Rebates can be up to 50 per cent of the application fee to a maximum of \$15,000 for a single application. For multiple applications, rebates can be up to 75 per cent to a maximum of \$50,000 per property.
- **Entrepreneurship and skills development programming** - Georgina and East Gwillimbury have partnered with York University's YSpace to launch the YSpace North Entrepreneurship Hub—located in Sutton—offering free entrepreneurship training both online and in person, including one-on-one Idea Consultations, curated workshops, mentorship, peer-to-peer networking sessions, plus access to coworking space and business resources. Participants receive a tailored roadmap, community support, milestone-driven guidance and connection to industry experts.

Gravenhurst

- **Business Visitation Program** – Visit & support businesses on a regular basis to create and maintain relationships with local proprietors and learn about current challenges or successes.
- **Business Investment Program** - This includes:
 - Providing community & investment information
 - Expanding support in grant applications
 - Assisting with internal department navigation and meeting coordination
 - Providing new business packages & assisting with grand opening/ribbon cutting coordination
 - Coordinating marketing and promotional activities under the tourism banner/via the Chamber of Commerce Visitor Services Agreement terms.
- **Annual Business Review Survey** - Data available from 2015 to 2021. We are retooling the program by aligning with our business community's preferences. Launched new business walk protocol to build relationships with proprietors, continuing to develop new formal survey.
- **Business Organizational Support** - Attend Chamber meetings, collaborate with Muskoka Small Business Centre, Wharf Association, and one on one by request. Business Improvement Area (BIA) status review to be led by Economic Development team to develop a long-term solution.
- **Economic Development Strategy** - Year one of a five-year comprehensive strategy focused on further strengthening and diversifying the local economy. Adopted by Council and led by the Town's Economic Development Department, Gravenhurst is committed to building on its existing strengths with the long-term goal of becoming a fully integrated, premier destination for business investment.
- **Town of Gravenhurst Strategic Plan** - A robust five-year plan to articulate Council's strategic direction, guide staff in their planning activities, and communicate the planned trajectory to the community the Gravenhurst's 2023-2027 Strategic Plan serves as a comprehensive roadmap for the Town.

- **Gravenhurst Destination Plan** – Completed in 2020, this strategic plan sets out insights and action items to increase and improve tourism offerings in Gravenhurst all year round. Ongoing implementation of tourism product development and program supports are key action items from this plan.
- **Municipal Accommodation Tax** - Implemented in January 2023, the tax is applied to local hotel, motel, bed & breakfast, short-term rentals and roofed accommodations offering 30-day continuous stays. The mandate of the Municipal Accommodations Tax Fund is to enhance Gravenhurst's tourism economy by supporting the development of new visitor experiences and enhancement of existing visiting experiences.
- **Muskoka Wharf Revitalization Plan** - This Strategic Plan continues to guide the ongoing development of the Muskoka Wharf. It identified 64 action items to support the Wharf as a key tourism destination and part of Gravenhurst's commercial core. Increased traffic has been observed, and event programming has transitioned to the Wharf Association, with continued support from the Town.
- **Muskoka Wharf Incubation Program** - Created in 2023, The Shops on the Boardwalk program offers 4 pop up style locations where businesses looking to create brand awareness in Gravenhurst or looking to transition from home-based to publicly accessible business models can rent space at a low-cost entry point to expand, diversify or test their business case.
- **Partnership Development** – The Economic Development Team leads partnerships with local, regional, provincial and national organizations to ensure that our businesses have the resources that they need. These partnerships can lead to additional services such as small business start-up, business financing, legislation assistance and business education.
- **Open Door Policy** – The economic development division maintains an open-door policy to local residents, business owners and potential investors to ensure that all issues are handled in a timely manner.
- **We Dig Gravenhurst** - a Town of Gravenhurst initiative designed to support and enhance the experience of businesses, visitors, and residents during the 3-year Bay & Beyond infrastructure project. This campaign includes marketing support and activations and unique gift certificate program, and direct communication and engagement with impacted members of the business community.
- **Expansion of Community Improvement Plan (CIP) area.** The Community Improvement Plan (CIP) offers financial assistance to business and property owners for projects that enhance the viability, appearance, and safety of downtown buildings. The program now includes 14 funding categories and an expanded boundary. A new technology category has also been introduced to support investments such as security cameras and related infrastructure. Below are the grant categories that are available:
 - Planning and Design Study/Drawings Grant
 - Planning Application and Building Permit Fees Rebate
 - Building Façade Improvement (Front)

- Building Façade Improvement (Rear or Side)
 - Structural Improvement Grants (Building Code, Fire Code or accessibility improvements)
 - Heritage Restoration Grant
 - Residential Conversion/Rehabilitation Grant
 - Landscaping and Property Improvements Grant
 - Signage Improvement Grant
 - Property Tax Increment Grant
 - Development Charge Rebate/Exemption
 - Heritage Property Tax Relief
 - Outdoor Patio Grant
 - Downtown Tomorrow - Digital and Technology Improvement Grant
- **Terence Haight Financial Assistance Program** – This program is designed to support engagement and incremental growth of Community Programs that support the health of the economy and sustainability of community organizations providing vital programs and services.
 - **Gravenhurst Dollars/We Dig Dollars** - is a centralized retail management technique administered in partnership between the town and the chamber. This town wide gift certificate program encourages residents and visitors to shop locally by providing specialty \$5- and \$10-dollar gift certificates that can be spend at participating merchants through the town and presents a unique marketing opportunity to businesses and business areas.
 - **Town Property Leasing** - The Town of Gravenhurst has been successfully coordinating vendors in vacant Town property such as Gull Lake Park Commercial property and the Gravenhurst Train Station commercial opportunity. Opportunities continue for hosting Refreshment Vehicles in Town Parks during the summer season.
 - **Workforce Development Programs** - The Economic Development team recognizes workforce as a critical component of business success and collaborates closely with local and regional employment agencies to foster a diverse and sustainable labor market. We have established three targeted services to address challenges faced by businesses and their employees. Furthermore, municipalities across Muskoka are enhancing collaboration on employer recruitment and engagement through Venture Muskoka initiatives and are actively implementing a comprehensive Workforce Development Strategy, including a centralized local job board.
 - **Welcome to Town Initiatives** - All new residents and businesses to Gravenhurst are provided with a comprehensive guide to living and doing business in Gravenhurst.

Greater Sudbury

- **Business Outreach** - City staff regularly visit local companies to ensure that they are aware of programs and supports available for business expertise as well as expansion, investment, tourism, film industry opportunities or relocation. This is done in person through one-on-one visits as well as through the hosting of networking events and other initiatives.
- **Development Approvals and Support for Growth** - Economic Development staff collaborate with the City's Planning and Building Services teams to support streamlined development processes in order to support investment and development, advancing growth in the community.
- **Export Development** - The City of Greater Sudbury delivers the Northern Ontario Exports Program, which assists companies to grow and expand by exporting their goods and services to markets outside of Ontario. The program provides training and financial support for companies to initiate, improve, and expand their business development activities, including participating in trade missions and trade shows.
- **Regional Business Centre** - Provides a one-stop service location for small business support at every stage of the business cycle. Seminars and workshops are provided as well as confidential counselling services. The Regional Business Centre also coordinates the Innovation Quarters downtown business incubator, launched in 2022, to accelerate the startup and growth of innovative start-ups.
- **Immigration and Workforce Development** - The City of Greater Sudbury works in partnership with the federal government, local post-secondary institutions and other settlement organizations to support newcomers to the community and to identify ways to enhance skills and marketability for our population. Greater Sudbury is also a participant in the Rural & Northern Immigration Pilot program designed to bring in eligible newcomers with permanent job offers and the intention to reside long-term in the community. The City also houses the Local Immigration Partnership which strives to make Greater Sudbury barrier free and inclusive, thus increasing retention in our community.
- **Greater Sudbury Development Corporation** - Economic Development works hand in hand with their 18-member economic dev corporation to advance common goals related to economic development and job creation locally and to administer several grant programs to various sectors. The Greater Sudbury Development Corporation also oversees the Tourism Development program through their Tourism Development Committee.

The City of Greater Sudbury has an **Employment Land Community Improvement Plan (CIP)** directed specifically at investment attraction. The CIP was developed to support and incentivize industrial development, attract private industry, support the expansion of existing companies all while securing the city's position as a hub for employment. This program encourages the retention and attraction of talent and business. Eligible projects may receive a Tax Increment Equivalent Grant (TIEG) that will offset the increase in taxes driven by higher property values at a project completion. The TIEG incentive in our Employment

Land CIP subsidizes 100% of the municipal portion of the increased new tax assessment value on the completed project and can be awarded for a three-, five-, seven- or ten-year period, depending on eligibility. The available programs are:

- Tax Increment Equivalent Grant Program
- Façade Improvement Program
- Planning and Building Fee Rebate Program
- Residential Incentive Program (Per-door grant)
- Feasibility Grant Program
- Downtown Sudbury Multi-Residential Interest-Free Loan Program

Grimsby

- **Business Visitation Program:** Annual meeting program with Mayor, senior management and economic development and tourism staff to meet with key business stakeholders in the community and understand their business outlook and expansion plans.
- **Employment Survey:** Door-to-door survey of brick-and-mortar businesses to collect data used to understand the local economy, identify and analyze trends, and support the Economic Development and Tourism Strategy and related initiatives.
- **Business Centre Guelph Wellington:** The Business Centre Guelph-Wellington located in Guelph City Hall to create and manage programming, training, resources, and advisory support services for small businesses and entrepreneurs
- **Destination Marketing Organization:** A revised destination marketing plan that continues to develop Guelph's unique brand, promotes curated visitor experiences and supports the City's placemaking efforts.
- **Site selection support:** Implements investment attraction in partnership with other Ontario municipalities through provincial consortiums in targeted growth sectors.
- **Land development support:** Dedicated economic development support and resources to make it easy for businesses and developers to work through municipal processes.
- **Data and reporting:** Supporting local businesses with labour market intelligence and resources to navigate the current labour market conditions.
- **Findyourjob.ca:** In partnership with The Workforce Planning Board of Waterloo Wellington Dufferin the website builds awareness of local job opportunities that are available. Local job seekers can search for jobs by location, proximity to amenities, and more.

Guelph

Downtown

- **Downtown Infrastructure Renewal program:** Multi-year major construction project to replace aging infrastructure and increase capacity for downtown investment and development.
- **Seasonal Patio Program:** A permanent Seasonal Patio Program that converts parking spaces for commercial use during the summer months.
- **Baker District:** The City is transforming a former municipal parking lot into a compact district within our Downtown that will create a renewed area of activity, commerce and civic space for the local community and city. This redevelopment project is a multi-year, multi-faceted project that will include a new public library, public parking garage and public squares. Later phases of construction will include the private development of towers with commercial spaces and residential units.
- **Holiday Market:** The City is working with their partners at the Downtown Guelph Business Association to permit small 'pop-up' type structures located in Downtown that house local vendors selling their good and services.
- **Downtown Height Study:** The City is undertaking a review of permitted building heights in the Downtown to make recommendations for amendments to these permissions. The goal is to increase height permissions where appropriate to create more opportunities for additional homes, jobs and density in the Downtown.
- **City-Wide Wayfinding Strategy:** A unifying strategy that will support the design and implementation of wayfinding projects across the city, with specific attention to supporting navigation to the Downtown and highlighting attractions and amenities within Downtown.

Business Retention & Expansion Programs

- **Tourism funding streams:** Advances Guelph's reputation as a must-see visitor destination by investing in and supporting initiatives that demonstrate the ability to drive overnight stays at local accommodations.
- **Tourism workshops:** Provides specialized destination development support for recovering and emerging tourism operators.
- **Guelph Shops:** A campaign that encourages shoppers to keep dollars in Guelph and provides a convenient way to support locals. Guelph Shops have also expanded to feature business spotlight profiles on small businesses.

- **Business Visitation Program:** Annual meeting program with Mayor, senior management and economic development and tourism staff to meet with key business stakeholders in the community and understand their business outlook and expansion plans.
- **Employment Survey:** Door-to-door survey of brick-and-mortar businesses to collect data used to understand the local economy, identify and analyze trends, and support the Economic Development and Tourism Strategy and related initiatives.
- **Business Centre Guelph Wellington:** The Business Centre Guelph-Wellington located in Guelph City Hall to create and manage programming, training, resources, and advisory support services for small businesses and entrepreneurs.

Investment Attraction

- **Destination Marketing Organization:** A revised destination marketing plan that continues to develop Guelph's unique brand, promotes curated visitor experiences and supports the City's placemaking efforts.
- **Guelph Junction Railway:** The City-owned short line railway providing daily freight and storage services to the city's northwest industrial park.
- **Site selection support:** Implements investment attraction in partnership with other Ontario municipalities through provincial consortiums in targeted growth sectors.
- **Land development support:** Dedicated economic development support and resources to make it easy for businesses and developers to work through municipal processes.

Workforce Development and Talent Attraction

- **Data and reporting:** Supporting local businesses with labour market intelligence and resources to navigate the current labour market conditions.
- **Findyourjob.ca:** In partnership with The Workforce Planning Board of Waterloo Wellington Dufferin the website builds awareness of local job opportunities that are available. Local job seekers can search for jobs by location, proximity to amenities, and more.

Guelph-Eramosa

- First annual Mayor and Council Breakfast with Local Business
- Implementation of the Community Improvement Plan utilizing BR+E funds with municipal funds to launch the program
- **Community Improvement Plan:** In 2019 / 2020 the Township of Guelph/Eramosa Implemented the Community Improvement Plan utilizing BR+E funds with municipal funds to launch the program

- **Financial Incentive Programs:**

- **Tax Increment Equivalent Grant** - paid using instalments, over a 5-year period, with year one rebating up to 100 per cent of the tax increase, and the percentage of rebated tax increase declining at a proportionate rate over the 5-year period.
- **Design, Study and Application Fee Grant** - The total value of the grant shall not exceed \$2,500 per project and/or property up to a maximum value of the grant to \$5,000 per project and/or property.
- **Building and Property Improvement Grant** - up to 50% of the eligible costs of building and/or property improvements up to a maximum of \$7,500 to \$10,000.
- **Downtown Rental Housing Grant** - 50% of the eligible costs for each unit up to a maximum of \$5,000 per unit, to a maximum of two to four units.
- **Commercial Conversion and Expansion Grant** - up to \$20 per square foot of converted or expanded floor space up to a maximum of \$7,500 to \$10,000 per project and/or property.

County of Wellington Invest Well CIP has been added to the township CIP and is available to businesses eligible for Township CIP Incentives.

Haldimand County

- **Business Retention and Expansion** - The Economic Development and Tourism supports our local businesses through one-on-one interviews to:
 - Identify the needs, concerns, and opportunities of existing local businesses so that, where appropriate, action can be taken.
 - Learn local businesses' plans with respect to expansion, relocation, and/or retention and assess where assistance can be provided.
 - Demonstrate the County's pro-business attitude and develop an effective means of communication.
- **Respond to Business Development Inquiries** - Responding to business start-up and investment inquiries, conducting research to gather information and identifying resources to assist business and entrepreneurs in addition to provincial requests for information.
- **Business Development Concierge Service** - A pro-business approach to development which helps ensure that projects or issues are dealt with in an efficient manner with a focus on employment generating projects that are high profile and/or complex commercial development projects.
- **Implementation of the approved Economic Development and Tourism Strategies** - Lead and facilitate economic development and research projects to support business and community development and

support the continued success of key economic sectors including Agriculture, Tourism and Manufacturing.

- **Business Excellence Breakfast** – An annual business networking event, to celebrate local business. This event provides an opportunity for businesses to network with one another and gain insight from a guest speaker.
- **Community Improvement Plans** - The division oversees the successful Downtown Community Improvement Plan and the Rural Business and Tourism Improvement Plan that provides grants for property improvements to qualifying properties.
- **Committees:**
 - **Business Development and Planning Advisory Committee – (Committee of Council)** Working with members of the business community to provide input in business attraction, retention, and expansion strategies.
 - **Agricultural Advisory Committee (Committee of Council)** - Committee of Council which advises Council on matters, issues and policies pertaining to agriculture and agribusiness in order to sustain the vitality of the municipality's economic base.
 - **Haldimand Business Network** – Quarterly networking and information sharing sessions with 5 Chambers of Commerce, 3 Business Improvement Areas and 1 Board of Trade. This group coordinates and leads the annual Small Business Week breakfast and collaborates on projects to benefit the business community in Haldimand County.
 - **Tourism Network Meetings** – Meetings held 2-3 times a year that bring tourism stakeholders together for networking, identifying synergies, training and capacity building.
- **Business Improvement Area Support** – Working closely with the 3 Business Improvement Areas to support their operations and assist them in maintaining compliance with the Municipal Act.
- **Tourism Haldimand (Destination Management Organization)** – Defining the target markets and key priorities and focus of Tourism Haldimand and communicating to Tourism stakeholders in the development of visitor campaigns. Some key activities include:
 - Tourism Experiential and Product Development
 - Annual Advertising and Communications Planning
- **Community Profile** – Ensuring key demographic and community information is updated and readily available for site selectors and businesses wishing to locate in Haldimand County.
- **Filming Inquiries** - Facilitation of film inquiries and permits for film productions in Haldimand County.
- **Seasonal Sidewalk Patio Program** – A program that provides food and beverage establishments with the opportunity to install a patio on municipal property.

- **Signage Program** –A comprehensive signage strategy was approved by Council to establish corporate standards for scheduled replacements and new proposed signage. Prototype signage has been installed, and full implementation planning is underway. A roll-out is estimated to take approximately 10 years.
- **Strategic Partnerships** - Establish meaningful contact with other levels of government, business community, educational institutions and key stakeholders to develop and further economic initiatives and goals. Some partnerships include – Workforce Planning Board of Grand Erie, SOAR Community Services, Ontario’s Southwest, Grand Erie Business Centre (GEBC), Brantford-Brant Business Resource Centre (BRC), Grand Erie District School Board, and neighbouring municipalities.
- **Marketing and Promotion of Tourism and Businesses in Haldimand County** – Development of annual marketing plans to promote Businesses and Tourism assets in Haldimand County across media channels.
 - Increasing focus on social media promotions through three social media channels (a.) Tourism Instagram, (b.) Tourism Facebook, and (c.) Business Facebook
 - Business Newsletters – timely information is circulated via email bi-weekly with a focus on workforce development, grants and programs, industry regulation or policy changes, local business news and networking opportunities.
 - Real. Local. Marketing Toolkit – Developed for businesses, this toolkit includes stickers, decals, posters, and customizable templates to support local businesses with marketing and encourage local spending.
 - Maps and Guides – Maps and guides distributed to key locations internal and external to Haldimand County including Tourist Information centres located in Haldimand offices, libraries and museums.
 - Creation of niche print publications such as holiday wish books and Discover Your Happy Guide to encourage residents and visitors to shop locally.
 - TourismHaldimand.ca – Maintaining and creating content for the DMO site as the destination for all digital marketing initiatives, and to inform the visitor planning/purchase cycle.
 - Real.Haldimand. Marketplace – Updated online site for Haldimand retail businesses who have an e-commerce site that appeals to visitors/tourists. With the Real Haldimand Marketplace, businesses are now able to reach new audiences and stay connected with their customers through a convenient and accessible platform.
 - Targeted print media and radio advertising for both business and tourism promotion.
 - Partnerships with Ontario’s Southwest and Destination Ontario to promote local tourism offerings such as hiring content creators, social media campaigns, and photography asset collection.
 - Development of campaigns leveraging our natural assets and unique experiences, through digital marketing campaigns including a Fall Colours Road Trip and Holiday Wish Book Campaign.
- **Farmers Markets** – Provide operational and marketing assistance to the three farmer’s markets located in Haldimand County.

- **Job Fair** – A new initiative developed in partnership with SOAR Community Services, Grand Erie Business Centre, and the Business Development and Planning Advisory Committee to connect local jobseekers to opportunities with local employers.
- **Mohawk City School** – City School by Mohawk is a community-based initiative that aims to break down barriers to education and employment. Offering tuition-free courses, it works to develop specialized training programs that encourage gradual steps to post-secondary.
- **Downtown Community Improvement Plan**
 - Tax Increase-Based Equivalent Program
 - Application and Permit Fees Refund Program
 - Downtown Housing Grant Program
 - Heritage Improvement Grant Program
 - Façade Improvement Grant (includes accessibility improvements)
 - Building Restoration, Renovation and Improvement Grant
- **Rural Business Tourism Community Improvement Plan** – Eligibility is restricted to value-added agriculture, businesses operating in hamlets, commercial roofed accommodations, and heritage designated properties for commercial use. Grants include:
 - Façade, Landscape and Signage Improvement Grant
 - Building Restoration, Renovation and Improvement Grant
 - Development Charge, Planning Fees and Building Permit Grant
 - Tax-based Redevelopment Grant
 - Heritage Property Commercial Use Grant
- **Rural Water Quality Program** – A voluntary grant program for rural landowners to implement agricultural beneficial management practice projects to protect and improve water quality. Coordinated through the 3 local Conservation Authorities. Grants include:
 - Livestock Access Restriction
 - Erosion Control Structures
 - Tree planting/Natural restoration
 - Living Snow Fence
 - Water well Decommissioning
 - Sediment Basins/Wetland Creation Cover Crops
- **Downtown Operating Grants** – To assist downtown organizations in offsetting costs associated with maintaining the enhanced downtown areas.
- **Community Beautification Grants** - To support community not-for-profits/organizations in the beautification of their communities and enhance civic pride.

- **Farm 911 Signage (Emily Project)** - In collaboration with the Planning and Development Division and the Agricultural Advisory Committee, this program allows property owners with vacant land to purchase a 911 Sign. In the event of any emergency, Farm 911 signs assist First Responders in locating individuals on vacant agricultural land who require emergency assistance in a timely manner.
- **North Caledonia Employment Lands** – Haldimand County has initiated a Feasibility and Servicing Study, to address the anticipated employment growth as identified in the recent Growth Management Strategy Report and Official Plan review and to remain competitive over the long term. Completion of this initiative will be in 2025.
- **Lower Grand River Visitor Experience Strategy** – The Visitor Experience Strategy (VES) is a planning and investment tool that will help guide staff in enhancing tourism in Haldimand County by improving visitor engagement and maximizing the potential of the Lower Grand River. The VES provides a clear framework with a phased implementation plan, outlining short, medium, and long-term recommendations. In addition to the VES, the strategy includes the introduction of three new 'Business in a Box' concepts designed to enhance visitor engagement and local economic growth.

Halton Hills

- Proactive company calling program
- New industrial areas are being developed along Highway 401
- Tourism support and an active “shop local” small business support program

Halton Region

- Halton Region provides information on government programs and services, data and insights on Halton’s business environment as well as advisory services to help establish or expand a small business in Halton.
- Operates a full-service Small Business Enterprise Centre (SBEC) with small business and business start-up assistance, including resources, one-on-one consultations, workshops and seminars
- Global business advisory services to support small businesses to go global and export/import goods and services
- Access to market research, financing sources, training, and grant programs
- Networks in the fields of real estate, industry, government, business associations and community groups
- Small Business Support Programs

Hamilton

Hamilton's Investment & Expansion Programs consist of the following sections:

- Becoming an Investment Ready Community
- Identifying and targeting the prospects
- Marketing Hamilton for investment
- Tracking, working with and securing the investment
- After sales service—extension of our BR&E Program

Business Retention and Expansion within the City of Hamilton

- **Program “Hamilton Calling”** focuses on establishing long-term relationships with existing companies in order to address their needs and concerns.
- **One-Stop**—Provides key planning and economic development functions into one area of City Hall
- **The Hamilton Small Business Enterprise Centre (SBEC)** has an extensive resource library, monthly newsletter, professional consultants, training, networking, youth programming, and community outreach to both new and existing small and medium businesses.
- **The Hamilton Technology Centre**—The Centre's mission is to maximize the success of emerging companies.
- **Hamilton's Regional Innovation Centre—The Innovation Factory** - The Innovation factory relies on public and private sector contributions to address six key areas:
 - Clustering of business resources
 - Accessing university research, colleges and key researchers
 - Providing business infrastructure support to grow businesses
 - Accessing business mentorship networks
 - Assisting with access to capital
 - Providing a Business Centre which will facilitate meetings in-person or online
- The City of Hamilton offers financial incentive programs in the form of loans and grants to assist with various costs associated with development in Downtown Hamilton, Community Downtowns, Business Improvement Areas (BIAs), the Mount Hope/Airport Gateway, and the commercial corridors as identified in the Revitalizing Hamilton's Commercial Districts Community Improvement Project (for details on the CIP which authorizes these incentives, please visit www.hamilton.ca/cip).

- There are also financial incentives for properties designated under the Ontario Heritage Act. The Revitalizing Hamilton's Commercial Districts Community Improvement Project provides the basis for these programs. In addition, municipal Development Charges (DC) are reduced within the defined Downtown Hamilton Community Improvement Project Area.

Hamilton Township

Promotion

- Working with local media, publishers, to have advertising and promotional material on the Township, included in their upcoming annual campaigns.
- Working with the Northumberland County Economic Development to participate on committees or initiatives – high speed internet plan, cycling master plan – that will have an impact on the community.
- Social media and Website promotion of the Township.
- Hiring a Recreational Community programmer to help develop programs for local residents and visitors to the area to enhance the image of the community.
- Member of and support of Northumberland Central Chamber of Commerce

Development

- Work with Developers on proposals and initiatives that will bring residential, commercial opportunities.
- Servicing Strategy – investing \$150,000 in a Water Master Plan to support the existing servicing system, but also provide for expansion to the system to permit additional growth in the future.

Policies

- Updating the Township's existing comprehensive Servicing Agreement with Lakeshore Utilities Services Inc – to provide for additional development on the system.
- Review of the Township's official plan and zoning by-law policies to ensure that they are supportive of a streamline development process.
- Have a Council approved Waterfront Strategy to focus activity and development appropriately along the waterfront in the norther part of the Township.

Hanover

- **Community Improvement Program (CIP)** – Facilitating the revitalization of and improvement of the Town of Hanover. Menu of incentives support development that increases attainable housing stock; supports downtown revitalization; enhances accessibility; assists new business start-ups; redevelops under-

utilized lands; encourages upgrades and investment; and promotes business growth. Grants to be a maximum of 50% of eligible costs and no less than \$500. The following are offered:

- **Façade, Building and Signage Improvement Grant** - The maximum amount for a façade or building improvement is \$15,000 or 37.5% of the eligible costs, whichever is less. 100% of the eligible costs, up to a maximum of \$1,500, may be applied for the inclusion of public art works, such as murals and sculptures. The maximum grant for signage improvement is \$2,500 or 50% of the eligible costs, whichever is less. The maximum grant for professional architectural services shall not exceed 15% of the grant that is calculated for eligible construction costs. The grant may be combined with other grant programs, except for the Tax Increment Financing program.
- **Property, Landscaping and Parking Area Improvement Grant** - The maximum amount of the grant is \$7,500 or 50% of the eligible costs, whichever is less. The maximum grant for professional architectural services shall not exceed 15% of the grant that is calculated for eligible construction costs. The grant may be combined with other grant programs except for the Tax Increment Financing program.
- **Accessibility Improvement Grant** - The maximum amount of the grant is \$7,500 or 50% of the eligible costs, whichever is less. The grant may be combined with other grant programs except for the Tax Increment Financing program.
- **Planning and Building Permit Fee Grant** - Planning Fee Grant: A grant to a maximum of \$2,500 is available to cover the cost of minor variance applications, zoning by-law amendment applications or site plan applications. The grant may equal 100% of the Municipality's fees, provided it does not exceed \$2,500. Further, the grant cannot exceed 50% of the eligible costs listed above. Any planning applications may also be eligible for an equivalent grant to offset the County planning fee, subject to County approval. Building Permit Fee Grant: A grant to a maximum of 75% of the Municipality's fees is available to cover the cost of building permit fees or demolition permit fees. Further, subject to Council approval, the grant cannot exceed 50% of the eligible costs listed above.
- **Startup Space Leasehold Improvement Grant** - Subject to Council approval, the maximum amount of the grant is \$7,500 or 50% of the eligible costs, whichever is less. This grant may be combined with other CIP elements, except for the Tax Increment Equivalent Grant.
- **Vacant Building Conversion/Expansion Grant** - Subject to Council approval, the maximum amount of the grant is \$7,500 or 50% of the eligible costs, whichever is less. This grant may be combined with other CIP elements, except for the Tax Increment Equivalent Grant.
- **Secondary Suite Development Charge Grant** - A grant to cover the permit and application fees associated with the development of secondary suites. The grant may equal up to 100% of the Municipality's permit and application fees.
- **Tax Increment Financing** - Subject to Council approval, grants will be equal to a percentage of the municipal property tax increase resulting from the improvements and will be paid to the

owner each year for a maximum of 5 years. The percentage of property tax increment grant the Municipality may cover in any one year is at the sole discretion of the Municipality, with the understanding that by year 5, the amount will be reduced until it reaches 0%. For instance, in year one, the amount of the grant may equal up to 80% of the tax increment. In subsequent years, the amount shall decrease by 20% until it reaches 0%, over a 5-year period (maximum). The total amount of all tax increment equivalent grants shall not exceed 50% of the total eligible costs of the improvements. For example, if the eligible costs for improvements are \$50,000, the tax increment equivalent grant shall not exceed a total of \$25,000 over the 5-year period.

- **Municipal Property Acquisition, Investment and Partnership Program** - For the comprehensive development of lands on Priority Sites, the owner will be granted back up to 75% of the building permit fees collected under the Building Permit and Planning Application Fee Grant Program. For all other sites, the property owner is granted back up to 50% of building permit fees collected under the Building Permit and Planning Application Fee Grant Program, and the Municipality will allocate the balance of the value of the building permit fee(s).
- **Hanover Downtown Improvement Area (DIA)** - Properties within the defined downtown area will receive an additional 15% of the approved grant amount up to a maximum of \$2,000 for facade, building & signage and accessibility improvement grants.
- **Saugeen Economic Development Corporation (SEDC)** - Approved applicants are eligible to access a business improvement loan to provide 50% of matching funds for projects, up to \$20,000 with a 5% interest rate and flexible repayment terms.

Huntsville

Community Improvement Plan - Grants Available

The Town of Huntsville offers Incentives within the Community Improvement Plan (CIP) Program in order to promote new investment in the community. Huntsville Town Council approves funds annually towards the program and it is available for eligible businesses or properties located within the Downtown Huntsville Business Improvement Area (BIA). The primary incentives are:

- **Facade, Sign, Accessibility and Building Improvement Grant** - this program financially supports costs associated with building, signage or accessibility improvements and may cover 50% of eligible costs up to a maximum of \$5,000.00.
- **Planning Application and Building Fee Grant** - will cover a portion of planning application or building permit fees and may cover 50% of eligible costs up to maximum of \$10,000.00 on approved applications.
- **Landscape Improvement Grant** - to assist with landscaping improvements to a property to enhance streetscape activities and may cover 50% of eligible costs up to a maximum of \$2,000.00; and

- **Tax Increment Grant Program** - through the CIP, a Tax Increment Grant is also available to property owners whose municipal property taxes have increased because of the substantial development, re-development, construction or re-construction of an eligible building or property, within designated areas of the Town.

Community Grants & Supports

This program provides support for recreation and cultural experiences, special events, projects and programs that provide benefit to the community. Types of Support:

- **Grants** - This is a financial contribution paid by the Town to the successful applicant to support a community event, project, or program that has an overall cost. Grant funding is not meant to subsidize fundraising events or activities. 50% of the costs of the program, project or event, rounded up to the nearest \$50 or \$1,500/request.
- **Promotional Item** - This is a non-monetary contribution from the Town to the successful applicant to support community events or projects. An example includes free admission passes to Muskoka Heritage Place.

Physician Attraction Incentive Program

The Town of Huntsville is offering family physicians the following attraction incentives in exchange for 5 years of service:

- \$60,000 for taking over a family practice; \$70,000 for taking over an existing practice and taking more than 200 Huntsville patients off the AFHT waitlist; and/or \$80,000 for those setting up a new family practice.
- A 1-year family pass to Muskoka Heritage Place and Pioneer Village.
- Family skate/swim 1 year membership at Canada Summit Centre
- Eligibility to apply for the NRRI Provincial Grant of \$107,166
- In addition to the Town's financial contribution, the Huntsville community has come together through businesses, organizations, groups and residents to offer additional incentives to attract physicians including financial contributions, in-kind support and donations. This includes things like a 1-year car lease, golf and ski club memberships, retail and service discounts, and restaurant vouchers to name a few. A full list of incentives will be shared during agreement discussions.

Downtown Dollars Program

Led by the Huntsville BIA, Downtown Dollars are gift certificates that can be used at any downtown business. There is no expiry date and can be issued in any denomination. The downtown dollar program encourages

spending locally and introduces customers to business offerings downtown. The Huntsville BIA is a local board funded through the Town of Huntsville.

Ingersoll

- **Façade Improvement Program** - Loan will be a maximum of \$10,000 interest-free with a grant of \$2,000 to be awarded upon successful completion of all requirements of the program.
- **Residential Conversion, Rehabilitation and Intensification Program** – Grant of 50% of the building permit fees associated with residential conversion, rehabilitation and intensification. A tax incremental grant on improvements that create an increase in assessment over a 5-year period with 80% of the tax increase granted back in year 1, 70% in year 2, 60% in year 3, 40% in year 4 and 20% granted back in year 5.
- **Update to Building Code Program** - Grant 50% of the building permit fees associated with updating buildings to conform with current Municipal, Provincial and Federal health and safety requirements.
- **Design Grant Back Program** - Grant 50% of the eligible costs to a maximum of \$1,500 for anyone successful in receiving funding for other programs within the Community Improvement Program.
- **Tax Increment Equivalent Grant Program** - Graduated tax rebate over 5 years for projects under \$5M (Year 1 – 80%, Year 2 – 70%, Year 3 – 60%, Year 4 – 40%, Year 5 – 20%). Extended 10-year rebate for projects over \$5M or brownfield redevelopment (Year 1 – 100%, Year 2 – 90%, Year 3 – 80%, down to Year 10 – 10%)

Innisfil

- **Investment Attraction**
 - Innisfil Heights offers 1600 acres of industrial and commercially zoned land ready for investment. To further promote investment, we've undertaken the Economic Impact and Sub Sector Analysis for Innisfil Heights project.
 - Economic Impact and Sub Sector Analysis for Innisfil Heights.
 - This initiative will play a critical role in supporting the Town's efforts to attract high quality investment, support infrastructure planning, and strengthen long term economic resilience. Building on the six priority sectors identified in the Economic Development Strategic Plan. Advance Manufacturing, Agro Tech & Food Processing, Creative Industries, Tourism, Life Sciences, and Clean Tech Supply Chain. This study will validate the growth potential of each sector applicable to Innisfil Heights and assess their ability to support

local job creation, business attraction, and sustainable development. Sub Sector Analysis will enable a more granular understanding of niche opportunities best aligned with IH assets, infrastructure capacity, and work force availability. The finding of this study will sharpen the Towns competitive positioning within the greater Golden Horseshoe and inform a proactive approach to sector based economic development within Innisfil Heights, the Town's most strategically important employment area.

- Welcomed Northern Transformer and DSV.
 - The Town welcomed two new major employers to the Innisfil Heights Investment Area. DSV – Global Transport and Logistics, a global leader in transport and logistics, opened their new state-of-the-art warehousing facility. This is a 1.4 million square foot facility creating approximately 200 additional jobs in Innisfil.
 - The Town also welcomed Northern Transformer Corporation, a leading Canadian manufacturer of high-voltage power transformers. Northern Transformer is investing \$207 million into building their new state-of-the-art facility in Innisfil Heights which is estimated to bring an additional 200 jobs into the community. They broke ground in September and are working hard to develop this new facility.
- **Community Improvement Plans:** Further, the team is developing targeted community improvement plans to attract high value investments in key sectors. This approach will support mixed use and accessory residential developments in key settlement areas further enhancing Innisfil's economic landscape.
 - Façade, Building and Signage Improvement Grant
 - Accessibility Improvement Grant
 - Building Code Compliance Grant
 - Landscaping and Property Improvement Grant
 - Building Permit and Planning Application Fee Rebate Program
 - Tax Increment Equivalent Grant Program
- **Business Retention and Expansion (BR&E)**
 - Innisfil's BR&E initiatives focus on supporting growth and sustainability of local businesses through various programs and proactive outreach efforts. These initiatives focus on addressing challenges faced by local businesses and facilitating growth opportunities by fostering relationships with local entrepreneurs, providing resources, and assisting with expansion needs. By actively engaging with our business community we ensure they remain competitive.
 - Job Fair
 - Success Story Videos
 - Entrepreneurial Journey Map

- BR&E Survey
- Chamber of Commerce Event
- Newcomer Workshop (Fuel Innovation)
- Business Showcase
- Shop Local Marketing Campaign
- **Entrepreneurial Support**
 - Entrepreneurship is a vital part of Innisfil economic future, Through DMZ Innisfil our partnership with TMU's world renowned DMZ Accelerator, we provide local entrepreneurs with coworking space, mentorship, business development support, and access to a global investor network.
 - DMZ onboarded 27 companies, our largest cohort ever.
 - Continuing to plan all access workshops such as grant writing and government procurement workshops.
 - Launched DMZ Alumni program.
 - A new 6-month program that supports graduates of earlier DMZ Innisfil programs. It is designed to help established entrepreneurs continue scaling their businesses with advanced mentorship and guidance.
- **Marketing and Promotion**
 - Our marketing and promotion efforts are designed to raise Innisfil's profile as a vibrant and attractive destination for businesses and investors. Through targeted campaigns, digital platforms, and community outreach, we highlight Innisfil's key advantages including its strategic location, high-quality workforce, and exceptional quality of life. We collaborate with regional and provincial partners to amplify our messaging and ensure it resonates with a wide audience. Together these efforts position Innisfil as a progressive community, open to new business and investment opportunities.

Kingston

Our team is dedicated to supporting Kingston's vibrant business community by supporting start-ups, business growth and the attraction of business into our beautiful city.

From research and development to small business expansion, to foreign direct investment, Kingston's Economic Development team is here.

Current Programs Offered Through Kingston Economic Development

- **Starter Company Plus** is designed to provide business training to entrepreneurs ages 18 and older, who are launching a business or expanding an existing business. The program provides business owners and entrepreneurs with the opportunity to pitch for a grant up to \$5,000 to start or grow their business.
- The **Summer Company** program provides training to students who want to start and operate their own business. Participants receive hands-on business mentoring from local business leaders and up to \$3,000 in funding.
- **Ask the Expert** provides coaching with local specialists in one-on-one sessions, at no charge to the participant, to assist with accounting and bookkeeping, legal, social media, HR, marketing, business strategy and more.
- The **Black Entrepreneurship Ecosystem** is an initiative to help bring together Black entrepreneurs in the Kingston area. This initiative creates a space for Black entrepreneurs to take part in programs and network during the early stages of launching their business.
- The **Canada Digital Adoption Program (ceased delivery March 31, 2025)** provides up to \$2,400 to help cover the cost of new e-commerce applications. Businesses are supported by e-commerce advisors, who assist in guiding prospective and approved applicants through the application process, as well as offer valuable insight into eligible e-commerce tools for business owners to adopt.

- The **Business Transition Program** is offered by Certified Exit Planning Advisors (CEPA) to empower entrepreneurs considering the transition of their business ownership in the next 1-5 years through sale or succession.
- **Futurpreneur Canada** is a national not-for-profit organization that is fueling the entrepreneurial passions of Canada's young entrepreneurs. Futurpreneur offers collateral-free loans at better investment rates than most banks. They finance up to \$25,000 per business directly from their own funds.
- **Kingston Newcomer Entrepreneurship Awards** recognizes newcomers to Canada face multiple barriers when settling into their new community. To recognize the contributions made to the local economy, Kingston Economic Development Corporation is working with Kingston Immigration Partnership to establish an annual awards ceremony.
- **Queen's Career Apprenticeship: Kingston** connects Arts, Humanities, and Social Sciences graduates from Queen's University with Kingston employers. The grant will cover the apprentice's salary for four months up to a maximum of \$2,500 per month and be paid out in months 1, 2, 11 and 12. Businesses are eligible to receive funding for 1 apprentice per year.
- Kingston Economic Development and KEYS Employment & Newcomer Services partnered to create **Welcome Night**, a safe space for newcomers, young professionals and returning residents to network and share resources.
- Kingston Economic Development is a **Global Skills Referral Partner** for Category A of the Global Talent Stream and Global Skills Strategy: Dedicated Service Channel. This program is directed towards businesses with a focus on innovation who have a need for unique and specialized global talent.
- **Kingston Young Professionals (KYP)** recognizes the needs for a dynamic network that empowers young individuals in the local workforce. KYP hosts a variety of events and programs throughout the year, including networking mixers, skill-building workshops, panel discussions and community service projects.
- The Annual **Kingston Young Professionals 40 Under 40 Awards** program targets young professionals in the Kingston region who have demonstrated exceptional leadership, innovation, and impact in their respective fields.
- **Diplomatic Delegation Familiarization Tour** include site visits to employers in priority sectors, demonstrations of made in Kingston innovations, post-secondary institutes and centres of research.
- **Home Childcare Business Creation Initiative** – launched in partnership with YMCA of Eastern Ontario and Community Foundation of Kingston & Area and addresses gaps in available childcare, which have impacted workforce participation and economic growth. Eligible participants will receive a micro-grant

to help with business startup expenses and comprehensive business training and childcare-specific support to establish licensed childcare services, particularly those catering to cultural or linguistic needs.

- **Not-for-profit Academy** will provide a series of virtual workshops covering essential topics such as Marketing & Communications, Branding & Digital Presence, and sourcing alternative funding. Additionally, the program will develop a centralized resource database to support the ongoing needs of not-for-profits in the area.
- **Kingston Francophone Employment Project** supports local businesses in attracting, hiring, and integrating French-speaking and bilingual employees, promoting a more inclusive and linguistically diverse workforce.

Other Services from Economic Development

Additionally, Kingston offers the **Helix Funding program** for life science startups which began intake in June 2025:

- Kingston Economic Development's life sciences initiative provides a comprehensive support system for Eastern Ontario companies, focusing on four key pillars: access to BSL-2 wet lab infrastructure, tailored business support, commercialization funding, and an extensive validation network. Through this initiative, companies can utilize state-of-the-art wet lab space at Providence Care Hospital, connect with expert mentors and technical advisors, and participate in the Build2Scale Life Sciences program. At the core of the funding strategy is the **Helix Funding Program**, which offers eligible companies matching grants ranging from \$10,000 to \$100,000 to support their growth and market readiness. These funds enable ventures to access specialized facilities, expertise, and collaborative opportunities that are essential to validating and scaling innovative products in the life sciences sector.

Kitchener

- **Corporate Calling Program** – Assist the local business community with retention and expansion initiatives, including talent attraction, financial incentives, land and building acquisition, key business and municipal contacts, and supply chain solutions.
- **Small Business Centre** – The Waterloo Region Small Business Centre (WRSBC) has locations in Kitchener, Cambridge and Waterloo to serve small businesses. The Centre provide advisory services, training, networking, business programs and events for new and existing small business. A monthly newsletter informs entrepreneurs and small business of current initiatives and activities.
- Façade Improvement Grant Program.

Lambton Shores

- Economic Development, especially Industrial/Commercial land is promoted by the Sarnia-Lambton Economic Partnership on behalf of Lambton Shores.

Lincoln

- **Industrial Lands and Rural Area CIP**
 - Contains financial incentive programs which are designed to promote private sector development on industrial designated and zoned lands
 - Contains financial incentive programs which are designed to encourage the development of value-added agricultural uses and/or agriculture-related uses on designated and zoned agricultural lands or equivalent uses to these in the Niagara Escarpment Plan Area
- **Mixed Use and Residential Intensification CIP**
 - Contains financial incentive programs which are designed to promote private sector mixed use development and intensification in the areas
- **Vineland Central Business District CIP**
 - Recommends public realm improvements including physical improvements to the area to help stimulate private sector investment and improvement of the area
 - Contains financial incentive programs to promote private sector building rehabilitation and redevelopment in the area
- **Beamsville Central Business District and The Ontario Street Commercial Area CIP**
 - Contains financial incentive programs designed to promote private sector building rehabilitation and redevelopment

London

- **London Economic Development Corporation (LEDC)** - is funded through a Purchase of Services Agreement between the Corporation of the City of London and LEDC. The London Economic Development Corporation (LEDC) serves as the primary economic development agency for London. LEDC focuses on fostering business growth, attracting new enterprises, and ensuring that companies have the necessary talent, resources, and conditions to thrive. Serving a diverse range of sectors—including agri-food, manufacturing, digital media and tech, health, and professional services, LEDC provides tailored,

no-cost economic development services to businesses of all sizes. The LEDC is instrumental in advancing industrial land development, facilitating research and development partnerships, integrating various ecosystems, and promoting London globally. LEDC is tasked with attracting new businesses and jobs, supporting business retention and expansion, aligning workforce development with business needs, and maintaining partnerships to bolster economic development. LEDC provides annual updates to the Municipal Council and/or a Committee of Council, including investment data, labour force trends, and metrics related to the local economy.

- **TechAlliance** - The City of London provides an annual grant to TechAlliance to help advance and contribute to the City of London's Strategic Plan 2023-2027 and the Strategic Area of Focus 'Economic Growth, Culture, and Prosperity'. TechAlliance helps companies attract talent, capital, and customers through expert advisory services and networking opportunities, facilitating valuable connections for founders, industry leaders, investors, and tech professionals.
- **Small Business Centre** - The City of London provides an annual grant to the Small Business Centre to help advance and contribute to the City of London's Strategic Plan 2023-2027 and the Strategic Area of Focus 'Economic Growth, Culture, and Prosperity'. Established in 1986, the London Community Small Business Centre is a not-for-profit organization dedicated to supporting entrepreneurs through the startup and growth phases of small businesses. The Centre contributes to the economic, social, and cultural well-being of the community by offering comprehensive support services, programs, and resources. It has played a key role in creating hundreds of new jobs annually. In partnership with the City of London and the Ontario Ministry of Economic Development, Job Creation and Trade (MEDJCT), and as a member of Small Business Centres Ontario, the Centre provides free consultations with qualified business consultants, workshops and seminars tailored to small business needs, guidance on business plans, access to government programs, and mentorship opportunities.
- **Community Improvement Plans and Financial Incentives:**
 - **Office to Residential Incentive** – for the conversion of vacant office spaces to residential units – the OTR program offers \$35,000 per unit, subject to funding availability
 - **Additional Residential Unit grants (ARUs)** offer financial assistance to property owners to help offset the costs of creating new additional residential units. The loan amount is the lesser of \$45,000 or the cost of the eligible works for any ARU type at any rent.
 - **Transit Oriented Development** grant to provide developers with \$15,000 per residential unit to build along rapid transit lines and within the Downtown area
 - The City also recently launched the **Vacant Commercial Space Fit-Out** program, a unique program providing grants covering 50% of the improvement costs, up to a maximum of \$50,000. Helps business owners and tenants pay for the cost of setting up empty spaces so they can begin business operations.

- The **Upgrade to Building Code Loan** offers financial support for interior improvements to your building, including upgrades to plumbing, electrical systems, HVAC, mechanical systems, roofing, fire protection systems, and other work required to meet Building Code standards. The loan covers 50% of the improvement costs, up to a maximum of \$200,000. It is repaid over 10 years with 0% interest. In certain areas, a portion of the loan may be forgiven.
- The **Residential Development Charges Grant** program is designed to encourage private sector investment in residential property development in the Downtown and Old East Village areas. The maximum grant amount per property is equal to the net residential DCs paid. The program reimburses a portion of the residential DCs paid by the applicant over a 10-year period, until 100% of the residential DCs have been refunded.
- The **Façade Improvement Loan** offers financial support for enhancing building exteriors, covering upgrades to windows, doors, brick repairs, painting, lighting, and signage attached to the façade. The loan covers 50% of the improvement costs, up to a maximum of \$50,000. It is repaid over 10 years with 0% interest. In some areas, a portion of the loan may be forgiven.
- The **Rehabilitation and Redevelopment Tax Grant** refunds a portion of the municipal tax increase resulting from the rehabilitation of an existing building or the construction of a new one. A percentage of this tax increase is refunded to the property owner annually for a 10-year period. There is no maximum grant amount for this program. The total grant value is determined by the MPAC re-assessment of the redeveloped property. The grant amount will vary depending on the project and will decrease over the 10-year payback period.

 - Funding available upon receipt of occupancy permit
 - Rental units must be at or below District Alternative Average Market Rent
 - Rent limits in place for set amount of time, depending on funding amount and corresponding affordability period (see table above).
 - Applies to new construction or renovation/conversion where new units are constructed (e.g. single home converted into two units or commercial property converted into housing)
 - Preference given to rents that include some or all utility costs

- Capital Incentive Funding Agreement to be registered on title for the respective affordability period.
- **The Landlord Rent Supplement Program** is available through the MAHIP program. Landlords may be eligible to enter into rent supplement agreements where they receive a direct payment for a portion of the monthly rent (average of \$235 per unit per month) toward rental units.

Spotlight on Housing and New Rental Partnerships

- The District has launched a new public initiative on housing meant to reach out to the housing industry and highlight the work underway to make it easier and more affordable to build homes in Muskoka. The first spotlight focuses on rental solutions, with a call for proposed head lease arrangements – an RFI has been posted inviting landlords, housing providers, and developers to share ideas on how this model could work in Muskoka. Under this model, the District would lease units from landlords and sublease them to residents in need of housing. This initiative will feature new themes each month geared to supports and investments into housing creating more safe, attainable and sustainable housing in Muskoka.

Muskoka Tariff Information Hub & Roundtable Forum

- The Muskoka Tariff Information Hub was established in response to the growing economic uncertainty surrounding U.S. tariffs and their impact on local trade and supply chains. The District, through collaborative efforts with the Area Municipalities and Chambers of Commerce, launched the Muskoka Tariff Information Hub. This platform was created to equip businesses, non-profits, and community stakeholders with timely, practical information and resources from subject matter experts and support organizations to navigate shifting trade policies and economic pressures. The hub contains:
 - Real time updates – trade developments and related policy changes
 - Toolkits and checklists
 - Connections to funding programs
 - Webinars and learning tools and resources

Further to this, the District hosted its first Tri-Regional Economic Roundtable Forum on Tariffs in July as part of a learning series whereby panelists from the Ontario Chamber of Commerce, Business Development Bank of Canada, Trade Commissioners Office and the Honourable Minister of Economic Development, Job Creation and Trade, Vic Fedeli, offered their insight and expertise on tariffs and trade disruptions. The event was designed to provide clarity, practical resources and policy insight for businesses navigating the growing challenges around tariffs. Key solutions discussed included supply chain diversification, export readiness and leveraging programs already in place at the federal and provincial levels.

The District will continue with its tariff engagement learning series through various outreach activities and will continue to provide updates through the information portal to support transparent communication, stakeholder awareness, and informed participation in the ongoing tariff review process.

MAILT: Muskoka Area Indigenous Leadership Table

- The Muskoka Area Indigenous Table is a relationship-strengthening initiative involving all area municipalities and Indigenous Nations with historic ties or ongoing interest in the lands that now encompass Muskoka.
- MAILT accomplishments include: renaming of Muskoka Road 38 to Kanien'kehá:ka Iohatátie; a friendship accord signed by twelve First Nation and Municipal partners; an award of excellence from the Canadian Association of Municipal Administrators for innovative and collaborative partnerships; Indigenous awareness training for over 1100 staff and community members; the creation of a Land Acknowledgement Guideline and Framework; and established protection of drinking water intakes.

Muskoka Broadband Expansion

- The District of Muskoka Broadband sub-committee is working closely with area municipalities, to harmonize policies that would make applications more efficient for Internet Service Providers and speed up broadband expansion throughout Muskoka.

Inclusion, Diversity, Equity, & Anti-Racism (IDEA) Advisory Group (IAG)

- The IAG is a community led advisory body for Muskoka District Council to advance the goals of Inclusion, diversity, Equity, and Anti-Racism. Two highlight projects are:
 - **Community grants program** funds small community led projects that support the IDEA goals at local levels.
 - **Diversity & Inclusion Training for small employers** in: Safer Spaces 2S-LGBTQ+ cultural competency; indigenous awareness, & by-stander Intervention.

Funders Forum Info Sessions

- As part of the ongoing learning series a set of virtual information sessions was launched to strengthen stakeholder engagement as well as understanding of the available funding opportunities and to build familiarity with a new funder to the area, the Northern Ontario Heritage Fund Corporation (NOHFC). These sessions are designed to introduce funders, clarify eligibility criteria and provide practical guidance on navigating the application process. Further NOHFC information sessions are planned for the fall and will continue on a regular basis to provide updates with regards to funding streams as well as best practice when it comes to applying as well as similar information sessions for FedNor and the Ontario Trillium Fund.

Early Years Workforce Development Strategy

- The District of Muskoka continues its work on the Early Years Workforce Development Strategy with some key highlights and accomplishments from this past year which include:
 - High School Career Classes – engagement with 150+ students
 - Community Engagement through presence at job fairs and other events
 - Marketing Campaign – Spotify, Instagram and Facebook.
 - Fall conference with keynote speaker was a success, had a second event in the spring of this year focused more on networking and mentorship.

Venture Muskoka

- The District of Muskoka collaborates in economic development projects through the regions' municipal economic development teams identified together as Venture Muskoka. This year, Venture Muskoka will be going through a redesign of their website to enhance online resources for both businesses and job seekers.

Workforce Development Committee (WRC) Implementation Plan

- The regional workforce development committee oversaw the creation of a Regional Workforce Development Strategy, that was approved by District of Muskoka council spring 2024. Included in this was an implementation plan of twenty recommendations. Of the twenty recommendations, the WRC began immediate work on the following and here are some key updates with regards to these:
 1. Establish leadership and governance model and begin rollout of implementation plan – Terms of Reference were established as well as a workplan that was officially ratified early spring of this year
 2. Meet with local stakeholder organizations to review strategy actions and identify partnership opportunities and communication channels. - this partner and stakeholder engagement session occurred in the fall of 2024 and provided insight and valuable information key to implementing our strategy and work plans
 3. Establish and track key performance indicators – KPI's were established and reflected in the annual work plan.
 4. Develop annual work plans with financial implications aligned with development of municipal budgets – As was stated above, these were developed for the year and as a part of the implementation strategy will be updated on an annual basis as well as a status report will be provided to indicate what we have accomplished year to date and what we plan on accomplishing in the coming year.
 5. Enhance online resources for job seekers and employers to coincide with the Muskoka Job Board – This initiative is multi-pronged with various partner engagement as well as employer engagement to determine how best to provide information and fill in the gaps that exist so there is a better match between what employers require and what job seekers offer – this will be an ongoing initiative.
 6. Develop a marketing campaign for the Muskoka Job Board to promote workforce opportunities. The creation of a further video to add to the series around manufacturing is currently in the works and will be released before the end of the year

Youth Engagement Strategy (as part of the WFC implementation plan) - critical to the development of workforce for future capacity building is the engagement of youth, especially at the high school level regarding experiential and immersive learning opportunities. The RWC piloted a project to support students in the Muskoka area with the Skills Ontario competition involving contributing funds towards supports related to the students respective trades.

The RWC plans to continue with youth engagement by working with the school board, the SHSM consultant within the school board and other educational partners within Muskoka to look for ways to collaborate and further engage with students as it relates to career development and setting them up for success.

Muskoka Job Board

- The Muskoka Job Board is a resource to connect job seekers with employment opportunities within the District of Muskoka. This is managed and promoted by the Workforce Development Committee. A part of the work plan this year involves improvements to the job board to enhance online job-seeking resources.

Muskoka Tourism Marketing Agency (MTMA)

- The Muskoka Tourism Marketing Agency is a not-for-profit membership association funded by the District of Muskoka and local tourism businesses. MTMA unifies the region behind the Muskoka tourism brand through specific and regional marketing programs and implementing strategic priorities with regional stakeholders.

Muskoka Airport

- The District of Muskoka owns and manages the Muskoka Airport through the Airport Board of Directors. The Muskoka Airport contributes over 40 million in regional economic impact. Designated as an “Airport of Entry” by the Canadian Border Services Agency, international flights are common. The Muskoka Airport is home to over a dozen local businesses in the aerospace sector making it a service hub for clients as big as WestJet and Air Canada. Government services are supported as well such as: Air Ambulance, Ministry of Natural Resources wildfire management, Ontario Provincial Police, Royal Canadian Mounted Police, Corrections Canada and the department of National Defense. The airport recently transitioned into an MSC which allows the airport to operate more like a business enabling faster, more streamlined decision-making. This in turn will allow the airport the ability to potentially attract investment and development, reduce its reliance on tax dollars and position the airport as a more competitive economic driver for the region.

Newmarket

Marketing and Attraction

- **Collision Conference** – Economic Development attended final year of Toronto of this major tech conference to promote Newmarket as a place to land for international and mid-career entrepreneurs. Meetings with 8-10 international tech companies were scheduled.
- **Partner with the “Treefrog Accelerator”** to nurture international entrepreneurs seeking a Canadian presence by developing a “Welcome to Newmarket” package.
- **Economic Development Marketing Strategy** – fulsome marketing and attraction strategy development and execution including social media, media relations, experiential design
- Engaged in current “Place Branding” strategy development for Newmarket that will better position the Town within investment markets.
- Leading investigation of Municipal Accommodation Tax to advance tourism in Newmarket.

- **Choose Local marketing campaign** – annual community wide marketing campaign during the holiday season to encourage local residents to “choose local” when crossing items off their holiday shopping list
- **Market Research** – understanding the ICT and Advanced manufacturing sectors in Newmarket. Also investigating impact of AI in Economic Development

BIA and Main Street Support

- Supporting on-going BIA and Main Street initiatives including summer patio program and filming
- Led the “Ice Lounge on Main” multi-day winter promotional event.
- **Financial Incentive Program** – administering the Financial Incentive Program for the Community Improvement Plan (CIP) area
- Part of Official Plan review for future development opportunities in the South of Davis Area (SODA) linking the Historic Main Street District to the Davis Drive rapid transit corridor.

Corporate Visiting

- Continuation of the Corporate Visiting Program with wealth creating companies located in Newmarket.

New Tecumseth

Economic Development Programs

- **Municipal Accommodation Tax (MAT) Feasibility:** New Tecumseth Economic Development is currently exploring the potential of introducing a 4% MAT (Municipal Accommodation Tax) levied by short term rentals and hotels/motels in New Tec for clients staying less than 30 days in the region. The tax if implemented and accepted by council has the potential to generate significant revenues, which can then be reinvested into the region to support tourism endeavors that add value back to New Tec. Work is underway, with stakeholder engagement set to take place in July/Aug 2025.
- **Business Events:** Many business events have been held in the recent month including a job fair to connect local students with local employers, the Business Excellence awards, Mayor Norcross’ Annual Business Address – Celebrating Town achievements and milestones including revamping the Stevenson Memorial Hospital, Developing Simcoe Manor and Water treatment plant expansion in New Tecumseth, and most recently – The Auto Mayor’s event.
- **Business Visitation program** – Economic Development will be looking to complete 2 business visits per month to check in, gather feedback and support our local businesses as part of our business retention and expansion efforts.

- **Partnership Formation** – Economic development will be working closely with the ABIA, BTBIA. Chambers of Commerce to deepen relationships and ensure our business community is well supported
- **Business Concierge Service** – Economic Development is working on putting together a business concierge service to enhance the speed and efficiency of doing business in New Tecumseth. The program will expedite projects that add value to the region to ensure opportunities are not lost due to time delays and lags.

Funding For Downtown Businesses and Properties

- **Facade, Building and Property Improvement Grant** - The maximum grant value for the eligible costs per property are:
 - Facade Improvements: 50% of the eligible costs to a maximum of \$25,000, whichever is less.
 - Signage, Awning & Lighting: 75% of the eligible costs to a maximum of \$2,500, whichever is less.
 - Building Code Upgrades: 50% of the eligible costs to a maximum of \$20,000, whichever is less.
 - Property Improvements: 50% of the eligible costs to a maximum of \$25,000, whichever is less.
 - Each property is permitted a total of \$50,000 of funding for these grants, over the lifetime of this Plan.
- **Downtown Residential Improvement Grant** - 50% of the eligible costs to a maximum of \$5,000 per residential unit, whichever is less. A maximum of four (4) units shall be eligible per property, to a maximum of \$20,000 per property.
- **Commercial At-Grade Conversion Grant** - 50% of the eligible costs, to a maximum of \$10,000, whichever is less.
- **Public Art Grant** - 75% of the eligible costs, to a maximum of \$3,000, whichever is less.
- **Privately-Owned Public Spaces (POPS) Grant** - 75% of the eligible costs, to a maximum of \$5,000, whichever is less.
- **Heritage Grant** - 50% of the eligible costs, to a maximum of \$3,000, whichever is less. This grant is available for the Beeton Heritage Conservation District only.
- **Catalytic and Business Development Grant** - The grant will be paid to the owner each year for a maximum of 10 years or less, at the discretion of Council. In year one, the value of the grant may equal up to 100% of the tax increment. In subsequent years, the value of the grant shall decrease until it reaches 0% of the tax increment. A payment period of 10 years will be the maximum with the grants being incrementally reduced over the grant period.

Funding For Major Developments

- **Business Development Grant** - This grant is intended to provide financial incentive to stimulate new investment in targeted economic sectors for the purposes of expanding and diversifying New

Tecumseth's economy. This grant is administered as a tax increment equivalency grant (TIEG). The grant will be paid to the owner each year for a maximum of 10 years or less, at the discretion of Council. In year one, the value of the grant may equal up to 100% of the tax increment. In subsequent years, the value of the grant shall decrease until it reaches 0% of the tax increment. In no case shall the total value of all grants issued over the grant period exceed 100% of the eligible costs of the project. A payment period of 10 years will be the maximum with the grants being incrementally reduced over the grant period.

- **Rental Development Grant** - The maximum value of the grant may equal up to 80% of the tax increment. In subsequent years, the value of the grant shall decrease until it reaches 0% of the tax increment. A payment period of 10 years shall be the maximum with the grants being incrementally reduced over the grant period.

Funding for Residential Developments

- **Downtown Residential Improvement Grant** – This grant encourages the development or improvement of residential units in the upper storeys or rear of mixed-use buildings. This program is intended to increase the number of residential units in the downtown areas. 50% of the eligible costs to a maximum of \$5,000 per residential unit, whichever is less. A maximum of four (4) units shall be eligible per property, to a maximum of \$20,000 per property.

Niagara Falls

- **Niagara Gateway Economic Zone Community Improvement Plan and Municipal Employment Incentive Program**
 - Offers a tax increment-based grant, planning application fee waivers, building permit fee rebates and study grants to stimulate investment in new or existing employment uses.
 - Municipal Development Charges are waived for Industrial land uses.
- **Downtown Community Improvement Plan and Historic Drummondville Community Improvement Plan**
 - Offers grants for façade and commercial building improvements; residential loans for the creation of new residential units and a tax increment-based grant for redevelopment.
 - A Municipal residential development charge exemption of 75% is available for properties within these CIP areas.
- **Lundy's Lane Community Improvement Plan**
 - Offers grants for the improvement of commercial facades, landscaping and property; grants for an adaptive reuse and motel revitalization and a tax increment-based grant for redevelopment

Niagara Region

Affordable Housing

- **Affordable and Supportive Housing Regional Development Charges Deferral** - A deferral of Regional Development Charges for affordable or supportive housing units in projects having an agreement with a Regional department or agency for as long as the units remain affordable.
- **Niagara Renovates Homeownership for Repairs and Accessibility** - Forgivable loan over 10 years for repairs and accessibility modifications for low- and moderate-income households.
- **Niagara Renovates Multi-Residential** - Forgivable loan over 15 years to fund repairs or provide accessibility for affordable units in multi-unit buildings.
- **Non-Profit Regional Development Charges Grant** - A grant that pays for up to 100 per cent of Regional Development Charges for eligible non-profit developments.
- **Partnership Housing Program** - Partnerships with for- and non-profits to generate more purpose-built rentals and move clients off the housing waitlist by using a suite of Regional incentives customized by project. This program is currently subject to review and not available at this time.
- **Welcome Home Niagara Home Ownership Program** - A forgivable loan after 20 years for downpayment assistance of five per cent interest-free to a maximum of \$33,387.40 (purchase price not to exceed \$667,748), as amended from time to time, for renters at specific income levels purchasing a home.

Employment

- **Gateway Community Improvement Plan Tax Increment Grant** – A matching tax increment grant for projects in the Gateway Community Improvement Plan areas in Fort Erie, Niagara Falls, Port Colborne, Thorold and Welland.
- **Gateway Community Improvement Plan Regional Development Charges-Based Grant** – A matching grant of Regional Development Charges payable for projects with exceptional scores (14+) on Gateway Community Improvement Plan criteria. Niagara Region will provide a matching grant for an amount equal to Regional Development Charges, up to \$1.5 million per project, less any other applicable grants, following this post-completion calculation if: a project receives a score of 14 or more as calculated following project completion; and the local municipality provides written confirmation that it's providing a grant equal to the amount of local development charges for the project or will not be levying development charges for the project.
- **Regional Development Charges Grant for Industrial Use** – A grant equal to 100 per cent of Regional Development Charges for new or expanded industrial developments meeting the definition of industrial use.

Public Realm

- Niagara Region partners with local municipalities to improve the accessibility, sustainability and attractiveness of public realm areas within Regional roads. The Public Realm Investment Program provides local cities and towns with a matching grant from \$25,000 to \$150,000 for public realm enhancements on Regional roads in core areas.

Norfolk County

Norfolk County's Economic Development activities and initiatives include, but are not limited to:

- Business retention and expansion;
- Supporting workforce development, capacity, resiliency, job creation and skills building, including immigration and talent attraction;
- Investment attraction, development facilitation and investment aftercare;
- Providing informational support for newcomers to our community;
- Supporting businesses in their Diversity, Equity, and Inclusion practices;
- Government liaison to support business and help facilitate innovation and growth;
- Community familiarization through marketing and promotion;
- Municipal industrial land sale marketing and facilitation;
- Public Transportation

Business Supports

- **Business Retention & Expansion:** Norfolk Economic Development continues to conduct a Business Retention and Expansion program. With an online survey available and over 70 businesses engaged in 2024. By sharing experiences and insights, businesses help the Economic Development team identify opportunities to strengthen our local business community and ensure the department provides the right support.
- **Community Improvement Program:** The Community Improvement Program (CIP) offers a streamlined approach to applying for grants, designed to support businesses and property owners in enhancing their communities. Norfolk County's CIP establishes a framework for support and implementation of programs that may be utilized to encourage the maintenance, rehabilitation and redevelopment of the county. Up to \$20,000 in grants are available to local businesses. As of the end of September 2024, 19 grant applications have been received. Grants are available for:
 - **Study / Pre-Development Grants**
 - Architectural and Design Grant
 - Environmental Remediation Grant

- Planning Application Fee and Building Permit Fee Grant
- **Building / Property Improvement Incentives**
 - Agricultural Buildings and Facilities Improvement Grant
 - Building Facade Improvement Grant
 - Landscaping, Signage and Property Improvement Grant
 - Structural Improvement Grant
 - Residential Conversion / Rehabilitation Grant
- **Tax Incentives**
 - Property Tax Increment Grant

North Bay

- The **Economic Development Department** assists existing businesses, prospective investors, and community partners with business growth and development related initiatives through:
 - Investment attraction, development facilitation and aftercare
 - Business retention and expansion support to facilitate innovation and growth, market development, export, and trade opportunities
 - Municipal marketing, promotion, and community familiarization
 - Municipal industrial land sale marketing and facilitation
 - Sector specific capacity development initiatives
 - Film & TV production attraction, support, and municipal permit administration
 - Supporting small business and entrepreneurs through The Business Centre Nipissing Parry Sound (Provincial Small Business Enterprise Centre)
 - Delivery of the Newcomer Entrepreneurship Program
 - Supporting workforce development including immigration and talent attraction
 - Community development, capacity, and marketing partnership projects
- The City's **Development Application Review Team (DART)** provides timely and coordinated review of development proposals. The **Growth Community Improvement Plan** is designed to support qualified industrial development, downtown and waterfront commercial projects and housing intensification efforts through a variety of municipal fee and tax rebates and a professional study grant

North Grenville

- **Mayor's Address Event**
- **Hamlet Signs** - The 2023 Municipal budget includes \$10,000 to be allocated towards the design and installation of 7 new community welcome signs.
- **Digital Service Squad** - Economic Development staff was successful in securing funding from the OBIAA to continue the Municipality's Digital Service Squad Program. With this funding, the Municipality will be able to assist 200+ businesses with their digital needs. North Grenville's Digital Service Squad will work with local businesses to provide one-on-one support with digital assessments, website creation, social media advertising and e-commerce platforms.
- **The Digital Service Squad** is offering the following services for free:
 - Applying for up to the visitor guide will serve as a comprehensive resource providing information about attractions, accommodations, dining options, events, and other relevant details to enhance the visitor experience. \$4,900 in grants
 - Exploring social media
 - Learning about e-Commerce
 - Providing feedback on your current digital presence
 - One-hour consulting sessions
 - Free 360° photos of your business
- **Waterfront Access Strategy** - The strategy will create an overall vision for enhancing public use and access to the Rideau River and Kemptville Creek, in keeping with the Municipality's environmental, recreational and tourism objectives. The strategy will be completed by the end of 2023.
- **Economic Development Strategy** - This strategy will provide relevant direction, outlining goals and outcomes for the Municipality's Economic Development initiatives that will assist the Municipality in improving the economic and social well-being of North Grenville's diverse residents.
- **Tourism/Ec. Dev Seminars** - Working with community and business organizations to host a series of seminars that cater to the needs of our community.
- **Visitor Guide** - Tourism staff designed and distributed the North Grenville Visitor Guide.

North Perth

- **Pre-apprenticeship Training Program** with regional training partner in the field of Welding, Metal Fabrication and General Machining. To support workforce supply to area employers. Program includes in-class training and placements with local employers.
- **Youth Attraction and Retention Strategic Plan** including design and installation of a social space for youth in the renovated Elma Logan Recreation Complex/Daycare/Library.

- **Wayfinding and Gateway Signage Program**
- Façade Improvement Program
- Development of a Downtown Wifi Implementation Plan for downtowns across North Perth. In progress.

Oakville

- The Oakville Economic Development Department provides a proactive company visitation program. In addition, the Department provides site information, economic data and acts as the lead advisor to the Oakville Council, Chamber of Commerce and developers on expansion opportunities/constraints.

Orangeville

Business retention and expansion efforts are complemented by specific focus on tourism and creative sectors as well as small business support

- **Community Improvement Plan**
 - Eight financial incentives are offered to eligible commercial property owners, tenants and developers to encourage revitalization and investment in select areas
 - Managed by the Planning division and promoted directly to businesses through the EDC division
- **Business Outreach Program**
 - Informal program that encourages local businesses to connect with the EDC office to discuss challenges/opportunities, understand resources, and celebrate milestones
- **M1 Zone Directory**
 - Annual outreach to update business directory for all properties located in Orangeville's industrial zone
- **Public Art Collection**
 - Manage collection of tree sculptures and utility box art installations including acquisition, promotion, and maintenance
- **Tourism support**
 - Leverage tourism brand – Love, Orangeville – to promote visitation to Orangeville
 - Utilize various promotion channels – website, e-newsletter, social media, paid advertising, etc.
 - Maintain tourism business directory

- Maintain local event calendar
- **Downtown support**
 - Established Memo of Understanding with local BIA to define roles and responsibilities of the Town and the BIA
- **Small Business Enterprise Centre**
 - Funded in partnership with MEDJCT and local partners, deliver SBEC services, events, and programs to small businesses in Dufferin County

Orillia

- **Innovation Collective** - streamline processes and make it easier and more accessible for local and regional entrepreneurs to participate in and grow their business through the innovation economy.
 - The operating committee consists of members from Lakehead University, Orillia Area CDC, Georgian College, the County of Simcoe, the City of Orillia and two innovation experts from the local community. Innovation collectives create and support new ideas, products, and services.
- **Workforce Attraction and Retention Project** - The City of Orillia has partnered with the County of Simcoe and other regional partners to deliver a multi-faceted workforce attraction and retention project to help address workforce development challenges and support local industries in attracting and retaining talent.
- **XcelerateHer Program** - The XcelerateHER program is a unique program that supports female entrepreneurs through a four-pronged approach: skills development, networking opportunities, workshops and success stories.
- **Orillia and Area Physician Recruitment and Retention** - This includes providing key data, taking part in familiarization tours, and other initiatives to market the Orillia area for physicians to open a practice and for learning doctors to complete their practicum training.
- **Orillia Area Community Development Corp. (Orillia Area CDC)** - The Orillia Area CDC provides counselling, training & funding to local businesses to support job creation, growth and innovation.
- **Orillia & Area Online Business Directory** - The directory is promoted by the City and community partners as a source for local products, businesses and services.
- **Orillia & Lake Country Tourism** - Orillia & Lake Country Tourism is the destination marketing organization for Orillia & Area and focuses efforts on promoting local tourism attractions and events, while attracting visitors to the area. They administer and collect the MAT on behalf of the City of Orillia and receive 50% of the net revenue to support and enhance the tourism industry

- **Local and Regional Partnership Development** - The City of Orillia's Business Development staff regularly assist in the development of partnerships throughout the community and regionally. This includes everything from business-to-business partnerships to connections between post-secondary institutions and business leaders.
- **Business Development Newsletter** - The quarterly newsletter features local projects, initiatives and successes with the community and is shared with local businesses, community partners, and potential investors.
- **Downtown Tomorrow Community Improvement Plan (CIP)** Allows the City to offer a tool kit of financial incentive programs to promote private sector investment in building and property renovation, adaptive reuse, redevelopment and new construction projects. Council approved \$200,000 for the 2023 grant program to offset costs of development in the downtown core for DTCIP projects such as façade improvements, signage, feasibility studies, building improvements and the creation of residential units.

Oshawa

- **Business Retention & Expansion Program:** The Business and Economic Development Services branch at the City of Oshawa has undertaken a Business Retention and Expansion (BR+E) program aimed at supporting the growth and retention of Oshawa-based businesses across the city. The Oshawa BR+E Program is structured, collaborative, data-based and aims to put our business community at the forefront. Through the program, we aim to connect with local businesses through an online survey and meetings to gather insights, support growth objectives and/or resolve immediate concerns, while deepening our relationship with the businesses in the process. The program follows a four-stage process: Preparation, Collect & Analyze, Develop Goals & Action Plans, and Implement & Monitor Action Plans. The Program is currently in Stage 3 of the process, that is to develop goals and action plans aimed to improving the business ecosystem in the city in the long run.
- **Community Improvement Plans:** Community Improvement Plans (C.I.P.) are financial incentive programs that are designed to encourage development and redevelopment in designated areas throughout the City of Oshawa. Property and/or business owners can apply for financial support in improving the visual and functional aspects of their commercial, industrial, and mixed-use residential buildings or parcels of land. These Community Improvement Incentives, fully approved by the Province of Ontario, are just another way that Oshawa works with private sector partners to re-invest in our great city. Applications are accepted twice annually with the first application deadline of March first every calendar year, and the second application deadline of September first every calendar year. The following programs are available:
 - **Harbour Road Area** - offers an Increased Assessment Grant to encourage development in the Harbour Road Area. An Increased Assessment Grant provides a financial incentive for part or all of the increase in City taxes as a result of development or redevelopment of a property.

Applications are accepted year-round and require Council approval. The Increased Assessment Grant Program will run until December 31, 2026.

- **Simcoe Street South Renaissance** – offers four financial incentives programs such as: Economic Stimulus Grant, Façade and Accessibility Improvement Grant, Increased Assessment Grant, and Upgrade to Building and Fire Codes Grant
- **Urban Growth Centre** – offers five financial incentive programs such as: Conversion to Residential Grant, Economic Stimulus Grant, Façade and Accessibility Improvement Grant, Increased Assessment Grant, Upgrade to Building and Fire Codes Grant
- **Wentworth Street West** – offers three financial incentive programs such as: Economic Stimulus Grant, Façade and Accessibility Improvement Grant, Increased Assessment Grant
- **Graffiti and Vandalism Remediation Fund:** Through the 2024 Mayor's Budget, a one-time fund of \$100,000 has been established to support the business community in addressing the remediation of graffiti and vandalism acts to properties. This grant provides businesses with funds for eligible commercial or industrial property graffiti and vandalism repairs, or to implement eligible preventative measures. The grant program offers two (2) types of rebates - 1. Reparative and 2. Preventative. A property owner or business owner can apply to one or both programs. Reparative and Preventative Rebate applications are retroactive to January 1, 2024, accepted year-round, and will be reviewed on a first come, first serve basis until the fund is fully exhausted.
- **Business Funding & Support Finder (Fundica):** Oshawa Economic Development has partnered with Fundica, a leading AI-powered funding search engine, to provide businesses with an easy way to discover relevant government and private sector funding opportunities in Canada. Through its proprietary search tool and intelligent filtering, Fundica helps entrepreneurs and businesses find grants, tax credits and incentives, loans, loan guarantees and equity. This Business Funding & Support Finder helps local business owners more easily identify and access financial support.
- **Downtown Clean-up Program:** A program implemented to assist downtown businesses with daily clean-up of their street facing entrances for enhanced beautification. Following completion of the program agreement, downtown business owners are provided with daily early mornings clean-ups to remove any debris left behind by undesired behaviours observed in the downtown area.
- **Downtown Temporary Sidewalk Patio Program:** Running from April 15th – October 31st per season, the Downtown Temporary Sidewalk Patio Program allows eligible downtown businesses to submit patio applications that fit four options on City property – 1. Small patio, 2. Curbside patio, 3. Large patio, and 4. Expanded sidewalk patio. This complimentary program supports ongoing efforts to beautify and promote Downtown Oshawa as a vibrant, attractive and unique destination where people come together to meet and engage.

Ottawa

- **BIA Formation and Expansion Grant** - provides funding grants to business groups that have expressed formal interest in creating a Business Improvement Area for their commercial district, or to existing BIAs wishing to expand their boundaries.
- **BIA Graffiti Grant** - is available to all eligible BIAs as an annual renewable contribution. The purpose of the fund is to support BIAs and member businesses in adhering to the Graffiti Management By-law 2008-1 requiring the expedient removal of graffiti from all properties within the City of Ottawa.
- **BIA Mural and Architectural Design Feature Funding Program** - This program challenges BIAs, in collaboration with local artists, to develop “wow” moments that will enhance the public realm, create a more vibrant streetscape and enrich the customer experience.
- **BIA Research Grant Program** - This program provides funding contributions to BIAs to assist with research projects that are designed to enhance the economic viability and competitiveness of the BIA.
- **Community Economic Development Funding Program (CED)** - is an annual program that provides financial support to projects that advance job creation, economic diversity, entrepreneurship and small business development, skills development, innovation, and tourism while also demonstrating environmental, social, and/or cultural benefits.
- **Economic Development Core Funding** - Funding agreements with Invest Ottawa, Ottawa Music Industry Coalition, and Ottawa Film Office.
- **Economic Development Projects** - Funding agreements with Ottawa Film Office, Ottawa Music Industry Coalition, and Ottawa Festival Network.

Owen Sound

Council approved a new Community Improvement Plan, allocating funds annually to:

- Façade & structural improvement,
- Accessibility improvements, and
- Startup space leasehold improvements

The City, in partnership with the Owen Sound Downtown Improvement Area completed a three-year River District Action Plan with the focus on branding, management, marketing and promotion.

Parry Sound

- **FAM (Familiarization) Tours:** Economic Development Department of the Town of Parry Sound brings business people from the GTA, southern Ontario, and overseas to Parry Sound District to experience what the area has to offer in terms of investment opportunities.

Peterborough

Peterborough and the Kawarthas Economic Development ("PKED")

- Peterborough's strength in advanced manufacturing, aerospace, agriculture, cleantech, small business and tourism is buoyed by business support programs for real results. PKED is governed by a volunteer board of directors consisting of up to 13 local community members representing key business sectors, for 4 divisions:
 - Tourism
 - Marketing and Communications
 - Business Development
 - Operations

Cleantech Commons

- Peterborough is building Canada's premier cleantech destination in partnership with Trent University. Cleantech Commons will be host to a cluster of world-class companies and start-up enterprises in the fields of clean technology, agro-biotechnology, water treatment and advanced materials.

Peterborough Airport

- The Peterborough Airport offers fully serviced industrial and commercial lands airside and groundside. Lands are fully serviced with hydro, natural gas, communications fiber, water, and sewer services, ideally situated for aviation and aerospace related businesses.

Affordable Housing Community Improvement Plan

- **Municipal Incentive Program** – refunds municipal fees such as planning application fees, parkland fees, and cash-in-lieu of parking fees for affordable housing projects.
- **Development Charges Program** – refunds development charges for any new affordable housing units, subject to available funding.
- **Tax Increment Grant Program** – an annual grant to property owners, reimbursing a portion of the municipal property tax increase resulting from increased assessment over a period of nine years.

- **Heritage Property Tax Relief** - Owners of designated heritage properties in the Central Area may be eligible for tax relief in the amount of 40% for residential properties or 20% for commercial properties.

Central Area Community Improvement Plan

- Help improve the appearance and the structure of commercial buildings;
- Encourage the conversion of upper floor space for residential use; and
- To stimulate the environmental clean-up and redevelopment of older, abandoned industrial and commercial sites that may be contaminated.

 - **Incentives** - Assist businesses in navigating and identifying support and grant programs such as Digital Main Street program.
 - **Shop Local** - Direct marketing to promote developments and local businesses.

Port Colborne

- **Corporate Visitation Program**—The Economic Development Office assists firms in developing new export markets and expanding existing companies.
- Refunds of the taxes for up to 10 years for City municipal purposes on all improved residential and commercial properties in the Community Improvement Plan Areas
- Loans of up to \$1,000 per project for design projects and up to \$10,000 per project for improvement projects for commercial facades
- Exemptions for the creation of new residential or commercial units of building and planning fees as well as an exemption of parkland dedication fees and parking and loading space requirements

Port Hope

Economic Development Strategic Plan

- Work for the Economic Development Strategic Plan began in 2022 and consisted of three phases: research and analysis, consultation, and strategy development.

Community Improvement Plan

- **The Urban Design Study Grant Program** offers a grant equal to 50% of the cost of an urban design study, professional architectural and design drawing(s), and/or heritage impact assessment to a maximum grant of \$3,000. Only one Urban Design Study Grant application per property or project is permitted.
- **The Façade Improvement Grant Program** offers a grant equal to 50% of the cost of eligible front, side and rear façade improvement and restoration works to a commercial, institutional and mixed-use buildings. There is up to \$12,500 available for front facades and up to \$7,500 for side and rear facades.
- **The Building and Property Improvement Grant Program** has two components:
 - the building improvement component offers a grant equal to 50% of the cost of eligible interior and exterior building works to commercial, institutional and mixed-use buildings up to maximum grant of \$12,500.
 - the Property Improvement component offers a grant equal to 50% of the cost of eligible exterior property improvement, such as landscaping and paving, to a maximum grant of \$7,500.
- **The Upper Storey Conversion Grant Program** offers a grant for the following types of projects in the upper stories of existing commercial, institutional and mixed-use buildings. Renovating existing residential units to bring these units into compliance with the Building Code, Property Standards By-law, and the Fire Code. Constructing new residential units or new live, work, or studio space. The grant offered is \$15 per square foot to a maximum grant of \$15,000 per residential unit, live workspace or studio, and a maximum of four residential units. The grant can be increased to \$24 per square foot for affordable residential units.
- **The Tax Increment Grant Program** offers an annual grant for up to 10 years after project completion to help reduce the property tax increase that can result in larger rehabilitation, redevelopment, infill and intensification projects in the Project Area. This grant is only available to projects that meet the Municipality's minimum performance requirements for a “catalytic project”. If the applicant chooses to apply for this grant, Council will determine if the project meets this criterion.
- **The Development Charge Grant Program** offers a grant that reduces the Municipal Development Charges payable on projects in the Project Area. This grant is only available to projects that meet the Municipality's minimum performance requirement for a “catalytic project”. If the applicant chooses to apply for this grant, Council will determine if the project meets this criterion.
- **The Fees Grant Program** offers a grant equal to up to 100% of the fees paid on planning and development applications, demolitions or building permits, and a range of other permits for projects approved and completed under any of the CIP Incentive programs up to a maximum of \$5,000.

Destination Marketing

Economic Development handles destination marketing for the Municipality of Port Hope through its Port Hope Tourism office. Activities include:

- digital and onsite kiosk tourism information services
- production and distribution of themed tourism brochures at key tourism attractions
- seasonal outdoor, radio, and television ads highlighting key events and attractions
- paid and organic social media campaigns
- tourism website
- tourism industry communications and coordination

Tourism Strategy

- The tourism strategy began in 2023 for a delivery date of 2024, but with leadership changes is now slated for a Fall 2025 delivery. The tourism strategy will provide strategic recommendations for the structuring and delivery of Municipal tourism industry and destination marketing services going forward while highlighting major destination and product/package development objectives.

Spring Business Workshop Series

- A free workshop series developed and delivered in partnership with the Business and Entrepreneurship Centre Northumberland and the Port Hope & District Chamber of Commerce. It is designed to empower local entrepreneurs and business owners with the tools, strategies, and insights needed to scale up, boost skills, and continue thriving in today's evolving market. Four workshops were delivered in person and remotely from March to June.

New Filming Policy

Work has begun on a new filming policy to replace the current policy that has been in place since 2016. Municipal staff will work in partnership with a contracted service provider which will provide the following:

- An impartial, internal audit of the current film permitting process at the Municipality, which may include interviews with staff and stakeholders; internal document review; analysis of internal processes, and internal and external communications.
- A study of the Municipality of Port Hope as a filming destination with an emphasis on examining its physical, social, economic, and political conditions.
- Exploration of best practices for the delivery of film permitting in communities of similar size, product offering, political environment, and proximity to Port Hope.
- A final report that synthesizes findings and policy recommendations. Ad hoc consulting, document review and analysis for the duration of the film policy development process.

Main Street Reconstruction and Business Continuity

- Port Hope has been undergoing a multi-year reconstruction of its main (Walton) street over the last several years and Phase 3 is expected to be complete before the end of 2025. In addition to the practical community communications and engagement required on the Port Hope Digs webpage and social media as well as printed bulletins, Port Hope has operated a substantial amount of business continuity

programming which includes continuous business walks and consultation and downtown animation efforts with a cross-section of industry and cultural partners.

Business Community Update

- The Municipality of Port Hope maintains a mailing list and eNewsletter for business owners and operators within Port Hope, one General subscriber list and one Tourismfocused subscriber list. The eNewsletter covers such topics as Municipal news and updates; grants, funding, and resources available for business owners; behind-thescenes information about the Municipality’s Economic Development Division.

Prince Edward County

- **Partnerships** with:
 - Small Business Centre and Community Futures for “Winter Survival Workshops” to ensure businesses are equipped with the tools they need to survive.
 - Annual Prince Edward County Job Fair.
- **Tourism:**
 - Conduct Ambassador Training program for tourism industry
 - Work with museums to develop and market experiential tourism attractions to enhance and maintain their viability in the community.
- Downtown Revitalization Program with five Communities within PEC.
- Holiday shop local programs.

Puslinch

- Community Improvement Plan financial incentive programs continue to be made available to eligible businesses within the Township’s main corridor (ongoing)
- Implementation of robust communication and engagement strategy - ie. Social Media, EngagePuslinch, Township website, etc. (ongoing)
- Community Guide, Business Directory, Puslinch Profile Features, and Associated Economic Development Programmes (ongoing)
- Your Town Rising downtown activation project (implementation ongoing)

- Next steps associated with the Your Town Rising implementation includes the collection of images and videos at Township parks, facilities, and trail systems that will be shared on the Township's Instagram page (2025 - ongoing)
- The Township will be holding its 175th Anniversary and second Puslinch Community Showcase on October 4, 2025. The showcase is a signature Township run annual economic development event that brings together over 60 vendors, local business, community groups and partners (annual event).
- The Township hosted its first Mayor's Breakfast on May 5, 2025. The 2025 Mayor's Breakfast is a culmination of Business Retention and Expansion (BR&E) interviews that were conducted by the County with downtown businesses in 2024/2025. The County presented the results of these interviews at the Mayor's Breakfast and the Township presented next steps to the businesses (ongoing - annual event). Future annual events will focus on the Township's economic development programs alongside targeted speakers (annual event).
- Centralized Economic Development related webpages on the Township's website (2024/2025)
- Introduced preliminary planning consultations to provide additional/cost effective feedback opportunities for the development community (2025)
- Regionally Significant Economic Development Study Area Phase 1 (Employment) in collaboration with the County of Wellington (2025)
- Aberfoyle Settlement Boundary Expansion and Rural Residential Severance Revision in collaboration with the County of Wellington (2025)
- Potential Financial Incentive Program/Plaque Program (2025/2026)
- Township Community Improvement Plan Amendment and Financial Incentives (2025/2026)
- Establishment of an Ad-Hoc Local Economic Development Committee subject to grant funding success (2025/2026)
- The Township is in the process of issuing a Request for Proposal to have a consultant assist the Township for Revitalizing the Downtowns in Aberfoyle and Morriston (2025/2026).

[Quinte West](#)

Business Retention & Expansion Project

The City of Quinte West initiated a business retention and expansion (BR+E) project for its retail, commercial and technology sectors to foster local businesses' stability and growth.

Community Improvement Plan

The CIP consists of programs to encourage private investment into the CIP Priority Areas, including the following zoning: Downtown Commercial (DC), Corridor Commercial (CC) within the priority zones only, and

Recreation Commercial (RC), Agricultural (AG), and Rural (RU) properties with a Tourist Establishment/retail operation. The CIP programs are as follows:

- **Façade and Signage Improvement Grant** - A grant to support aesthetic improvements to the façade and signage of commercial properties in the CIP Priority Area. The Façade Incentive may cover 50% of eligible costs up to a total of \$12,500 OR \$17,500 for properties with more than one facade. The Signage incentive may cover 50% of eligible signage costs up to \$2,500 per property.
- **Planning Fees and Building Permits Grant** - A grant to reduce the cost of eligible Building and Planning Fees. Eligible Planning Fees including Zoning By-law Amendments, Site Plan Approval, Minor Variance, Application for Consent, Part Lot Control Exemption and Subdivision/Condominium Agreement may cover 50% up to \$3,000 per property. Building Permit Fees can cover 50% up to \$7,000 per property.
- **Building and Property Renovation Grant** - A forgivable loan to encourage the significant renovation of existing commercial and mixed-use buildings in the CIP Priority Area, including upper-floor conversions. This loan may cover 50% up to \$25,000 per project, forgivable over five years at an annual rate of 20%.
- **Building Accessibility Improvement Grant** - A grant to assist property owners with the financing of accessibility improvements to ground floor or upper storey units. Eligible costs can be covered 50% up to \$5,000 per project.
- **Multi-Stream Comprehensive Tax Increment Equivalent Grant (TIEG)** - A grant that will reimburse a portion of the increased Municipal property taxes as a result of a (re)development that meets City strategic priorities. This grant may equal up to 75% of the Municipal Property Tax Increment over a set period of time or dollar limit, per Council approval. This program includes three streams:
 - New Commercial (applicable area Downtown and Commercial)
 - Non-Urban Tourism-Related Uses (applicable area: City-wide, Zoning RC, A, RU only)
 - Hotel Development (applicable area: City-wide, Zoning DC, CC only)

Industrial Lands Community Improvement Plan

The Quinte West Industrial Lands CIP is intended to stimulate private sector investment in targeted industrial areas in the City. Successful applicants will benefit from grants designed to help applicants reduce the costs associated with municipal property taxes. This program is open to new developments and existing businesses that expand on both municipally and privately owned industrial lands. This includes two financial incentive program streams:

- **Tax increment equivalent grant** - The CIP can provide successful applicants with a grant to stimulate investment in the new and existing businesses by reducing costs associated with increased property taxes from significant development, redevelopment and property improvements on industrial lands.

- **Permit application fee grant** - A grant to assist with the development/redevelopment projects on industrial lands via reducing the zoning bylaw amendment application fee or the Demolition Permit application fee.

[Renfrew \(Town\)](#)

Economic Development Services

- Site location assistance
- Information and statistics
- Streamlining the development approvals process
- Business problem-solving
- Business and community contacts
- Industry and business networks
- Community Outreach
- Access to community improvement incentives

Community Improvement Plan

- A Community Improvement Plan (CIP) for the Town of Renfrew has been prepared to serve as a long-term strategy to revitalize the community, improve the quality of life of the community's residents, better utilize underdeveloped properties, and promote private investment in land and buildings. The Community Improvement Project Area identifies five districts, each with different financial incentives available. Financial incentives include:
 - Façade, building, and signage improvement Grant
 - Property, Landscaping and Parking Area Improvement Grant
 - Accessibility Improvement Grant
 - Planning and Building Permit Fee Grant
 - Tax Increment Equivalent Grant

Economic Development Advisory Committee

- The Economic Development Advisory Committee is mandated to ensure the Town of Renfrew is proactive in economic development and tourism. The committee will make recommendations regarding business expansion and retention, visitor attraction, and strategies to position the town for growth.

Strategic Community Partnerships

- **Renfrew Business Improvement Association** - Making Downtown Renfrew a destination of choice for residents and visitors for shopping, dining, entertainment, and other services; and acting as a catalyst

for vibrancy and prosperity in the area through beautification, improvements marketing and co-operative initiatives.

- Business networking
- Quarterly business newsletter
- Business visitation program
- 5-Year Strategic Plan
- **Renfrew Chamber of Commerce** - The Renfrew & Area Chamber of Commerce is a member organization delivering value to our business community with a focus on advocacy, education, and networking. We will be recognized as the Voice of Business for Renfrew and surrounding area, dedicated to working with stakeholders to help our community thrive.
 - Monthly e-news update
 - Business networking events
 - Grand Openings
 - Membership Surveys
 - New to the Frew; New to Renfrew networking event
 - 2-Year Strategic Plan
- **Renfrew Community Futures** - Provides innovative solutions for small to medium-sized enterprises by delivering techniques and funding opportunities to develop their economic and employment growth with high-quality services and expert guidance.
- **Enterprise Renfrew County** - Enterprise Renfrew County's mandate is to encourage and contribute to the enterprising spirit and economic development of the County of Renfrew by assisting entrepreneurs with the development of new or existing companies.

Richmond Hill

- **Approvals Plus** - Approvals Plus offers priority development application services, using a coordinated inter-departmental approach led by Economic Development staff in partnership with Development Planning staff in the Planning and Regulatory Services Department. Designed to help business owners, developers, and investors get extra building project support. Most office, industrial and commercial developments will qualify.
- **Centre for Local Innovation and Collaboration (CLIC)** - We have partnered with OCAD University to launch the Centre for Local Innovation and Collaboration (CLIC). This program explores opportunities for local businesses to accelerate growth and innovation. Funded by eCampus Ontario and Centennial

College, this unique, design-driven centre for innovation is part of a broad-based approach to accelerating business growth and innovation. CLIC exists to explore opportunities for local businesses to gain access to applied research and to leverage human-centred design expertise.

- **Community Improvement Plan (CIP)** - supports new office development in Richmond Hill's designated centres, corridors and older business parks. It also supports the Village Business Improvement Area revitalization. Grant Programs include:
 - The **Tax Increment Equivalent Grant (TIEG)** program for office is designed to support the development/intensification of office (stand-alone or as part of mixed-use developments) across the entire CIP Area.
 - The maximum amount of the grant is 90% of the annual tax increment, over the agreed base assessment and property tax liability in Year 1, declining by 10% per annum;
 - The maximum duration of the program is 10 years; and
 - The maximum total grant amount is limited to the lesser of the total tax increment over the duration of the program or the total eligible costs.
 - The **Building Renovation Grant program** is designed to promote the adaptive re-use of existing structures (industrial, commercial or other) for office in the Village Local Centre, Oak Ridges Local Centre, Newkirk Business Park and Beaver Creek Business Park areas of the CIP Area. The program is structured as follows:
 - The grant maximum is \$100,000 per property and the grant minimum is \$10,000 per property; and
 - The grant is provided on a matching funds basis, to a maximum of 50% of eligible costs.
 - The **Façade, Landscape and Signage Improvement Grant Program** seeks to enhance the aesthetic appeal of the Village Local Centre, through façade, public realm and signage improvements, as well as street-front redevelopment, and any resultant economic spin-off effects. A key goal of this program is to support the achievement of the linked system of courtyards. The program structure is identified below:
 - **Façade Grant** - Matching grant of up to 50% of eligible costs or a maximum grant of \$15,000 per property for a single facade, whichever is less. Matching grant of up to 50% of eligible improvement costs or a maximum grant of \$25,000 per property, whichever is less for façade improvement projects involving more than one façade. The minimum grant is \$2,500 per property. Project applications including matching assistance of less than \$2,500 will not be considered.

- **Signage Grant** - Matching grant of up to 50% of eligible costs or a maximum grant of \$2,500 per property, whichever is less. The minimum grant is \$1,000 per property. Project applications including matching assistance of less than \$1,000 will not be considered.
- **Landscaping Grant** - Matching grant of up to 50% of eligible costs or a maximum grant of \$5,000 per property for a single frontage, whichever is less. For combined street-front and side-lot or rear-lot landscaping improvements: Matching grant of up to 50% of eligible costs or a maximum grant of \$10,000 per property, whichever is less. The minimum grant is \$2,000 per property. Project applications including matching assistance of less than \$2,000 will not be considered.
- **York Region Incentives for Office Development** - Office buildings being constructed in York Region could be eligible to defer the full amount of the Regional development charges payable for up to 20 years. The deferral of development charges is interest free and could begin at occupancy. The five to 20-year development charge deferrals are a part of a three-year pilot, limited to a total of 1.5 million square feet of office space.
- **Business Outlook Survey** - Survey launched in December 2023 to poll businesses on their attitude toward various components of their business and how Richmond Hill SBEC services align with their needs and priorities. Data from this survey informed webinars and services provided to clients in 2024.
- **Site Selectors Guild** - The Site Selectors Guild April 3-5 provided an opportunity for international Site Selectors to network and share best practices in this annual conference in Nashville - Richmond Hill attended as part of the York Region mission and was given an opportunity to present Richmond Hill as a suitable destination for businesses seeking international expansion.
- **Filming** - With a dedicated Senior Economic Development Officer for Film projects, staff actively attracts filming to Richmond Hill, providing film location managers site locators and filming crews direct support for filming on City of Richmond Hill premises, as well as helping to arrange and connect with private business or residential sites for potential filming at their locations. See 'Filming' tab for full breakdown.
- **SBEC Services** - The Richmond Hill Small Business Enterprise Centre (RH-SBEC) is an innovative partnership between the Province of Ontario and the City of Richmond Hill, belonging to a network of 54 Small Business Enterprise Centres across Ontario that offers entrepreneurs various tools to start and grow their businesses. We are a one-stop source of resources that provides information, education, and access to services and programs that enable Richmond Hill's entrepreneurs and small businesses to grow and thrive. Services include Business Consultations and Help with Business Plans, connections to resources and Workshops. See SBEC Workshops tab for 2024 breakdown up until June. Please note webinars will resume in September with topics and dates TBD.
- **Summer Company** - Summer Company launched in April and accepted 10 students into this year's cohort. Summer Company provides mentorship, training and grant funding to full-time students aged 15-29 looking to run a summer business. This year students get to showcase at the Richmond Hill Ribfest

July 19-20 and at Hillcrest Mall (date TBD). Each year one of the students is selected to be awarded the William F. Bell Young Entrepreneur Award each fall.

- **Starter Company Plus** - The Starter Company Plus intake launched in June and provides entrepreneurs aged 18 and over with tailored advice, mentoring, training and up to \$5000 in grant funding to help launch or expand their business. The Richmond Hill Small Business Enterprise Centre mentors dozens of entrepreneurs each year through this program. 10 applicants will be awarded the grant. The rest have access to the training sessions.
- **MedTech** - The MedTech Conference brings the brightest minds in the global medtech industry together in Toronto on October 15-17, 2024. The conference gathers thousands from the medtech industry under one roof so attendees can make the most of their time finding new technology at the MedTech Campus, hearing from industry leaders through compelling education and in numerous interactive networking events all week. We will be attending the educational sessions, networking with attendees and participating in a booth in the trade show area of the conference, in partnership with York Region (and the Cities of Markham, Vaughan, and the Town of Georgina), Toronto Global, Cities of Mississauga and Brampton.
- **Entrepreneurship Finance Conference** - The fifth annual Entrepreneurship Finance Conference will be held Oct 24. This virtual conference will offer participants to hear expert talks from financial experts including representatives from major banks, private lending firms, Venture Capitalists, Angel Investors, partner organizations like EDC, BDC, and more. The goal is to educate, inform and give collaboration opportunities to the local business community on all things finance.

Sarnia

Sarnia Economic Development: As the first point of contact for companies looking to locate, relocate or expand in Sarnia, Sarnia Economic Development services include:

- Site selection assistance and continued support through planning and development process
- Confidential one-on-one consultations
- Strategic partnership guidance
- Grant and financing information & application assistance
- Access to in-market research, market trends and demographics
- Business visitation program to support BR&E efforts
- Workforce and employment development support
- Build awareness of Sarnia's value proposition

- Sarnia Community Improvement Plan for Downtown and Mitton Village

Partnership Development: This department establishes meaningful contact with other levels of government, the business community, educational institutions, and key stakeholders to develop and further economic initiatives and goals.

Sault Ste. Marie

- **Business Retention and Expansion**
 - Retention
 - Business support
 - Funding programs
 - Navigating the various levels of government
 - Expansion
 - Identification of growth industries
 - Funding programs
 - Support
- **Business Attraction**
 - Focus is attraction of business to the City
 - Dedicated resource
 - Targeting desirable industries, understand new trends and opportunities i.e. Biomass, Hydrogen
 - Third party lead generation
- **Community Development Fund** - The purpose of the Economic Development Program of the Community Development Fund is to support job creation, increased tax assessment and the implementation of strategic economic development projects. Applicants apply to receive this funding for Council approval and recommendation comes from the Economic Development Corporation Board of Directors. An annual allocation of \$500,000 supports the EDP.
- **Millworks Entrepreneurial Centre** - The centre offers comprehensive services, including two MEDJCT funded programs (Summer Company and Starter Company Plus), incubator services, and ongoing advisory support. The Millworks Centre for Entrepreneurship has been relocated downtown to enhance accessibility for the entrepreneurial community. The Centre has been recently advised that funding for the Summer Company and Starter Company programs has been increased to allow additional participants in 2024.
 - **Summer Company** – funding and support for student summer businesses – up to \$3,000 grant to qualified individuals
 - **Starter Company Plus** – up to \$5,000 grant to start, purchase or expand a business
 - Business planning support

- Workshops
- Mentoring
- **Green Energy Leadership:** As a leading green energy producer in North America, we've initiated efforts to attract industries that can leverage our green energy capabilities. Opportunities include partnerships with green hydrogen, concrete, bio-char producers, and a slag reprocessing company, all of which complement the public port facility project.
- **Start-Up Visa program** – attract foreign entrepreneurs who wish to establish high growth businesses in the City
- **Business Counselling** – business planning, cash flow projections and other business-related topics
 - **Business Incubation Services** – high-speed internet, video conferencing, business mailing address, meeting rooms etc.

The City has two **Community Improvement Plans (CIPs)** in effect.

- **Rental Housing Community Improvement** - provides for tax rebates on a declining basis over a three-year period for new rental housing projects. There is an additional incentive for facilities which support assisted-living programs or where additional barrier free units are constructed.
- **Economic Growth Community Improvement Plan** - provides a benefit for new and expanding companies that are in those emerging sectors that have been identified in the Growth Plan for Northern Ontario. This program allows City Council to approve a one-time grant of up to \$100,000; or a grant of up to 100% of the incremental increase in the municipal portion of the property taxes for a maximum of three years.

Development Support

- The City also owns two industrial land properties and is marketing and selling plots to new/expanding businesses for \$50,000 per acre.
- It should also be noted that the City does not have any DCs for new building projects.

Scugog

- **BR&E (Business Retention & Expansion) Program** - a structured, action-oriented approach to business and economic development. It promotes job growth by helping communities learn about issues and opportunities for local businesses as well as sets priorities for projects to assess these needs. A BR+E project consists of trained volunteers who visit businesses and conduct confidential interviews with senior-level management, business owners or managers. Data analysis and action planning is then undertaken to address issues and opportunities facing businesses.

South Bruce Peninsula

- **Open-door policy**
- **Pre-consultation**—South Bruce Peninsula takes a progressive approach to development, as such, there is a stream-lined pre-consultation process where staff work closely with residents, businesses, developers and neighbourhood groups and other community members to ensure the successful completion of development projects.
- **Corporate Calling Program**—The municipality has a robust corporate calling program. For many local businesses exposure to the municipality is very limited and in many cases corporate calling is the first contact many of them have had with the Town.
- **Collaborative Partnership Development**—The Economic Development Officer establishes and maintains collaborative partnerships with local residents, Chamber of Commerce regional, provincial and national organizations to ensure businesses have the resources they need.
- **Façade Improvement**—The Town partners with the County of Bruce to deliver the Spruce the Bruce program for facade improvement.
- **Physician Recruitment**—Actively implement ongoing programs for physician recruitment and retention for medical students, locums, or resident physicians or other incentives as deemed appropriate by the Town of South Bruce Peninsula and Committee.
- **Community Improvement Plan**—Council adopted a Community Improvement Plan for the Town's Community Improvement Areas. The purpose of the plan is to establish a framework for the Town's support and implementation of programs to encourage development in the downtown and waterfront areas of its four main urban areas.
- **Façade Improvement/ Community Improvement Plan**—The Town partners with the County of Bruce to deliver the Spruce the Bruce program for facade improvement.

Springwater

- **Community Improvement Plan**
 - The Township of Springwater has a Community Improvement Plan (CIP) which is an ongoing program to support and incentivize new and re-development within the Township. The CIP also invests in façade improvements, new signage, and building renovations and improvements.
- **Economic Development Strategy Implementation**

- Our Economic Development Strategy builds on the Township's existing strengths and translates them into new opportunities for economic growth. The municipality will work to further the implementation of the strategy in 2023.
- **Economic Development Marketing Plan Implementation**
 - Ongoing implementation of the Township's Economic Development Marketing Plan will take place over the course of the year, to raise awareness about the economic development opportunities in Springwater among key audiences, as well as support the economic development vision of becoming a prosperous community that enables tourism and attracts sustainable business while maintaining the quality of life that is valued by our residents.
- **General Business Support Services**
 - The Township continues to provide business support services through business expansion and retention initiatives and the sharing of information with our local stakeholders, such as that for upcoming business events, local resource opportunities or incentive programs available.
- **Simcoe Muskoka Skilled Trade & Apprenticeship Expo**
 - The Skilled Trade & Apprenticeship Expo returned May 15 for the first time post-pandemic. The interactive event featuring industry businesses sharing about apprenticeship and trade opportunities available. The event hosted 2000+ Grade 7 & 8 students from across the region during the day and was open to the public in the evening.
- **Tourism**
 - The Township will continue to support and participate in community events, with emphasize on feature events such as the Elmvale Maple Syrup Festival, Elmvale Fall Fair and Midhurst Autumnfest.

St. Catharines

- **Corporate Calling Program** –Corporate visitation schedule aimed at identifying challenges and growth opportunities (business retention and expansion BR+E).
- **Project Expeditor Services** - provides certain land development projects with expertise, guidance, resources, and conflict resolution services to move land development projects forward and address challenges and obstacles to a planning or building permit approval.
- **Government Relations** - develop and maintain relationships with elected and unelected government officials, research and advise on public policy, legislation, and programs.

- **Site Selection Assistance Program** – offering an array of services ranging from workforce development to shovel-ready land to help investors/businesses or relocate in St. Catharines.
- **Physician Recruitment Program** – the St. Catharines medical community is leader in providing collaborative care to its residents. City staff works closely with the medical community to assist with the recruitment and retention of medical professionals.
- **Tourism marketing and promotion** – staff work with tourism/industry partners and colleagues to develop and deliver marketing programs that increase visitor attraction/participation.
- **St. Catharines Enterprise Centre (SCEC)** - provides business advisory services, training, networking, youth programming, events, monthly newsletters, and community outreach to both new and existing small and medium sized businesses.
- **Tax Increment Finance (TIF) Program** - for redevelopment projects.
- **Facade Improvement (FIP) Program**—Building facade, store front enhancements.

St. Thomas

- **The St. Thomas EDC**—oversees the Elgin/St. Thomas Small Business Enterprise Centre, Railway City Tourism and the Horton Farmer's Market and provides economic development services across St. Thomas and Elgin County, under the leadership of a volunteer Board of Directors comprised of representatives from business and industry in St. Thomas, along with 3 Members of City Council.
- **Corporate Visitation Program**
- **Site Selection Services**—Full array for new and expanding businesses, while also serving as a liaison between multiple levels of government and the business community

Thunder Bay

- **The Thunder Bay Community Economic Development Commission (CEDC)** - The Thunder Bay Community Economic Development Commission is the City's lead economic development agency and champion for local growth. CEDC use their local knowledge and expertise to promote Thunder Bay as the

best small city in Canada to live, work, do business and visit. The business development team and sector specialists respond quickly to new opportunities to attract visitors, new talent, employment, business development and investment to Thunder Bay. Responsibilities include:

- Entrepreneurial support
 - Business development
 - Business retention and expansion
 - Exporting advice
 - Collection and assessment of key business data
 - Community Marketing
 - Tourism promotion
 - Investment attraction
- **The Thunder Bay & District Entrepreneur Centre** - Located within the CEDC and funded by the City of Thunder Bay and Ministry of Northern Economic Development and Growth; the Centre provides seminars, workshops, and free business counselling services to new and existing small businesses. The Centre also provides business grants through the Starter Company Plus and Summer Company programs that are funded by the Ministry of Economic Development, Job Creation and Trade.
- **The CEDC Tourism Development Fund (TDF)** - The Community Economic Development Commission Municipal Accommodation Tax Fund (CEDC MAT Fund) consists of tax revenues collected annually by the City of Thunder Bay through the administration of the Municipal Accommodation Tax (MAT). The MAT is levied on short-term hotel, motel and other commercial establishment stays in the City of Thunder Bay, at a rate of 5%. The Thunder Bay Community Economic Development Commission (CEDC) utilizes 50% of this tax revenue to support continued tourism growth by providing funding through two funding streams, an Event fund and a Product Development fund. Not-for-Profit, private sector and public sector entities are eligible for non-repayable financial contributions.
- **Physician Recruitment**— Family Physician Recruitment Initiative – is a collaborative program aimed at enhancing the recruitment and retention of family physicians within Thunder Bay. This initiative is a partnership involving community organizations, local clinics, medical and academic institutions, and government agencies. By leveraging these diverse resources and expertise, we aim to create a supportive environment that not only attracts new family physicians but also encourages them to build long-term practices in our area.
- **Community Futures Development Corporation (CFDC)** - Locally the CFDC is known as Thunder Bay Ventures' Finances new businesses and expansions, provides business services and referrals and funds economic development projects in the Thunder Bay Census Metropolitan Area.
- **PARO Centre for Women's Enterprise**— PARO is one of Canada's most successful business support and networking organizations. As a not-for-profit social enterprise, we collaborate to empower women,

strengthen small business and promote community economic development across Northern, Northeastern, Eastern, Southeastern, and Central Ontario (excluding the Greater Toronto Area).

- **Northwestern Ontario Innovation Centre** - The Innovation Centre's goal is to help the innovative companies of Northwestern Ontario to start, grow, and succeed. They act as support system for innovation and strongly believe in collaboration and helping.
- **Ingenuity** – Ingenuity is Lakehead University's first business incubator. They offer space and resources for students who are looking to start a business or develop their idea. Along with providing space for budding entrepreneurs, Ingenuity also offers a learning environment to help develop knowledge and skills that help support business development and growth.
- **Building and Planning Fee Rebate:** The Building Permit and Planning Fee Grant is available to applicants of commercial and mixed-use properties who complete improvement projects within one of the 3 Project Areas, at a rate of 100% rebate to a maximum of \$10,000 dollars.
- **Commercial Conversion – Main floor:** The purpose of the commercial conversion grant is to encourage the redevelopment of existing main floor space to a commercial use. This grant could be used to provide financial support to rehabilitate vacant commercial properties into viable commercial uses for prospective tenants. The grant provides 50% of the cost of renovating and converting main floor residential for commercial use up to a maximum of \$10,000. Eligibility for renovation costs is intended to provide for the improvement of a space to enable occupancy for a commercial use, where the condition of a commercial space may have deteriorated to the extent that it is vacant or not favorable for commercial occupancy. The grant may be used for rental or ownership units. Eligible costs include improvements related to accessibility in accordance with the Accessibility for Ontarians with Disabilities Act (AODA).
- **Residential/Office Conversion – 2nd floor:** The grant will cover 50% of the cost of renovating and converting second floor or higher units for residential or office use up to a maximum of \$10,000. The grant may be used for rental or ownership units. Eligible costs include improvements related to accessibility in accordance with the Accessibility for Ontarians with Disabilities Act (AODA).
- **Commercial Façade Improvement Grant:** The grant will provide 50% of the cost of improvements to the façade of commercial storefront buildings up to a maximum of \$10,000.
- **Construction Assistance** - Grants are available up to \$20,000/unit for single bedrooms and up to \$30,000/unit for two or more bedrooms for the cost to construct new residential units, to a maximum of \$100,000 per property. This grant can also be stacked with other Strategic Core Area grants.

- **General** Development Objectives' rebate of 100% in year 1, 80% in year 2, 60% in year 3, 40% in year 4, 20% in year 5, fully taxable in year 6.
- **High** Level Development Objectives' rebate of 50% in years 1 to 6, 40% in year 7, 30% in year 8, 20% in year 9, 10% in year 10, fully taxable in year 11.
- **Strategic** Level Development Objectives' rebate of 100% in years 1 to 6, 80% in year 7, 60% in year 8, 40% in year 9, 20% in year 10, fully taxable in year 11.
- **Development types included:**
 - **Downtown Commercial and Multi-Residential (including Affordable or Social Housing) Projects**
 - **Commercial and Multi-Residential (including Affordable or Social Housing) Projects outside of Downtown**
 - **Industrial Projects**

Timmins

- **Timmins Economic Development Corporation** - Its mission is to advance community economic development in Timmins and the region by attracting and supporting businesses and organizations. It does so by providing entrepreneurs, investors, and non-profit organizations with assistance throughout every stage of development. This assistance includes providing information on site selection, market analysis and demographics, business plan development, funding and financing applications, and liaising with other governmental organizations with the assistance of partner organizations such as The Business Enterprise Centre and Link North. By providing all of these services together, we are the central contact for all economic development needs in Timmins.

- **Summer Company** - is a program for students aged 15-29 who wish to start their own summer business. Students create a business plan, apply for up to \$3,000.00 in funding, and have a business advisor to help them succeed throughout the whole program from application to completion.
- **Starter Company Plus** - is a program for adults (18+) who wish to start, expand, or purchase a business. Entrepreneurs participate in a series of workshops to learn how to create a business plan. At the end of the workshop series, they are eligible to apply for a \$5,000.00 grant to help them with start-up, expansion, or purchasing costs. A business advisor is there to help them succeed through the whole program.
- **Rural & Francophone Community Immigration Pilot Program** – is a pathway to permanent residence for skilled workers who want to work and live in one of the selected rural and smaller communities. The current Timmins Regional pilots are spearheaded by the Timmins Economic Development Corporation (TEDC) and numerous community partners.
- **Municipal Accommodations Tourism Tax Grant** - is to promote and grow the tourism industry in Timmins. Applicants hosting a tourism event that will attract people to the community and to stay in hotels ('heads and beds') are eligible to apply for this grant.
- **BOOST Funding** - supports commercialization, business or product launch, scaling, expansion and/or improvement efforts by providing a 50% contribution up to \$10,000 toward eligible project costs in the following industries: industrial services, resource-based sectors, agri-foods, manufacturing, clean tech, information technologies, and health sciences.
- **Investor Ready Program** - Link North and the Northern Ontario Angels (NOA) have collaborated to create and deliver strategic programming that helps entrepreneurs to prepare for and access angel and equity investment.
- **Agri-Business Knowledge Camp** - is a program designed to equip agri-business entrepreneurs across our region with the knowledge that they need to scale and grow their business operations. It features a series of webinar workshops and masterclasses delivered by agriculture industry experts across Canada, as well as local agri-food businesses and entrepreneurs that want to share their story and knowledge. Agri-business Knowledge Camp program is a collaboration of Link North, Timmins Economic Development Corporation, and Bioenterprise Canada.
- **Win This Space** - allows eligible entrepreneurs to win the use of a space in the Downtown Timmins Business Improvement Area's catchment area. Entrepreneurs must submit a video application, participate in the Starter Company Plus training, and then pitch their business idea to the evaluation committee.
- **Community Improvement Plans:**

- **Downtown Community Improvement Plan:** This program allows eligible businesses to apply for grants concerning:
 - **Building Improvements** - up to 50% of approved improvements to a maximum of \$30,000
 - **Façade Improvements** - up to 50% of approved improvements to a maximum of \$15,000
 - **Municipal Fee Rebates** – 100% refund for building permit fees or planning application fees. As well up to 50% towards tipping fees to a maximum of \$5,000
 - **Parking Fees and Transit** - a 50% reduction in monthly parking passes in municipal parking lots and a 50% reduction in transit fees for monthly transit passes for a period of one-year. Residents in new upper storey residential units shall be eligible for a 50% reduction in transit fees for monthly transit passes.
 - **Safety Improvement** - a one-time only grant opportunity up to 75% of approved improvements to a maximum of \$7,500
 - **Sidewalk Patio Grant** – 100% towards patio construction costs to a maximum of \$1,000
 - **Tax Increment Rebates** - a five-year phased-in grant opportunity for large scale redevelopment projects (exceeding \$500,000) by providing a rebate to offset the City's portion of tax increases resulting from property improvements or new development.
- **Commercial and Industrial Community Improvement Plan:** The grant program's aim is to promote redevelopment of brownfield sites, encourage mining redevelopment and promote the City's underutilized Timmins Industrial Park. The City of Timmins has set aside \$50,000 towards the Commercial & Industrial CIP. This program allows eligible businesses to apply for grants concerning:
 - Tax Increment Rebates
 - Environmental Studies
 - Municipal Fee Rebates
 - Commercial & Industrial Redevelopment
 - Mining Redevelopment
 - Industrial Park Development.

Toronto

- Economic Development manages Enterprise Toronto www.enterprisetoronto.com —A public-private alliance assisting entrepreneurs and small business. Its four business centres provide one-on-one assistance to those starting or growing an early-stage business.

- Toronto cost-shares capital improvement in designated retail business districts and traditional employment areas.
- Toronto's Economic Development team provides specialized business knowledge and information on Toronto's key industry clusters
- Supplementary programs in Streetscape Improvement, Commercial Facade Improvement, Banner and Mural, Commercial Research, and Community Festivals and Special Events are also offered.

 - International Business Development Program
 - Industry Sector Promotion Program
 - Vacant Employment Lands Site Selection
- Public Art Placemaking and Art Exhibition Curation (Non-financial)

Waterloo (City)

- **City of Waterloo's SOLER Initiative (Support Our Local Economic Recovery)** - intended to support our local economic recovery as businesses gradually and strategically reopen with a continued focus on the health and safety of customers and workers.
- **Northdale Community Improvement Plan** - The Northdale Community Improvement Plan is a TIG to encourage green and sustainable investment in the Northdale neighbourhood. The annual grant offsets increase in property taxes while improving properties in the neighbourhood over time.

- **Tax Deferral Application Program for seniors and people with disabilities** - Seniors who receive the Guaranteed Income Supplement and people with who receive support through the Ontario Disability Support program can apply for a property tax deferral. Follows the Region of Waterloo policy document.
- **Uptown sidewalk patios** - Council approved the uptown sidewalk patio project which allows local businesses to apply for patios on sidewalks in the uptown area. This project encourages patio culture in the uptown.
- **Façade Improvement Grant** - To improve appearance of streetscape and buildings, and conserve heritage features. Grants between \$10,000 - \$20,000

Waterloo (Region)

- The Office of Economic Development provides corporate and community-based services including:
 - Smart City initiatives
 - Air Service and Business Development at the Region of Waterloo International Airport
 - Economic Cluster Development Strategies
 - Employment Land Assembly and Site Readiness
 - Land Development Incentives (Brownfields, Development Charges, etc)
 - Economic Development project marketing and branding
 - Waterloo Region Small Business Enterprise Centre
 - Economic Development Data and Market Research Services
 - Facilitating strategic investment opportunities that require Regional approval
- **Industrial Use Strategy**
 - The Region provides a 60% reduction in the development charge for a new industrial building or an enlargement of more than 50% of the gross floor area of an existing industrial building.
- **Revitalization Area Incentives**
 - The Region provides a development charge reduction for development occurring within a core area of the City of Cambridge, provided City of Cambridge also provides the reduction.
 - The Region provides a 50% reduction in the development charge for the portion of an office building that is the third floor or above, having a gross floor area of at least 20,000 sq. ft., and located within an Urban Growth Centre.

Welland

- Welland offers Site Location, Business Facilitation, Venture Niagara, Club 2000 services.
- **Façade Improvement Loan Program**—The loan covers 50% of the eligible improvement costs to a maximum of \$15,000 per municipal address.
- **Downtown Building Improvement Grant Program**—This program provides a financial incentive in the form of a grant to promote interior and exterior maintenance and improvement works to existing commercial, institutional and mixed-use buildings and properties. The program is structured as a matching grant program where the City will provide a grant equal to 50% of the cost of certain types of building maintenance and improvement works, up to a maximum grant of \$12,500 per property/project
- **Residential Grant Program**—The City will provide a grant equal to the cost of rehabilitating existing residential units and/or constructing new residential units on the basis of \$15 per square foot of habitable floor space rehabilitated or constructed, to a maximum grant of \$15,000 per unit, and a maximum of 4 units per property/ project (total maximum grant of \$60,000 per property/project).
- **Residential DC exemptions** in the downtown
- Refunding most planning and building permit fees and parkland dedication fees. Assistance will be 50% for projects other than those creating new residential units and 100% for new residential rentals.
- Interest free loans to pay for conversion of existing commercial space to residential units and the construction of new units on vacant land. The maximum loan amount is to be calculated based on \$10 per square foot of habitable space, with a maximum term of 10 years.
- Tax Increment Grant Program is structured as a “pay-as-you go” program. The owner is expected to initially pay for the entire cost of the project. Then, as the municipality receives the increased property taxes that result from the project, the City will reimburse the owner in the form of an annual grant. The grant is equivalent to 80% of the municipal tax increment (the increase in City and Regional property taxes) that results from the project for up to 10 years or up to the time when total grant payments equal the total eligible program costs.
- Waiving or reduction in residential parking requirements for improvements or change of use to existing buildings and additions or new building construction as set out in the Zoning by-law.

Wellesley

Community Improvement Plan (CIP) for settlement areas outlines a series of improvements and design guidelines for community spaces. The CIP also provides financial incentives (grants) for private property owners and tenant to encourage investments in commercial and mixed-use properties towards revitalization and beautification within the settlement core areas. Financial incentives include:

- façade improvement programs,
- planning and building permit fee grants,
- design study grants,
- property tax increment equivalent program and
- accessibility grants.

[Wellington County](#)

Business Attraction, Retention, and Expansion (BRE):

- **BRE Fund** - The BRE Fund will continue to be offered to local municipalities.
- **Boots on the Ground support** - A core BRE activity is regularly meeting, communicating, and networking with businesses and large employers in each of the communities and helping them connect to resources that are available to them.
- **Collaborate with partner organizations to support small businesses** - Wellington County has a strong network of strategic partners. This includes hosting events, cross-promoting webinars, and other sessional resources, and providing mentorship opportunities.

Business Resources:

- **Business Scale-up and Productivity** - FedDev Ontario is accepting applications for no-interest, repayable contributions from \$500,000 up to \$10 million per project for innovative and globally-oriented businesses seeking to accelerate their growth, commercialize and improve productivity.
- **Rapid Response for Business Development (RRBD) Initiative** - The Grand River Agricultural Society RRBD Initiative will provide up to \$10,000 to support Ontario-based, agriculture, agri-food, agri-products, and clean-tech businesses, as they work with established business connections to advance market opportunities and secure sales for their innovative products, processes, or technologies.
- **Business Resurgence Programme** - Saugeen Economic Development Corporation is offering a FREE consulting programme for local small businesses. There are several consulting options available: Business Bootcamp, Business Profit Optimizer, Business Advisor, Digital Marketing Coach, or a membership with the Excellence in Manufacturing Consortium.
- **RH Accelerator** - Grand River Ag Society (GRAS) and RH Accelerator Inc. announce they will work together and co invest in support of local early-stage innovative companies in the agriculture, food and cleantech industries.

Talent Attraction and Workforce Development

- Ongoing support of workforce development and attraction initiatives with partner organizations, focusing on youth employment, skilled trades, and health care. The County also leads initiatives aimed

at making Wellington County a more welcoming place for newcomers, including the Wellington County Multicultural Festival, and ESL beginner language classes.

Circular Economy

- The County's Smart Cities office provides monitors broadband roll out across the County, facilitates circular initiatives, and connections with businesses and coordinates food access groups across the County.

Experience Wellington

- The County's tourism initiatives support business and regional tourism marketing. Initiatives include tourism business networking and learning workshops, development of Wellington County Signature Cycling Routes, facilitation of tourism experience development grants, creation of brochures, and digital, print, and radio marketing campaigns

Sustainable Agriculture

- **The Experimental Acres Program** provides micro-grants (up to \$3,000) for on-farm trials of regenerative agriculture. Experimental Acres encourages starting small – only use a fraction of land to learn on before scaling up.

Investment Attraction

- The County participates in the Ontario Food Cluster Investment attraction initiative, and responds to investment enquiries, facilitating appropriate connections with local partners to attract new investment to Wellington County

Invest Well

- **Invest READY Incentives** - aims to help prepare properties that have a high potential for development/redevelopment by making them development ready. Financial funding up to 100% of the total value of eligible costs, to a maximum of \$20,000 per project and/or property.
- **Invest MORE Grant** - aims to support a broad range of improvements to existing buildings/properties and contribute to the overall beautification and revitalization of built-up areas. Financial funding up to 50% of the total value of eligible costs, to a maximum of \$20,000 per project and/or property.

Wellington North

Business Retention and Expansion

- Primary focus of our BR+E efforts during the past couple of years of Covid continued to be on the Downtown/Retail Sector. Construction,

- Monthly Wellington Economic Development meeting includes each municipality, Wellington County, OMAFRA, MEDEI, GWLIP, two Community Futures Corporations, Workforce Planning Board, Wellington Federation of Agriculture and Guelph Wellington Business Enterprise Centre.
- Saugeen Connects partnership with Minto, West Grey, Aaran-Elderslie, Brockton, Town of Hanover, and the Saugeen Economic Development Corporation expanded to include South Bruce. Focus includes Youth Entrepreneurship, advancement of women and workforce development/attraction programs.

 - Retail and Office Expansion provides a 100% DC exemption for existing retail commercial and office buildings enlarged by up to 50% of existing Gross Floor Area up to a max of 929m² (10,000 sf) within the Historic Downtown Whitby Priority Area (HDWPA). It also gives a 100% DC exemption for existing retail commercial and office buildings enlarged by up to 50% of existing Gross Floor Area up to a max of 464m² (5,000 sf) outside the HDWPA.

- New Office Development receive a 75% DC exemption for new office development that exceeds 90m² (968 sf) in the HDWPA and a 50% DC exemption for new office development that exceeds 90m² (968 sf) outside of the HDWPA.
- **Tax Increment Equivalent Grant (TIEG)** - This program is used when a property improvement results in an increase of the property's assessed value. The TIEG provides a rebate equal to a portion of the increase in municipal taxes on non-residential development. There is a 45% rebate on the municipal tax increment on a declining basis over a five-year period within the HDWPA for eligible nonresidential (commercial and office) development and redevelopment.
- **Façade Improvement Grant**—This grant provides property owners and tenants of commercial or institutional zoned buildings with financial assistance to enhance and improve the aesthetic quality of their building and property.
 - There is a 50% rebate of the costs of external improvements in the HDWPA, up to \$10,000.
 - Additionally, there is a 50% rebate of the costs of external improvements outside of the HDWPA, up to \$7,500.
 - Finally, there is a 50% rebate for the costs of external improvements of designated heritage properties outside of the HDWPA, up to \$10,000.
- **Sign Grant**—The rebate equals 50% of the cost of signage and associate lighting within the CIPA, equaling up to \$2,000.
- **Interior Heritage Building Grant**—This grant provides owners and tenants of listed or designated heritage buildings an incentive to partially offset the costs of eligible interior building improvements up to \$10,000 in the HDWPA or designated properties outside the HDWPA.
- **Design Grant**—The Design Grant provides additional funding to assist with professional fees associated with the Façade Improvement, Sign and Interior Heritage Building Grant programs up to \$2,000.
- **Brooklin**—The Downtown Brooklin Community Improvement Project Area is centred along Baldwin Street and applies to commercially zoned properties. The Downtown Brooklin CIP includes 2 programs, all of which provide financial incentives to achieve current community goals and priorities located in the boundary:
 - Façade Improvement Grant up to \$5,000;
 - Design Assistance Grant up to \$1,500.

Whitchurch-Stouffville

- **Visitation Program**
- **Rural Development Consultations** – These are used to identify appropriate and realistic ways in which rural areas can participate in the Town's overall economic growth.

- General promotion for both business and tourism attraction. Continuous data collection and revisions to facilitate investment decisions in favour of Whitchurch-Stouffville.
- **Downtown Community Improvement Program** – Aims to revitalize the downtown area restoring the ‘country town’ feel and centrality to the community. The program has been designed to brand the downtown area, and create an atmosphere that encourages the consumer to visit and stay longer in downtown Stouffville.

Windsor

Windsor Works – Economic Development Strategy

- "Windsor Works" is the city's long-term economic development strategy aimed at transforming Windsor into a more resilient, diversified, and future-ready economy. The strategy is built around the L.I.F.T. framework:
 - Location: Leverage Windsor's strategic border location.
 - Infrastructure: Invest in modern infrastructure.
 - Future Economy: Focus on innovation and emerging sectors.
 - Talent: Attract and retain skilled workers.

Strengthen the Core – Downtown Windsor Revitalization

- This initiative focuses on revitalizing the downtown core through:
 - Enhanced financial incentives for property improvements.
 - Increased enforcement for property maintenance.
 - Support for new businesses and residential developments.

Downtown Windsor Community Improvement Plan (CIP)

- This CIP provides grants and incentives to encourage:
 - Conversion of upper-storey spaces into residential units - a grant of \$5,000 for every new residential unit created on the upper storey(s) of an existing mixed-use building, up to a maximum of \$50,000.
 - Development of new residential and mixed-use buildings - offers a grant, whereby property owners will be eligible to receive \$2,500 for every new residential unit, up to a maximum of \$50,000 per property.
 - Retail investment grant - up to 50% of eligible costs for improvements to a maximum amount of \$15,000 per retail unit in a building (maximum two units per property).

- Building/Property improvement tax increment grant - An annual grant equal to 100% of the increase in municipal property taxes for five years, with the possibility of an extension up to a total of ten (10) years, after the project is completed and reassessed.
- Commercial/Mixed use building façade improvements - offers a grant, whereby property owners, tenants and/or assignees will be eligible to receive a grant for 50% of the eligible costs of the facade improvements, up to \$20,000 per property.

City-Wide and Area-Specific Community Improvement Plans (CIPs)

- Windsor has multiple CIPs targeting different areas and development goals, including:
 - Brownfield Redevelopment CIP: Incentivizes cleanup and redevelopment of contaminated sites.
 - Ford City, Sandwich Town, and Olde Riverside CIPs: Focus on revitalizing historic and underutilized neighborhoods.
 - City-Wide CIP: Supports broader economic development and housing initiatives. Offers financial incentives in the form of a tax increment-based grants to new, existing and small businesses for business development grant, business retention and expansion grant, small business investment grant, and development charges grant. Grants may be approved by City Council for up to 100% of the municipal property tax increase created by the project for up to 10 years after project completion.

Housing Solutions for Windsor

- A local housing strategy developed by the City of Windsor and approved by City Council, aimed at addressing the community's housing needs:
 - The plan outlines goals and targeted site identifications—seven key sites were named for redevelopment or enhancement under HSMFW.
 - HSMFW focuses on streamlining housing approvals, upgrading existing stock, and creating new units tailored to various income levels and demographic needs.

Woolwich

- **BR+E Action Plan** – This project is being completed by the Township of Woolwich Economic Development & Tourism Department to help guide business recovery and retention efforts.
- **BIA** – Woolwich has 2 BIA's (Downtown Elmira and St. Jacobs Village) which use promotional activities to advertise and market their respective areas, create special events, and manage beautification programs. The BIA's goal is to help create welcoming places to eat, stay, and shop, as well as, live, work, and invest.
- **CIP** – Downtown Elmira has a Community Improvement Plan (CIP) in place to assist local businesses:

- **Facade Improvements** – Eligible businesses can receive 30% of the amount of the completed project up to a maximum of \$5,000
- **Accessibility Improvements** - Eligible businesses can receive 50% of the amount of the completed project up to a maximum of \$2,500
- **Landscape Improvements** - Eligible businesses can receive 50% of the amount of the completed project up to a maximum of \$2,500
- **Operating Grant** - Non-profit organizations may apply for an operating grant to be used for the delivery of programs and services within the community. Operating Grants may be applied as a one-time grant or multi-year grant for the term of Council.
- **Capital Grant** - Non-profit organizations may apply for a one-time capital grant to be used by the organization to purchase an asset to assist in delivering programs or services within the community.
- **Arts & Culture Grant** - Funding may be awarded to eligible individuals and organizations for initiatives, activities, events, or programs in the community that promote visual and performing arts and cultures.
- **Equity, Diversity, Inclusion and Belonging (EDIB) Grant** - Funding may be awarded to eligible individuals and organizations for initiatives, activities or events in the community that support equity, diversity, inclusion and belonging.
- **Travel Assistance Grant** - Funding may be awarded to individuals or sports teams to assist with expenses for travelling to provincial, national or international competitions. Complete the application form.
- **Special Event Grant** - Funding may be awarded to eligible individuals and organizations for one-time special events taking place within the community.
- **Grants-in-Kind** - Funding may be awarded to eligible individuals and organizations to help offset the cost of any fees or charges that may be levied by the Township for the use of facilities.
- **Business Milestone Awards** – Woolwich recognizes long-standing businesses who have reached significant milestone anniversaries of 25, 50, 75, 100, 125 and 150 years.

York Region

The work of the Economic Strategy Team is guided by the Council approved *2024-2027 Economic Development Action Plan*. York Link website facilitates business expansion and attraction for the Region's nine local municipalities.

- **York Region Innovation Portal** is a centralized online space where resources may be explored for startups, shared office spaces, find job opportunities, discover business events, and other news from the innovation ecosystem in York Region

- **York Small Business Enterprise Centre (YSBEC)** is a one-stop shop to help start and grow businesses. It serves small businesses in the six northern York Region municipalities of Aurora, East Gwillimbury, Georgina, King, Newmarket, and Stouffville. It offers a range of services to help small business succeed including training, business plan development, mentoring (through various programs) and advisory services
- The **York Region Economic Strategy** team offers comprehensive business advisory services across the Region for established companies in strategic growth sectors. This is done in collaboration with local municipalities and external economic development and service delivery partners
- Resources and publications
- Statistics, economic indicators and Information about York Region
- Vacant Employment Lands Inventory
