DAY OF WEEK	SESSION DATES	TIME
Wednesday	Apr 1 - Jun 3	8:00pm to 8:45pm

Lifeguards are trained to prevent accidents, spot potential risks, and intervene before situations become life-threatening. They educate the public about how to be water smart during aquatic activities.

BRONZE STAR

The Lifesaving Society's Bronze Star develops swimming proficiency, lifesaving skills and personal fitness. Candidates refine their stroke mechanics, acquire self-rescue skills, and apply fitness principles in training workouts. Bronze Star is excellent preparation for success in Bronze Medallion and provides a fun introduction to the lifesaving sport.

BRONZE MEDALLION & EFA

Bronze Medallion challenges the candidate mentally and physically. Judgement, knowledge, skill, and fitness – the four components of water rescue – form the basis of Bronze Medallion training.

Candidates acquire the assessment and problem-solving skills needed to make good decisions in, on, and around the water. Bronze Medallion is a prerequisite for assistant lifeguard training in Bronze Cross.

BRONZE CROSS

Bronze Cross begins transitioning from lifesaving to lifeguarding and prepares candidates for responsibilities as assistant lifeguards. Candidates strengthen and expand their lifesaving skills and start applying active surveillance principles and techniques in aquatic facilities. Bronze Cross emphasizes the importance of teamwork and communication in preventing and responding to aquatic emergencies. Bronze Cross is a prerequisite for advanced training in National Lifeguard and leadership certification programs. The same manual will be used for Bronze Medallion and Bronze Cross.

STANDARD FIRST AID (RECERTIFICATION)

Standard First Aid Recertification provides refresher training designed for those who understand first aid legal implications, spinal injuries, heat or cold injuries, bone and joint injuries, chest injuries and medical emergencies. Includes CPR-C certification.

Holders of Standard First Aid certificates from other agencies may not recertify their certificate on a LifeSaving Society recertification course. They may recertify only with the original certifying agency.

STANDARD FIRST AID WITH CPR-C

Standard First Aid provides comprehensive training covering all aspects of first aid and CPR and is designed for those who require a more in-depth understanding of first aid including legal implications of first aid treatment, spinal injuries, heat or cold injuries, bone and joint injuries, chest injuries, and medical emergencies. Includes CPR-C certification. This is the pre-requisite for the National Lifeguarding program and also meets WSIB standards for SFA in the workplace.

NATIONAL LIFEGUARD INSTRUCTOR

This course provides candidates with the skills and resources necessary to successfully teach the National Lifeguard program, while also preparing instructors to apply advanced leadership competencies and strategies designed to train lifeguards. National Lifeguard Instructors are responsible for teaching and evaluating candidates participating in the National Lifeguard option(s) they hold (pool, waterpark, waterfront, and surf).

SWIM INSTRUCTOR

This program equips instructors with the skills to teach and assess fundamental swimming techniques. Participants gain expertise in effective teaching strategies, diverse stroke development exercises, and correction methods.

LIFESAVING SWIM INSTRUCTOR

This course enhances instructional abilities by emphasizing efficient planning and teaching in areas such as candidate instruction, water rescue, first aid and the development of lifesaving skills. Upon successful completion of the course, candidates receive certification as Lifesaving Instructor and Emergency First Aid Instructor.

NATIONAL LIFEGUARD COURSE

This is a comprehensive course aimed at providing participants with the necessary knowledge and skills to become effective lifeguards. Participants will gain a solid understanding of the fundamental principles that guide lifeguarding. Our instructors will emphasize the importance of developing good judgment and responsible attitudes towards lifeguarding. Participants will be trained in essential lifeguarding skills, how to effectively respond to different aquatic emergencies, and the principles and processes involved in making sound decisions during emergencies. This includes assessing the situation, prioritizing actions and evaluating risks. Participants will learn how to evaluate and adapt their lifeguarding skills to different types of emergencies and facilities. This could involve understanding the specific risks and challenges associated with each environment. By the end of the course, participants should have a strong foundation in lifeguarding principles, possess the necessary skills to respond effectively to aquatic emergencies and demonstrate responsible decision-making in their role as lifeguards.

Our Approach to Supporting Youth

The Fusion Youth Centre offers a wide range of activities for youth aged 10-18 inclusive in the Ingersoll and surrounding area. Included in a \$5.00 annual membership fee is access to drop-in programs, recreational spaces and special events.

All programs and services are delivered by competent and well trained staff, each with post-secondary education in a related field such as Recreation & Leisure, Child You Care or a specialized field (for example Audio engineering or graphic design). This allows your child to learn from experienced mentors with valuable experience in the program areas in which your child has in interest. We encourage all youth to try a wide variety of programs (some even out of their comfort zone) to help them discover new skills and interests. Although the variety of programs offered at Fusion is impressive, what is most important is the safety of the youth members while at the Centre. All Fusion staff work together to create an environment that is free of judgment, full of respect and fosters independence and empowerment.

Information for Parents

At Fusion, youth are priority one, but we desire closely with parents as well. We understand that it can be a new experience to allow your children to attend our facility, and you may have questions or concerns. There are several ways for parents to become comfortable and engaged with the programs & services that Fusion provides youth. We host regular open houses, and provide tours on the spot (no appointment necessary), or you can speak to staff or management by calling (519-425-4386) or emailing fusionfrontdesk@ingersoll.ca

At Fusion, one of our objectives is to develop mutually beneficial and meaningful relationships with member's parents and encourage parental involvement. We are currently in the process of developing programs that include parents/guardians. We also plan to create opportunities such as open houses, parent and youth programming, and information sessions. Our hope is that these opportunities will lead to increased parental support, as well as enhanced community relations.
