TELECOM

**EXECULINK TELECOM**

## ABOUT THE BUSINESS

Execulink Telecom is a locally owned telecommunications company proudly serving communities across Southwestern Ontario since 1904. Headquartered in nearby Woodstock, Execulink delivers reliable connectivity solutions that help residents and businesses stay connected to work, home, and community.

Today, Execulink provides a full range of residential and business services, including high-speed Fibre Internet with speeds up to 3 Gbps, customizable Link TV packages, Home Phone services, and flexible Mobility plans. For businesses, Execulink offers complete Internet, Voice, Network, TV, and Mobility solutions designed to keep teams online, reachable, and secure.

## BRINGING FIBRE TO INGERSOLL

Execulink has provided telecommunications services to Ingersoll for more than 25 years, reinforcing its long-standing relationship with the community. In April 2022, the company made a significant investment by beginning construction on a community-wide Fibre Internet network, bringing fast, reliable connectivity to local homes and businesses.

Later that year, Execulink opened its Ingersoll office on King Street, giving residents a convenient place to ask questions, explore services, and receive personalized support from a local team.

Built on advanced fibre optic technology, Execulink's Fibre network offers symmetrical upload and download speeds, consistent performance, and unlimited data, supporting everything from streaming and remote work to running modern businesses.

## LOCAL TEAM, LOCAL SUPPORT

Execulink's Ingersoll office is supported by a dedicated local team — sales agents Mike Whitwam and Mitch Speechley, along with customer service representative Jasmine Chattington — who provide friendly, knowledgeable service and expert guidance.

*By maintaining a local storefront and staff, Execulink ensures customers receive support from people who truly understand the needs of the community they serve.*

## COMMUNITY COMMITMENT

Execulink is proud to be more than a telecommunications provider, they are an active and engaged member of the Ingersoll community. The company supports and sponsors numerous local organizations and events, including:

- Ingersoll Theatre of Performing Arts
- Ingersoll Curling Club
- Fusion Youth Centre
- Ingersoll Festival of Lights
- Soll Good Festival

Their team regularly connects with residents through customer appreciation events, Fibre information sessions, and business lunch & learns hosted at the Ingersoll store. Execulink staff are also familiar faces at community gatherings such as Pizza Fest, the Firefighters' Breakfast, and other Town and Chamber of Commerce events.

Beyond sponsorships, team members volunteer with local charities to support vulnerable residents and strengthen community connections which reflect Execulink's belief that meaningful relationships create lasting impact.

## MILESTONES & INNOVATION

In 2024, Execulink proudly celebrated 120 years of connecting communities across Ontario. From its beginnings as a small local telephone company in 1904 to becoming a leading regional provider of Internet, TV, Phone, and Mobility services, Execulink continues to evolve alongside the communities it serves.

Their investment in Fibre Internet infrastructure ensures Ingersoll remains connected, competitive, and prepared for future growth.

## FUN FACT

**Here's a piece of Execulink history many people may not know: the company once operated a service boat to Chicken Island near Port Franks to maintain connectivity for residents. During the winter months, the boat was even decorated and featured in local Christmas parades — a unique reminder of Execulink's long-standing commitment to serving communities wherever they are.**
